VITAL INFORMATION

MISSION

The College for Creative Studies nurtures the creativity that is vital to the enrichment of modern culture. The College educates visual artists and designers, knowledgeable in varied fields, who will be leaders in creative professions that shape society and advance economic growth. The College fosters students' resolve to pursue excellence, act ethically, embrace their responsibilities as citizens of diverse local and global communities, and learn throughout their lives. The College engages in community service by offering opportunities for artistic enrichment and opening career pathways to talented individuals of all ages.

B.F.A. PROGRAM GOALS

- A high level of technical proficiency in students' chosen media and an in-depth knowledge of their chosen area of specialization.
- Ability to make valid assessments of artistic style and design quality.
- Ability to utilize both intuitive and critical thinking skills in their work and in the evaluation of the work of others.
- Ability to use words to receive and express ideas adequately.
- Ability to recognize, comprehend and apply basic design principles, concepts and terminology in their own work and in the analysis of the work of others.
- Skill in drawing that is sufficient to communicate visually their ideas appropriately for their specialization.
- Broad knowledge of the history of human visual production and its cultural context coupled with an appreciation of the relevance of this history to contemporary practice.
- Basic understanding of other major areas of human achievement, and the thinking which underlies these disciplines.
- A clear understanding of the citizenship responsibilities inherent in their profession.
- Awareness of the necessity of flexibility, and the desirability of continued learning and self-actualization.
- A basic knowledge of technological developments applicable to their chosen disciplines.

ACADEMIC PROGRAMS

CCS offers Bachelor of Fine Arts degrees in 12 majors, certification in art education, and Master of Fine Arts degrees in four areas. In addition, the College offers precollege and continuing studies courses for youth, adults, and high school students.

Bachelor of Fine Arts Degrees

The College offers a BFA degree in Advertising: Copywriting, Advertising: Design, Art Education, Crafts, Entertainment Arts, Fashion Accessories Design, Fine Arts, Graphic Design, Illustration, Interior Design, Photography, Product Design and Transportation Design. The BFA degree requires completion of 126/127 credit hours: 78 in studio areas and 42/43 in general studies courses and 6 in general elective classes. In addition to coursework in their chosen major, first-year students take courses in the Foundation Department, where they study drawing, color theory, and basic design. Students in all majors also take courses in the Liberal Arts Department, designed to provide them with an understanding of the larger social and cultural context in which they live. Typical weekly schedules for full-time students comprise 24 studio hours and six academic hours.

Master of Fine Arts

The College's MFA degrees in color and materials design, interaction design, integrated design and transportation design are terminal degrees that prepare students for leadership in the design industries. The MFA degree programs share core curricula, with variations in technology components, and the focus and content of industry sponsored projects.

The MFA degree requires completion of 60 credit hours and focuses on fostering critical thinking in a design context while keeping contemporary business reality in mind. CCS graduate classes are taught by industry leaders and an internationally recognized roster of visiting designers and artists with experience in design strategy, user-centric research, design execution and presentation, as well as entrepreneurial practices.

Faculty

The College has approximately 353 faculty members who are professionals in their individual fields and bring diverse backgrounds and experience to the classroom.

COMMUNITY ARTS PARTNERSHIPS

The College for Creative Studies (CCS) is committed to making art and design education accessible to the community. The Community Arts Partnerships (CAP) program cultivates collaborations between CCS and metro Detroit community organizations to bring CCS's educational resources to underserved populations. CAP programs are individually crafted, providing unique and effective art and design education and enrichment programs for young people from diverse backgrounds. Each program is solidly based in a strong visual arts curriculum that emphasizes hands-on art making, team teaching and learning through the introduction of new art and design technologies, while inspiring Detroit youth to embrace art in everyday life. CAP regularly employs CCS students as instructors in these community programs, providing young artists the opportunity to engage directly with Detroit communities.

PRECOLLEGE AND CONTINUING STUDIES

The Precollege and Continuing Studies (PCS) program at CCS offers art and design courses for high school students; pre-college programs such as Precollege Summer Experience, Create + Connect; youth programs; adult courses; and Professional Automotive Modeling certificate programs; and professional development programs.

A BRIEF HISTORY

For more than a century, the College for Creative Studies (CCS) has distinguished itself as one of the premier institutions of higher learning in the world. The current College traces its heritage back to 1906 when a group of local civic leaders, inspired by the English Arts and Crafts movement, formed the Detroit Society of Arts and Crafts. The Society's mission was to keep the ideals of beauty and craftsmanship alive in what was rapidly becoming an industrialized world. At their original location on Farmer Street, Society members began teaching informal classes in basic design, drawing and woodcarving. In 1911, they opened a gallery where students as well as prominent modern artists displayed and sold their work.

As Detroit's creative community continued to take root, the Society recognized the need to expand. They moved to a larger location on Watson Street (1916), and 10 years later became one of the first arts and crafts organizations to offer a formal, four-year program in art (1926). Within a year, the Art School of the Detroit Society of Arts and Crafts grew to an enrollment of 280 students.

Much of the school's success was attributed to its close integration of rigorous courses with progression of the art and design movements and world-class, contemporary exhibitions—a tradition that continues to prevail. In addition to hiring talented, local artists and designers, the school sought renowned painters, sculptors and craftspeople from around the world to teach courses. In 1933, the Society's gallery garnered national media attention as one of the first art institutions to recognize the automobile as an art form. This was around the same time that programs in industrial design and commercial art were introduced to the school's curriculum. The school relocated for a third time in 1958 to its current location near the city's cultural center.

The move provided students with more convenient access to the Detroit Institute of Arts' impressive collection. All classes and offices were initially housed in the Arts & Crafts building designed by Minoru Yamasaki.

In 1962, the school officially became a college when the Michigan Department of Education authorized the institution to offer of a Bachelor of Fine Arts in Industrial Design. Eight years later, the College was awarded the right to provide degrees in all of their major programs. The National Association of Schools of Art and Design (NASAD) granted original accreditation in 1972, and the North Central Association of Colleges and Schools (NCA) granted regional accreditation in 1977.

The next four decades brought about several improvements and significant changes to the campus. In 1975, construction of the architectural award-winning Kresge-Ford Building was completed, and the Detroit Society of Arts and Crafts changed its name to the Center for Creative Studies—College of Art and Design. The school acquired an apartment building adjacent to campus (the Art Centre building) in 1988 that serves as the main dormitory on campus and the building that formerly housed Detroit's African American Museum of History in 1997 that was later transformed into the Academic Resource Center (now the Manoogian Visual Resource Center), which contains the Center Galleries and library. A parking structure was added to the campus in 1999, and in the fall of 2001, the college inaugurated the Walter B. Ford II building for design and technology-driven disciplines. The donation to fund this project was the largest ever given to an art college at the time. That year, two historic homes on the northern side of campus were also renovated to accommodate administration and admissions offices.

The year 2001 brought about a milestone critical to the future of the school. Results of a research study led to the Board of Trustees' decision to change the school's name to the College for Creative Studies (CCS) to more clearly communicate its identity as an accredited, degree-granting "college."

The Josephine F. Ford Sculpture Garden was added in the fall of 2005 to provide a gathering place for the campus community, and in 2007, the College renovated another home on historic Ferry Street to house the Institutional Advancement and Human Resources offices. In 2008, CCS embarked on its most significant project to date—a \$145 million redevelopment of the 760,000 sq. ft. historic Argonaut Building (formerly General Motors first research and design studio). Located in Detroit's New Center district (about a mile from the original Walter and Josephine Ford Campus), the building serves as the A. Alfred Taubman Center for Design Education.

The Taubman Center is home to the College's five undergraduate design departments, graduate degree programs in design and transportation design and the Henry Ford Academy: School for Creative Studies, an art and design charter school for middle and high school students. This site has enabled CCS to expand its curriculum to include new areas of the creative industries, improve facilities for all of its departments and connect with the local community through the Detroit Creative Corridor Center. It represents the College's commitment toward accelerating metro Detroit's transition to an innovation-based economy by renewing the infrastructure of an important urban neighborhood; attracting, developing and retaining talent in the creative industries; spurring research in sustainable product development; and creating jobs and new business opportunities. The original Ford campus continues to house arts and crafts disciplines as well as the majority of administrative offices.

The College's legacy has contributed to its recognition as an international leader in art and design education. In 2007, *Bloomberg Business Week* listed CCS among the top design schools in the world. The College now enrolls more than 1,400 students seeking undergraduate degrees across 12 majors and graduate degrees in design and transportation design. CCS also offers non-credit

courses in the visual arts through its Precollege and Continuing Studies programs and annually provides over 4,000 high-risk Detroit youth with art and design education through the Community Arts Partnerships programs.

A century of tradition shaped by some of the most brilliant minds in the world has culminated in a truly unsurpassed institution of higher learning—a community where the creative spirit is free to soar.

ACCREDITATION

The College for Creative Studies is a nonprofit, private, art college authorized by the Michigan Education Department to grant Bachelor's and Master's degrees. CCS is an accredited institutional member of the National Association of Schools of Art and Design and is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools. Documents regarding accreditation are available in the Executive Office upon formal request.

In order to make the accreditation process responsive to a broad range of constituents, the accrediting agencies invite the public to provide written comments about the College's qualifications for re-accreditation. If you wish to make comments, send them by letter or e-mail to the following address:

REQUIREMENTS FOR APPLICATION AND ADMISSION

HOW TO APPLY

1. All applicants complete our free online application here:

www.collegeforcreativestudies.edu/apply.

2. Show Us Your Art Work

All applicants upload their work to Slideroom here: <https://ccs.slideroom.com>. You will be charged a \$10 upload fee, depending on the number of images submitted. See also Art Work/Portfolio Requirements section.

HIGH SCHOOL STUDENTS

- Upload five-to-eight pieces.

TRANSFER STUDENTS

- Upload five-to-eight pieces.
- Studio transfer credit, if applicable, will be determined based on a review of additional work. See also Transfer Applicants section below.

POST-DEGREE ART EDUCATION STUDENTS

- Upload five-to-eight pieces.
- CCS alumni are not required to submit their work.

3. Send us your Transcript(s)

HIGH SCHOOL STUDENTS

- High school transcript indicating a 2.5 cumulative grade point average or GED score higher than 800.
- College transcript(s) if you were dual-enrolled or completed college-level courses.

TRANSFER STUDENTS

- Most-recent college transcript (12+ credits minimum) indicating a 2.5 cumulative grade point average earned.
- High school transcript indicating a 2.5 cumulative grade point average or GED also, if under 12 college credits earned.
- Additional relevant transcripts when transfer credit placement may be applicable.
- Students may transfer in at freshman, sophomore or junior status.
- *See Also: Transfer Applicant section.*

INTERNATIONAL STUDENTS

- Official transcripts must be translated into English by a translation service.
- *See Also: International Applicants section*

POST-DEGREE ART EDUCATION STUDENTS

- We will contact you if we require additional documentation.

HOMESCHOOL STUDENTS

- Home-school transcripts must include a list of courses taken, grades received or level of proficiency attained.
- Minimum 2.5 cumulative grade point average or equivalent required.

- A high school diploma also must be submitted (based on the student state requirements). For Michigan residents, the parents providing the home-schooling will issue the diploma.
- Homeschool students must satisfy all other *High School Student* admissions requirements, admission criteria and guidelines.

4. Send us your Test Scores

HIGH SCHOOL STUDENTS

CCS considers ACT and/or SAT score an indicator of a student's potential to succeed at the college level. Submit your score(s) from either:

- ACT (CCS code: 1989).
- SAT (CCS code: 1035).
- AP or IB test scores if credit placement may be applicable.
- If GED is submitted, the ACT or SAT is not required.

TRANSFER STUDENTS

- No test scores required.
- AP or IB test scores if credit placement may be applicable.

INTERNATIONAL STUDENTS

- TOEFL Score (International Applicants: 71 minimum).
- IELTS Score (5.5 minimum)
- CLEP and International Baccalaureate credits when applicable.

POST-DEGREE ART EDUCATION STUDENTS

- We will contact you if we require additional documentation.

The online application form, transcripts, test scores and art work may be submitted separately.

APPLICATION DEADLINES

Submit all four parts of your application by the following deadlines:

December 1 Early Action To be considered for our highest (up to full tuition) scholarships and early registration

February 1 Priority To be considered for scholarships and early registration

Complete applications will be reviewed on a rolling basis after February 1. All applicants are automatically considered for scholarship.

TRANSFER APPLICANTS

- Official college transcript(s) when transfer credit placement may be applicable or proof of academic success after high school is required. Applicants must have a minimum 2.5 college cumulative grade point average or meet the high school GPA requirements stated for freshman applicants.
- Your file will be evaluated for foundation, liberal arts, studio and elective transfer credit. Acceptance of studio transfer credit and placement within the CCS studio curriculum is based on a review of the portfolio, additional work samples, college transcript(s) and course descriptions.
- Studio credit evaluations may be conducted by department chairpersons. Transfer credit is granted for any subject in which a grade of "C" (2.0) or higher has been earned.
- Students may transfer in at freshman, sophomore or junior status.

INTERNATIONAL APPLICANTS

- All freshman or transfer student application requirements apply to international students, except for the ACT/SAT requirement. In addition, the following requirements apply:
 - Each high school or university/college transcript must be translated into English by a translation service and must include the school's grading scale.
 - A minimum Test of English as a Foreign Language (TOEFL) score of 71, IBT or a minimum International English Language Testing System (IELTS) score of 5.5 is required. The TOEFL code for CCS is 1035.
 - The ACT or SAT may be accepted in place of the TOEFL if the applicant has completed high school in the U.S.
 - Applicants who have completed a minimum of 24 credits at a U.S. college or university are not required to submit the TOEFL test scores.
 - Official certification from a financial institution documenting funds to cover one year's tuition and expenses (\$56,870 for the student and an additional \$13,400 for a spouse and each dependent child who will accompany the student). The actual amount available for studies must be stated in U.S. dollars.
 - I-20 forms are issued after all requirements are met. An I-20 form enables a foreign student to apply for an F-1 student visa.
 - All payments must be made by credit card, check (drawn on U.S. bank) or international money order.

ART WORK/PORTFOLIO REQUIREMENTS

Show us what you've got! One of the first lessons you'll learn about becoming an artist or designer is the value of sharing your work and ideas with others. Show us your original work- we want to see the pieces that best convey your ideas, process and skills.

- Copywriting majors are not required to submit a portfolio. An admissions decision will be based on grade point average and ACT or SAT test scores.

- Your admissions portfolio should demonstrate original thinking and should be a reflection of you and how you view the world. Include examples of work that provide us with an understanding of your interest in, and commitment to, art and/or design. Consider showing how other aspects of culture - i.e. literature, music, film, politics, fashion, etc. - have helped you develop both intellectually and artistically.
- An applicant's portfolio does not need to be geared toward a particular major when applying to CCS. Examples of drawing, drafting, computer aided design (CAD), architectural drawings, floor plans, printmaking, painting, photography, film, video, animation, web design, graphic design, story boarding, creative writing, ceramics, metal and jewelry, fiber and textiles, furniture design, fashion, video games, 2D or 3D design, models, product design, transportation design, sketchbooks, graphic novels and any other form of new media is acceptable.
- If you are applying to any of the following majors who require strong drawing skills, a minimum of 5 drawings from direct observation and/or imagination, using any medium must be included. Major: Entertainment Arts (does not apply to those interested in video), Fine Arts, Illustration or Transportation Design.
- Edit your work. Quality is more important than quantity - 5 great pieces are better than 15 that are inconsistent. Work completed within the last two years is usually the strongest.

CCS offers a college preparatory summer program, Precollege Summer Experience, for high school students to begin preparation for art and design school. Other preparatory courses for students of all ages are available throughout the year. More information on these programs is available from the Precollege and Continuing Studies office or at <http://www.collegeforcreativestudies.edu/academics/ce>.

RESERVING SPACE

How to deposit online and to apply for on-campus housing are included with acceptance letters. Newly admitted students must submit a \$100 deposit in order to be registered for classes. The deposit fee is due: May 1 for fall semester and November 30 for winter semester. Space is available until the enrollment limit of a department is reached. Departmental wait lists are then established. The deposit fee is nonrefundable after May 1st (fall) or November 30th (winter). These deadlines have been established for our incoming students to ensure sufficient time is available for scheduling classes, transferring credits and participating in mandatory new student orientation.

To reserve a space in on-campus housing, you will need to complete the online Housing Application found here: www.collegeforcreativestudies.edu/housing and submit the required payments and fees. Housing is available on a first-come, first-served basis, and often fills by April 1st.

GUEST/NON-MATRICULATED STUDENTS

Students who wish to enroll in specific courses at the College but who do not apply for admission as a degree-seeking student are identified as non-matriculated. Non-matriculated students must meet with the appropriate department chair to obtain permission to enroll. Non-matriculated students may enroll in up to three courses per semester. International guest students must enroll in a minimum of 12 credit hours per semester. Enrollment for non-matriculated students is on a space-available basis and must take place during the Drop/Add period during the first week of the semester.

DUAL ENROLLMENT STUDENTS

Dual enrollment gives high school juniors and seniors the opportunity to study at CCS while in high school. A variety of 100-level foundation courses are available in the fall or winter term at a discounted tuition rate. Dual enrolled students receive tuition assistance through the CCS StART Scholarship, and many students are also eligible for funds from their school district via the State of Michigan School Aid Act. All coursework is tracked on an official CCS transcript and credits can be applied toward a future undergraduate degree at CCS or a college of their choice.

Dual enrolled students are classified as non-matriculating students. As a non-matriculating student, they will not be subjected to the College's academic warning policy; however, they must receive a grade of "C" or better to have the dual enrolled credits transferred for credit to the CCS undergraduate program. High school students interested in dual-enrolling should contact the CCS Precollege and Continuing Studies office 313-664-7456.

READMISSION POLICY

Students returning to College for Creative Studies (CCS) after an absence of more than two consecutive academic years or students who seek readmission after suspension, must complete the Application for Readmission. This application along with a \$50 nonrefundable readmission fee must be submitted to the Academic Advising and Registration Office at least two months prior to the start of the semester the student wishes to attend. Official transcripts with final grades from other institutions attended during the absence from CCS must be included with the readmission application.

Readmitted students must meet the program and graduation requirements in effect at the time of readmission. Studio courses older than seven years at the time of readmission cannot be used toward the degree, except with prior written approval from the department chair and Director of Academic Advising and Registration. The department chair must review and approve studio courses completed prior to the seven-year limit or taken at another college during the absence from CCS. This approval will be based on the student's ability to demonstrate current curriculum proficiency as evidenced by review of a current portfolio. The cumulative grade point average for all readmitted students includes all CCS grades, regardless of how much time elapsed between enrollments.

Students, who have left for mandatory military service, are not required to apply for readmission to the college for up to three academic years from the time of their withdrawal.

Readmission for students in good standing:

Students, who left CCS in good academic standing with a grade point average of 2.0 or higher, must complete the Application for Readmission and attach the \$50 Readmission Fee. Students will be notified via mail when their application has been processed.

Readmission after academic suspension:

Students applying for readmission after academic suspension, must complete the Application for Readmission, attach the \$50 Readmission Fee, and address the problems that led to the academic suspension and put forth the case for their success upon returning to CCS. This information must be provided in the "Student Explanation" section of the Application for Readmission. The Committee on Academic Performance will review appeals for readmission after academic suspension. If approved, the student's academic standing would carry the status of "Continued Academic Warning."

Readmission after suspension related to conduct:

Students applying for readmission after suspension related to conduct, must complete the Application for Readmission, attach the \$50 Readmission Fee, and include any relevant information that will build a case for the student's success upon returning to CCS. This information must be provided in the "Student Explanation" section of the readmission application. The Dean of Students will review appeals for readmission after a conduct suspension.

SCHOLARSHIPS

For information on scholarships, please see the Financial Aid section.

STUDENTS WITH DISABILITIES

The Americans with Disabilities Act in conjunction with section 504 of the Rehabilitation Act are Federal laws that protect people with disabilities, both life-long as well as short-term disabilities. Students identified as having any type of disability are entitled and encouraged to request accommodations. Contact the Disability Advocate at 313.664.7858 to discuss accommodations.

TUITION AND FEES (2016-17)

Tuition:	\$1,315 per credit; \$19,725 per semester for full-time enrollment, 12.0 – 18.0 credits.
Commitment Fee:	\$100 per semester (nonrefundable)
Student Accident Insurance:	\$40 per year
Resource Fee:	\$575 per semester for full-time students (12.0 – 18.0 credits) \$475 per semester for part-time students (6.0 – 11.5 credits) \$240 per semester for less than part-time students (1.0 – 5.5 credits)
Graduation Fee:	\$100 (nonrefundable)
Medical Insurance:	\$1,081 (mandatory for International students, with exception of Canadian border commuter students)
International Student Orientation Fee:	\$200 one time only

2016-2017 MEAL PLAN COSTS:

785 dining dollars each semester - \$725 per semester
1580 dining dollars each semester - \$1450 per semester

2016-2017 HOUSING COSTS:

Taubman Center 3 students per unit - \$2875 per semester*
Taubman Center 4 students per unit - \$2610 per semester*
Art Centre Building 2-3 students per unit - \$2875 per semester
Art Centre Building 4-6 students per unit - \$2610 per semester

*Students in the Taubman Center are required to have a meal plan.

TUITION PAYMENT OPTIONS

The College offers the following tuition payment options:

1. Full payment of tuition and fees at the time of registration (cash, check, money order, credit card [Visa, MasterCard, American Express, Discover]). International students must make payments by credit card, check (drawn on a U.S. bank), international money order or through peerTransfer. Payments may be made on-line (using WebAdvisor), by mail, phone, or in person. International payments made using peerTransfer may go to collegeforcreativestudies.peertransfer.com.

2. Deferred payment of tuition and fees. Students must make a \$100 commitment fee payment at the time of their registration (waivers of this payment are not available). The balance of tuition and fees, less financial aid and scholarships, is due on September 30th for the fall semester and January 31st for the winter semester (see Academic Calendar for specific dates). Tuition bills are sent prior to the due dates. All payments not received by the due date will be assessed a \$25 late fee per billing.
3. Third-party billings: Students who are having a third party (such as an employer) pay their tuition must submit an approved voucher (not an application for approval) to the Business Services Department at the time of their registration. Students are responsible for any portion of their tuition and fees that the third party does not cover.
4. Interest-free monthly payment plan through Tuition Management Systems (TMS). This payment option allows students to divide tuition and other expenses into ten (10) smaller monthly payments, spread over the year for a \$65.00 annual enrollment fee. For additional information and enrollment, please go online to www.afford.com/collegeforcreativestudies.

WITHDRAWAL AND REFUNDS

Refunds of tuition paid for dropped classes follow the schedule below:

- | | |
|--|---------------|
| • Through the 7th business day of classes | 100% refunded |
| • Through the 8th to 10th business day of classes | 80% refunded |
| • Through the 11th to 15th business day of classes | 60% refunded |
| • Through the 16th to 20th business day of classes | 40% refunded |

There is no refund for classes dropped after the 20th business day of classes. Students who have not paid the full tuition and who withdraw from classes are obligated to pay for the dropped classes as follows:

- After the 20th business day of classes, tuition for the dropped classes must be paid in full.
- The Federal Refund policy will apply to those students who receive Title IV financial aid.

FINANCIAL AID

We at CCS believe that financial aid is a way for both the student and the College to simplify the task of getting on with your education. Your college years will be some of the best years of your life. Resolving your financial concerns early will enable you to take full advantage of your experience at CCS. Ninety-five percent of CCS students receive some combination of scholarship, grant, loan and employment assistance.

SCHOLARSHIPS

Scholarship Requirements

CCS awards scholarships based strictly on academic excellence and artistic ability. Scholarships are awarded for the purpose of assisting students with tuition costs. Students receiving tuition assistance from their employers will have their actual tuition scholarship reduced accordingly.

CCS Scholarships

Applicants are automatically considered for scholarship money upon completion of admissions requirements. Awards are based on the portfolio review and academic achievement of the applicant.

CCS Competitive Scholarships

Incoming applicants who complete all parts of the application process by the December 1st Early Action deadline will be reviewed by faculty and the admissions team, for our Walter B. Ford II Award of Excellence (AOE) merit scholarships. AOE scholarships are awarded to applicants who demonstrate a high level of creativity and skill, the potential for success in both studio and academic classes, and interest in fully engaging in the campus community at CCS.

Additional Scholarship Programs at CCS

The following scholarships are available through the College for Creative Studies to eligible students based on the criteria specified by the donor. Criteria set by the donor can include a variety of factors, including major, academic or artistic merit, financial need and ethnicity. Students selected for additional scholarship will be notified in writing.

Students will be notified of scholarship competitions they can apply for through departmental postings and campus email.

NEED-BASED GRANTS AND SCHOLARSHIPS

To qualify for need-based grants and scholarships students must complete the Free Application for Federal Student Aid (FAFSA) as detailed below. Some federal and state funds may require additional application as noted. Grants and scholarships are what is called “gift aid” and do not need to be repaid.

Federal Pell Grant

A federally funded grant of \$598 to \$5,815 per academic year for undergraduate students demonstrating high financial need. Unlike most other kinds of financial aid this grant is available to students attending less than part-time.

Federal Supplemental Educational Opportunity Grant (FSEOG) Program

A federally funded, College-administered grant for undergraduate students demonstrating high financial need. Awards are made to students whose Expected Family Contribution (calculated by the FAFSA) qualifies them to receive federal Pell Grants in that year to the extent of available funds.

CCS Tuition Grant

Institutionally funded need-based grant program. Amounts vary based on need and academic achievement. Awarded to students with qualifying financial need who are not eligible for the federal SEOG Grant or after all SEOG funds have been expended for the academic year.

Michigan Tuition Grant and Michigan Competitive Scholarships

The Michigan Department of Education awards tuition grants and scholarships annually to Michigan residents demonstrating financial need at independent colleges or universities in Michigan. To ensure eligibility students are encouraged to file their FAFSA by March 1st for the coming academic year. Current funding allows for awards of up to \$1830 per year.

Michigan Tuition Incentive Program (TIP)

To qualify for TIP a student must have (or have had) Medicaid coverage for 24 months within a 36-consecutive month period as identified by the Michigan Department of Human Services (DHS).

CCS is a Phase II school so to qualify to use their funding at CCS, students must have completed an associate's degree or have completed 56 transferable credits. Eligible students can receive up to \$500 per semester up to a maximum of \$2000. Qualified students are notified by the state and will need to provide their eligibility letter to the Financial Aid Office.

Michigan Children of Veterans

Funds from the Michigan Children of Veterans Grant is available to children of service members who were killed in action, or died from illness or other service related injury, become permanently disabled as a result of a service related injury or have been listed as MIA (missing in action). Recipients must be between the ages of 16 and 26; have been the natural or adopted child of the service member and have been a Michigan resident for the 12 months prior to application. Recipients can receive up to \$2800 per year up to a maximum of \$11,200. Qualified students are notified by the state and will need to provide their eligibility letter to the Financial Aid Office.

Michigan Fostering Futures Scholarship

FFS provides eligible foster youth with scholarship funds for tuition, fees, room/board, books, and supplies/equipment required for enrollment. The FFS is available to students on a first-come, first-served basis. Current funding allows for awards of \$3000 per year. A separate application is required and is generally due approximately two months before the academic year begins. Visit the website for Michigan Educational Trust for more information.

Michigan Educational Training Voucher

To qualify for the Educational Training Voucher (ETV) applicants must meet Michigan's Foster Youth in Transition (YIT) fund eligibility requirements. Foster youth who were adopted on or after their 16th birthday are also eligible. Qualified applicants are able to utilize the voucher through their 23rd birthdays. Current funding allows for awards of \$2000 per semester. A separate application is required. Visit the Lutheran Social Services of Michigan website for more information.

EMPLOYMENT PROGRAMS

Federal Work-Study Program

The federally funded program provides on-campus jobs for students demonstrating financial need. Awards will be made to eligible students with remaining need to the extent of available funds.

Student Employment Program

The College-funded work program meets campus needs and employs students ineligible under federal or Michigan work-study programs.

LOAN PROGRAMS

Federal Direct Subsidized Student Loan Program

A federally subsidized, need-based loan program. Interest on the subsidized loan is paid by the federal government while the student is in school, provided they stay enrolled at least half-time (6 credits or more at CCS). The amounts received are limited by federal regulation and based on the student's grade level. Repayment begins six months after graduation, upon enrollment of less than half-time or upon withdrawal from the College.

Federal Direct Unsubsidized Student Loan Program

A federal, non-need-based loan program. The amounts received are limited by federal regulation and based on the student's grade level. Repayment begins six months after graduation, upon enrollment of less than half-time or upon withdrawal from the College.

Federal Direct Parent PLUS Loan Program

Loans to parents of dependent students based on credit application. Parent PLUS Loans are generally intended to supplement or to cover remaining costs after grants, scholarships and Direct Subsidized/Unsubsidized student loans are applied. Repayment generally begins within 60 days after the loan is fully disbursed, though parents have the option of requesting that payments be deferred. Visit the Tuition & Financial Aid section of the website for more information.

Alternative Loan Programs

Alternative loan programs are credit-based loans from private lenders. Alternative loans are generally intended to supplement or to cover remaining costs after grants, scholarships and federal loans are applied. Visit the Tuition & Financial Aid section of the website for more information.

ELIGIBILITY REQUIREMENTS FOR NEED-BASED FINANCIAL AID

Eligibility for need-based financial aid is determined by an analysis of family resources for the most recent calendar year to assess a family's ability to contribute to college costs. Adjustments to an application can be made because of a major change in circumstances, such as death, divorce or loss of employment or benefits. See Changes in Financial Need/Special Circumstances below.

To receive need-based financial aid funds through CCS and the federal and state governments, students must:

- Demonstrate financial need
- Be accepted for enrollment in a degree program
- Attend the College on at least a half-time basis
- Maintain Satisfactory Academic Progress (SAP)
- Be a U.S. citizen or permanent resident
- Be registered with Selective Service (or be exempt)
- Not owe a refund on previous Title IV funds received or be in default on any federal student loan

Students enrolled in credit classes through the CCS Continuing and Precollege Studies program are not eligible for financial aid.

APPLICATION PROCEDURES

Students must complete the Free Application for Federal Student Aid (FAFSA) each year to be considered for need-based financial aid. The form is available through the U.S. Department of Education website: www.fafsa.ed.gov.

The recommended filing deadline to ensure eligibility for all programs is March 1st. Note that the FAFSA must be signed by the student and parent (if required) to be considered submitted. The financial aid cycle favors those students who file in a timely fashion and complete the required documentation early. CCS' Title IV school code is 006771.

CCS strongly advises students file the FAFSA by the recommended date even if they are uncertain of their plans for the upcoming year to ensure they can receive funding in all programs they qualify for if they do attend.

Most students are considered a dependent of their parents for purposes of financial aid and will be required to provide their parent's financial information and signature on the FAFSA. To determine if you are considered a dependent of your parents for purposes of financial aid, visit www.fafsa.ed.gov or <https://studentaid.ed.gov/sa/fafsa/filling-out/dependency>.

Verification

In some cases additional documentation may be needed to confirm information provided on the FAFSA is accurate. 30% of all applicants are randomly selected for verification, or you may be selected due to an individual item that needs to be resolved.

Requested documentation must be received before financial aid can be processed and applied to the student's account.

Documentation requests are sent via email to the student's CCS email address. If additional documentation is requested it should be provided to Financial Aid as soon as possible, but no later than six weeks before the end of the enrollment period (approximately November 15th for students enrolled for fall semester or March 25th for winter only students). If you have missed the deadline or have questions, contact the Financial Aid Office to discuss.

Award Notifications

Once the FAFSA is completed and any additional documentation requested has been provided to the Financial Aid Office students will receive a Financial Aid Notification detailing the amounts and types of aid they are eligible for. Incoming students receive paper notification in the mail and are required to complete and return a copy to the Financial Aid Office. Returning students receive email notification their funding has been calculated and are able to view and accept their awards on WebAdvisor.

Required Steps for Federal Subsidized & Unsubsidized Loans

In addition to officially accepting the loans on the award notification letter or WebAdvisor, students borrowing Direct Subsidized and Unsubsidized loan funds at CCS for the first time will be required to complete a Subsidized/Unsubsidized Master Promissory Note and loan entrance counseling before their funds can be processed. These steps should be completed as soon as possible, but no later than one week before the end of the enrollment period. Students must be currently enrolled at least half-time (6 credits) to be eligible for their loans.

Students who initially decline their loans can accept them later as long as they are still enrolled at least half-time (6 credits) and all necessary paper work is completed at least one week before the end of the enrollment period.

CHANGES IN FINANCIAL NEED/SPECIAL CIRCUMSTANCES

In some cases a student and/or their family may experience a loss of income or a significant unavoidable expense that affects their ability to pay their balance or be approved for a loan. Some examples are job loss, disability, divorce, death of a parent or spouse, unusually high medical or dental expenses (not covered by insurance) or loss of untaxed income such as child support or workman's compensation.

CCS will also take in to consideration if a dependent student's parents are paying for other children in the family to attend a private grade or high school or if the parent is enrolled at least half-time in a program that leads to a college degree or certificate.

Students experiencing these types of financial strain should contact the Financial Aid Office to discuss.

DURATION OF AID ELIGIBILITY

Full-time students may receive financial aid for a maximum of six years (12 semesters) of full-time awards. Half-time students are eligible for a maximum of 12 years (24 semesters) of half-time awards. Some federal and state awards may have a lower maximum number of years for both full-time and part-time enrollment. Contact the Office of Financial Aid for more information.

Federal Subsidized and Unsubsidized loans have a maximum or aggregate limit of funds that can be borrowed through the course of a student's education. Students who are considered a dependent of their parents for purposes of financial aid can borrow a maximum of \$31,000 (additional funds that dependent students have received as a result of their parents being denied for the Parent PLUS loan are not included in the dependent aggregate limit). Students who are considered to be independent of their parents for purposes of financial aid can borrow a maximum of \$57,500. For both dependent and independent students no more than \$23,000 of the total loan debt may be in Subsidized loans.

SUPPLEMENTAL LOANS

Students who require funding beyond what grants, scholarships and federal Subsidized/Unsubsidized loans provide may want to consider applying for a supplemental loan to cover the remaining tuition balance and/or costs for indirect expenses like transportation, living expenses or books & supplies.

Parents of dependent students can apply for the federal Parent PLUS Loan on behalf of their students. Students can apply for alternative or private loans. Both PLUS and alternative loans are credit-based and will require a credit check. Most students applying for a private loan will require a credit-worthy co-signer. Additional information can be found on the Financial Aid section of Blackboard.

REFUNDS

Students who borrow or receive aid in excess of the charges owed to CCS will receive a refund check for the overage from the Business Services Office. These funds can and must be used only to pay indirect educational costs, including books & supplies, housing, food, transportation, child care and personal expenses (such as laundry & toiletries).

Loans are disbursed on a schedule determined by a student's grade level and can be affected depending on when a student completed the various forms of paper work required. Assuming all paper work was completed in a timely manner, refunds for juniors and seniors are available the second Friday of the semester, sophomores and returning freshman the third Friday of the semester and first-time freshman the fourth Friday of the semester.

SATISFACTORY ACADEMIC PROGRESS AND FINANCIAL AID

Students who receive financial aid must demonstrate Satisfactory Academic Progress (SAP) as determined by the College for Creative Studies in accordance with federal regulations. Financial aid recipients are required to be in good academic standing and to maintain SAP toward their degree requirements for each semester in which they are enrolled.

The standards of Satisfactory Academic Progress (SAP) measure a student's academic progress using both qualitative and quantitative measurements. These measurements include a cumulative Grade Point Average (GPA) requirement, a Course Completion Rate requirement, and a Maximum Timeframe requirement. The standards apply to all federal and state financial aid programs administered by the College's Office of Financial Aid.

SAP is evaluated at the end of each term (Fall, Winter, and Summer). Federal regulations require the College to evaluate all students for SAP regardless of whether or not they receive financial aid. SAP is evaluated based on the student's cumulative academic record.

Students who do not meet SAP standards will be placed on academic warning for one semester. Students are eligible to receive financial aid during the academic warning semester. If at the end

of that semester both markers of SAP have not been achieved the student will be suspended and any future financial aid disbursements terminated.

GRADE POINT AVERAGE (GPA)

At the end of each semester, a student's cumulative grade point average is calculated. He or she must have a minimum cumulative grade point average of 2.0 to achieve SAP.

If a student has less than a cumulative 2.0 GPA, he or she is placed on academic warning for a period of one semester. If the student fails to achieve a 2.0 cumulative grade point average at the end of the academic warning semester, or is placed on academic warning for any other reason, he or she is suspended from the College. During the academic warning semester, a student can receive financial aid.

GRADE POINT AVERAGE (GPA) REQUIREMENT FOR ART EDUCATION MAJORS

In the Art Education program it is the student's responsibility to maintain a cumulative grade point average of 2.50. Additionally, teacher candidates must maintain a cumulative grade point average of 2.70 in Art Education courses. Only grades of "C" or better will be accepted in required art education courses. If a student receives a grade of "C-" or below they must retake the course to obtain a grade of "C" or better. The higher grade is always recorded. The Student Success Center is available for all students seeking assistance with any course content.

REQUIRED COURSE COMPLETION RATE

Required course completion rate also determines SAP. Students must complete their academic program within 150% of the published length of the program. To meet this requirement, students must successfully complete, with a grade of D- or better, at least two-thirds of attempted cumulative credit hours. Examples are as follows:

Credits Attempted	Must Complete
6	4
12	8
15	10
18	12
66	44
100	67
126	84

MAXIMUM TIMEFRAME (MTF)

Federal regulations require that a student must complete his or her educational program within a Maximum Timeframe (MTF) no longer than 150% of the published length of the educational program measured in academic years, terms or credit hours attempted.

Example: Undergraduate Student

If an undergraduate student is enrolled in an academic program that requires 127 credit hours for graduation, he or she would be allowed a maximum of 191 (127 x 150%) attempted credits in order to obtain his/her degree.

Example: Undergraduate Art Education Student

If an undergraduate Art Education student is enrolled in an academic program that requires 148 credit hours for graduation, he or she would be allowed a maximum of 222 (148 x 150%) attempted credits in order to obtain his/her degree.

TRANSFER CREDITS

Courses that are transferred from another institution and accepted toward an academic degree program at the College (at the time of SAP Review) count as attempted and completed hours for

Completion Rate and Maximum Timeframe (MTF). The GPA is determined only with courses taken in residence at the College.

GRADE CHANGES

Students who have a grade change or incomplete grade changed after SAP has already been processed for any semester must notify Academic Advising and Registration of the change. At that time SAP will be recalculated to determine if the SAP status needs to be modified and the Office of Academic Advising and Registration will notify the Office of Financial Aid.

CHANGE OF MAJOR/DEGREE

If a student decides to change majors, all classes already taken will count in the maximum timeframe SAP evaluation. It is possible a change of major could impact your SAP standing.

SECOND DEGREE

If you are obtaining a second degree, you will need to have a degree audit performed to determine your new SAP standing. This will allow Financial Aid to create a new Maximum Timeframe.

GRADES

Successful completion of attempted courses is required for SAP. Therefore, grades of A through D- are acceptable unless otherwise specified. Courses for which these grades are received will be used to establish your cumulative Grade Point Average (GPA) and Course Completion Rate.

Grades of F (failing), I (incomplete), W or WN (withdraw) are not acceptable. Courses for which these grades are received will not be counted as a successfully completed course, thus also lowering your Course Completion Rate and cumulative GPA.

DROPPING CLASSES (after the Add/Drop period)

Courses for which a student is enrolled at the conclusion of the Add/Drop period will be used to determine attempted courses for the Course Completion Rate. Therefore, if it is necessary to adjust one's class schedule, it is best to do so during the Add/Drop period of the semester. Courses that are dropped after conclusion of the Add/Drop period will show a recorded grade of W or WN. This will be counted as an unsuccessfully completed course, thus lowering your completion rate.

COMPLETE WITHDRAWALS

When a withdrawal occurs (cancellation of all courses for which a student was enrolled at conclusion of the Add/Drop period of a semester), there are no successfully completed courses for the semester. This will lower your Course Completion Rate and can result in suspension and/or loss of financial aid eligibility if you already had a low course completion rate or there are consecutive withdrawals over a number of semesters.

See the Complete/Unofficial Withdrawals and Financial Aid section for information on how financial aid is calculated for withdrawals.

REPEATED COURSES

When a successfully completed course is repeated, the previous enrollment is deducted from the calculation of successfully completed courses; therefore, this will lower your Course Completion Rate. Only the last grade received is counted in the cumulative GPA.

Per the Federal Student Aid handbook, students may repeat a course as many times as necessary to receive a passing grade and receive federal funding for that course. The federal definition of a passing grade is anything above an F.

Once the student has taken the course and received a grade above failing (anything above an F), the student may repeat the course only one additional time to try to earn a higher grade and receive federal financial aid funds. Any subsequent repeats of that course cannot be covered by federal financial aid funds. CCS does have some required courses that require at least a C grade per College policy. The College policy does not affect federal eligibility, so the student may still only retake this course once after receiving a grade above an F and receive federal funding.

EXAMPLE: A student has taken a course requiring a C grade and received above an F but less than a C. The student takes the course a second time but again earns less than a C. The student must continue to retake the course to pass it per CCS policy but is no longer eligible for federal financial aid for that course. If the student subsequently enrolls for 12 credits, including the course they are having to repeat, only 9 of those credits are eligible for federal financial aid. Institutional aid is not affected and can still be processed at the full-time amount. Students who are enrolled for 15 credits are not affected since they will still have 12 eligible credits and would still be considered full-time.

FAILURE TO MEET SAP

If a student does not complete two-thirds of the cumulative credit hours attempted to date, he or she will be placed on academic warning for a period of one semester. If the student fails to raise the completion rate to two-thirds at the end of the academic warning semester, or is placed on academic warning for any other reason, he or she is suspended from the College. During the academic warning semester, a student can receive financial aid.

ACADEMIC WARNING POLICY

Students who fail to (1) meet the 2.0 cumulative grade point average requirement or (2) meet the course completion requirement, are placed on academic warning for one semester. Students on academic warning will be restricted to 12 credit hours of course load and will be required to follow an academic success plan. Students who do not exit academic warning status at the end of the subsequent semester will be suspended.

APPEAL PROCESS

Students suspended from the College may apply for readmission by following the policy for Readmission After Academic Suspension.

APPEAL APPROVED

A student who appeals the status of suspension and whose appeal is granted will be placed on Continued Academic Warning (Financial Aid Probation). This status is limited to one semester only. At the end of that semester, a student on Continued Academic Warning (Financial Aid Probation) will have his/her academic progress reviewed and must be meeting the SAP standards. If a student fails to meet these standards, the student loses financial aid eligibility and is returned to the status of suspension.

RE-ESTABLISHING SAP

If an appeal is denied, a student may regain eligibility by successfully completing 12 credit hours with grades of "C" or higher. These credits may be completed at CCS or at another institution and must be documented on an official transcript. If a student decides to enroll at another institution to complete the 12 credits, it is suggested that the student consult with his/her academic advisor.

PART-TIME AID

Financial aid is initially awarded based on full-time enrollment. Each semester the enrollment status of every student is reviewed to determine if their aid should be pro-rated due to less than full-time status. Aid continues to be adjusted as students add and drop classes until 100%

charges apply each semester (see the academic calendar for exact dates). Most federal, state and institutional grants and scholarships are pro-rated utilizing the following formula:

11.5 – 9.0 credits – reduced to 75%
8.5 – 6.0 credits – reduced to 50%
Less than 6.0 credits – reduced to 0% (excepting Pell grants – see below)

Scholarships from outside entities are not prorated unless required by the donor. Loans do not change unless requested by the student or unless the maximum budget for the enrollment level is exceeded.

Please note that students must be at least half-time (6 credits) until 100% charges apply to receive most kinds of aid, including most kinds of loans (alternative loan borrowers should check with their lender). Federal Pell grants are an exception and can be received at a pro-rated amount of 25% to students with a qualifying Expected Family Contribution (EFC) on their FAFSA.

Contact the Financial Aid Office if you are considering attending part-time and would like a breakdown of charges and financial aid.

COMPLETE & UNOFFICIAL WITHDRAWALS AND FINANCIAL AID

Students who completely withdraw from the college or stop participating in their courses may require adjustments to their federal Title IV aid (Pell grants, SEOG, Subsidized/Unsubsidized loans & PLUS loans) even after 100% charges apply each semester. Per federal regulation, students are not considered to have fully earned their federal financial aid unless they have completed at least 60% of the semester.

If the student withdraws, or it is determined from attendance rosters they stopped attending all courses before the 60% point, a calculation is done to determine how much of their federal aid has been earned. Any unearned aid must be returned to the Department of Education.

The date of withdrawal will be calculated based on the last date of attendance or the last day an academically related activity was completed, even if the official withdrawal process is completed. If you are considering a Complete Withdrawal, please contact the Financial Aid Office for an estimate of your final balance.

As with any other funds owed, students will be responsible for any resulting balance if funds must be returned to the federal government.

See below for more information on the regulations regarding the Return of Title IV Funds.

Return of Title IV Funds

This policy applies to students who are eligible for Title IV funds and withdraw prior to the 60 percent period (described below). This determines a student's amount of Title IV funds earned for said period.

1. The term "Title IV Funds" refers to federal financial aid programs authorized under the Higher Education Act of 1965 (as amended) and includes the following programs at the College for Creative Studies: Federal Direct Unsubsidized Loans, Federal Direct Subsidized Loans, Direct PLUS Loans, Federal Pell Grants and Federal SEOG.
2. A student's withdrawal date is the date the student began the institution's withdrawal process or officially notified the institution of intent to withdraw or the midpoint of the period

for a student who leaves without notifying the institution, or the student's last date of attendance at a documented academically related activity.

3. Title IV aid is earned in a prorated manner based on calendar days, including weekends (and holidays no longer than five consecutive days), up to the 60 percent point in the semester, after which point Title IV aid is viewed as 100 percent earned. A copy of the worksheet used for this calculation can be requested from the Office of Financial Aid.
4. In accordance with federal regulations, when it is determined that the return of Title IV funds is required, they shall be returned in the following order: Direct Unsubsidized Loans, Direct Subsidized Loan, Direct PLUS Loans, Pell Grant, FSEOG, other Title IV funds.
5. The College for Creative Studies is responsible for providing each student with the information given in this policy, identifying students who are affected by this policy and completing the Return of Title IV funds calculation for said students.
6. The student is responsible for returning any Title IV funds that were disbursed directly to the student and which the student was determined to be ineligible for via the Return of Title IV Funds calculation.

The policy listed above supersedes those published previously and is subject to change at any time. Any notification of a withdrawal or cancellation and request for a refund should be in writing and addressed to the appropriate institutional office.

SUMMER AID

In many cases students have little or no remaining aid federal eligibility for summer because it has been fully utilized during the fall and winter semesters. In addition, financial aid from CCS and the State of Michigan is not available during the summer. Understanding the financial limitations that students wishing to take summer classes will face, the College offers summer classes at a reduced tuition rate.

Students who did not attend full-time during the fall and winter semesters may have some remaining Federal Pell grant or Subsidized/Unsubsidized loan eligibility for summer. In addition, students may be eligible to borrow additional PLUS or alternative loans funds. To borrow federal loan funds, students must be enrolled at least half-time. Some alternative loans also require half-time enrollment.

Contact the Financial Aid Office for more information.

DRUG CONVICTIONS & FINANCIAL AID ELIGIBILITY

Loss of Eligibility

According to federal regulations, students convicted of a drug offense that occurred during a period of enrollment while they were receiving Title IV Federal Financial Aid may lose eligibility for Federal Aid.

Federal Aid includes:

- Federal Pell and SEOG Grants
- Federal Work Study
- Federal Direct Subsidized/Unsubsidized Loan
- Federal Direct PLUS Loan

If a student answers 'Yes' to question 31 on the FAFSA, they will be sent a worksheet by the federal processing center in order to determine if the conviction affects eligibility for aid. Should the Financial Aid Office be notified that a student has been convicted of sale or possession of illegal drugs, the financial assistance will be suspended immediately.

If a conviction was reversed, set aside, or removed from the student's record it does not count. Convictions occurring during periods of non-enrollment do not count. In addition, any conviction received as a juvenile does not count, unless the student was tried as an adult.

The period of ineligibility is dependent upon the type of conviction (sale or possession) and if there were previous offenses.

Possession of Illegal Drugs

- 1st Offense – 1 year from date of conviction
- 2nd Offense – 2 years from date of conviction
- 3rd Offense – Indefinite period

Sale of Illegal Drugs

- 1st Offense – 2 years from date of conviction
- 2nd Offense – Indefinite period

If the student was convicted of both selling and possessing drugs they will be ineligible for the longer period.

Regaining Eligibility

The student may regain eligibility:

- The day after the period of ineligibility ends,
- When they successfully complete a qualified drug rehabilitation program or,
- If the student passes two unannounced drug tests given by a qualified rehabilitation program

Additional drug convictions will make the student ineligible for federal aid again.

It is the student's responsibility to certify to the school that they have successfully completed the rehabilitation program.

Students denied eligibility for an indefinite period can regain it after:

- Successfully completing a rehabilitation program as described below,
- Passing two unannounced drug tests from such a program, or
- If a conviction is reversed, set aside, or removed from the student's record so that fewer than two convictions for sale or three convictions for possession remain on the record. In such cases, the nature and dates of the remaining convictions determine when the student regains eligibility.

Qualified Drug Rehabilitation Program

A qualified drug rehabilitation program must include at least two unannounced drug tests and must satisfy at least one of the following requirements:

- Be qualified to receive funds directly from a federal, state or local government.
- Be qualified to receive payment directly or indirectly from a federal or state-licensed insurance company.
- Be administered or recognized by a federal, state, or local government agency or court.
- Be administered or recognized by a federally or state-licensed hospital, health clinic or medical doctor.

STUDENT AFFAIRS

OFFICE OF STUDENT AFFAIRS

The Office of Student Affairs is your home for all things student related. The ultimate goal of the office is to enrich the lives and learning of all CCS students. The office features Residence Life, First Year Experience, New Student Orientation, Wellness Center and Personal Counseling, Student Health Insurance, Judicial Affairs, the Student Ombudsman, Student Activities and Organizations, Graduation, and above all, student support.

Staff members assist students in becoming involved in campus life, conduct leadership development programs, provide continuity for organizations from year to year, assist with managing organizational finances, educate students about College policies, mediate disputes, advise student event planners, problem solve, and generally help students through the challenges of being a student.

We work with clubs and organizations that were founded and created by students to serve the interests of CCS's most active and enthusiastic students. In addition to the clubs and organizations, we offer you opportunities to develop your leadership skills, participate in community service projects, and get involved in events such as Geek Week and the Century Ball. Students will find an endless amount of opportunities to complement their in-classroom learning with extracurricular hands-on experiences as well as meet new friends and socialize with a diverse group of students. All you need to do to get involved is show up!

RESIDENCE LIFE

Student housing is provided in the Art Centre Building (ACB), an apartment style residence hall, and within the Taubman Center (TC), a traditional suite style residence hall. Students are housed in the ACB in either 3-person or 4-or-more-person suites. All suites are furnished with basic accommodations. Each suite has a full kitchen where residents can prepare their own meals. Students are housed in the TC in 3-4 person units which have private bathrooms.

Resident Assistants are students who live in student housing and act as peer counselors and advisors. They develop programs for student living on campus and are a source of help and support for residential students. The residential life staff is present to assist students in making the transition to student housing and are also available to help them succeed academically.

HOUSING FEES FOR 2016-2017 ARE:

Taubman Center 3 students per unit - \$2875 per semester*
Taubman Center 4 students per unit - \$2610 per semester*
Art Centre Building 2-3 students per unit - \$2875 per semester
Art Centre Building 4-6 students per unit - \$2610 per semester

*Students in the Taubman Center are required to have a meal plan.

Housing fees include all utilities. The cost of food and cable TV are the responsibility of individual residents.

In order to apply for a space in [Student Housing](#) for the academic year, a new student must submit a completed housing application with a \$200 housing application deposit and a \$300 first payment to the Housing Office. Applications are available online at <https://ccshousing.roomchoice.com/home>. All on-campus residents are required to have proof of health insurance.

Application deposits are held in escrow during the time a student resides in student housing. Cleaning, damage, lost keys and late fees are charged against the housing deposit, and the balance is refunded in August following the end of the semester in which a student moves out of student housing. The deposit will be refunded in full in the event a student cannot be accommodated.

MEAL PLANS

Taubman Center residents are required to purchase a meal plan. ACB residents and commuter students may choose to purchase a meal plan.

2016-2017 MEAL PLAN COSTS:

785 dining dollars each semester - \$725 per semester
1580 dining dollars each semester - \$1450 per semester

HEALTH SERVICES AND INSURANCE

A Nurse Practitioner is available to see students three days a week on campus. This service is covered by the Resource Fee that each student is charged. If the Nurse is not available, students can seek immediate medical attention from either the Detroit Medical Center, located one mile south of CCS or the Henry Ford Health System, located one mile west of CCS.

All registered non-matriculating and degree-seeking students are automatically enrolled in the College's accident insurance as part of the registration process. This insurance plan is active from the beginning of the semester in which the student is registered. Students who enroll in the fall semester pay a rate of \$40 and are covered for the fall, winter and summer semesters. Students enrolling in the winter semester pay a discounted rate of \$31 and are covered for the winter and summer semesters. Students who enroll in the summer semester pay a discounted rate of \$11 and are covered for the summer semester. This insurance provides 24-hour-a-day coverage for accidents that occur on and off campus. The College assumes no responsibility for student medical or hospital expenses. The policy is required for enrollment at CCS, whether or not a student has other coverage.

All students are urged to carry medical hospitalization insurance. The College offers voluntary sickness and major medical insurance to students, their spouses and dependents at their cost. International students are automatically enrolled in this policy.

NEW STUDENT ORIENTATION

New Student Orientation is a two day program where students learn about campus and local resources, CCS regulations and requirements, and spend time with their academic department and First Year Experience class.

PERSONAL COUNSELING

The CCS Wellness Center is dedicated to promoting the well-being of the whole student and the whole campus through the use of innovative, creative, accessible and impactful wellness initiatives. The Wellness Center offers personal counseling, health services, group support, workshops and various student-oriented activities aimed at building and fostering community and inclusion.

COUNSELING SERVICES

Counseling Services at the College for Creative Studies, staffed by graduate-degree, licensed clinicians, assists students in meeting their emotional, psychological, and mental health needs and contributes to a campus environment that facilitates the healthy growth and development of students. Both individual and group support services are available covering a variety of topics and presenting issues.

Health Services offered through the CCS Wellness Center are staffed by Board Certified Nurse Practitioners. Health Services can provide basic medical care for minor illness and injuries as well as referrals for more specialized or urgent care when needed.

Wellness Services are offered throughout the year to students and include yoga, various topic-specific workshops and student-oriented activities and programming.

All services provided by the Wellness Center are free and available to currently enrolled, full or part-time students during the academic year.

To make an appointment contact the Wellness Center at 313.664.7852 or the Office of Student Affairs at 313.664.7879. You may also email us at: counseling@collegeforcreativestudies.edu.

JUDICIAL AFFAIRS

This judicial system applies to all conduct that occurs on CCS property (all land, buildings, facilities or other property in the possession of or owned, used or controlled by CCS, including adjacent streets and sidewalks) and to conduct that occurs elsewhere during the course of a CCS function. Actions not committed on CCS property may also be subject to judicial action if the offense adversely affects CCS and/or the pursuit of its objectives. A complete description of student rights, responsibilities and guidelines is contained in the CCS Code of Student Conduct, which can be viewed online at: www.bb.collegeforcreativestudies.edu – Campus Offices – Student Affairs – Code of Student Conduct.

POLICY ON SEXUAL HARASSMENT AND SEXUAL ASSAULT

The College for Creative Studies subscribes to the principle of equal opportunity in its employment, admissions and educational practices and strives to provide an educational environment and workplace free from unlawful harassment or discrimination. Discrimination, including harassment, because of age, race, color, national origin, religion, sex, sexual orientation, marital status, disability or any other characteristic protected by law is strictly prohibited. This policy specifically addresses the prohibition of sexual misconduct, including sexual harassment, gender-based harassment, sexual assault, sexual exploitation, stalking, and domestic violence. Sexual misconduct represents a serious breach of the College's commitment to fostering a positive educational and working environment. An individual who violates this policy may also be subject to criminal prosecution and civil litigation in addition to College disciplinary procedures.

The full Policy on Sexual Harassment and Sexual Assault can be found on Blackboard in the Student Affairs office section or in the Annual Security Report. The full policy includes full definitions for the policy, hearing procedures, the scope of the policy, and all additional related information. Questions regarding the Sexual Harassment and Sexual Assault policy should be directed to Michael Coleman, Title IX Coordinator, at mcoleman@collegeforcreativestudies.edu.

STUDENT OMBUDSMAN

The Student Ombudsman position was created to provide students a consistent, centralized point of contact for questions, concerns and/or problems they may be experiencing on campus. The

position is not intended to eliminate standard office and academic procedures elsewhere on campus, more to provide a supplemental resource for students. The Student Ombudsman's primary role is to ensure that policies are enforced fairly and that students are fully informed of what is being done and why.

STUDENT ACTIVITIES AND ORGANIZATIONS

Student activities provide opportunities for students to take a break from the academics at CCS by having some fun, exploring new ideas, attending events that stretch their minds and challenge their understanding of the world. Activities are funded through a portion of the Resource Fee. Activities are driven by the students' desires and have ranged from yoga classes and free massages to traveling side shows and rock climbing.

The main student organization is Student Government. It is made up of two elected representatives from each major. Meetings are held every week of the fall and winter semesters and are open to all students. Student Government is funded by receiving a portion of the Resource Fee and organizes/sponsors several special events during the year; funds student initiated projects and provides funding for student professional development.

STUDENTS WITH DISABILITIES

The Americans with Disabilities Act in conjunction with section 504 of the Rehabilitation Act are Federal laws that protect people with disabilities, both life-long as well as short-term disabilities. Students identified as having any type of disability are entitled and encouraged to request accommodations.

Reasonable accommodations may be made for students with disabilities. It is the responsibility of each student with a disability to identify their disability and follow the appropriate procedures if they are making any requests for accommodations. Students with a disability should provide CCS with documentation of their disability before any accommodations can be provided. The sooner CCS is notified of accommodation requests by a student, the sooner CCS can begin working to ensure all necessary accommodations are in place.

ADA REQUEST FOR ACCOMODATIONS PROCESS

Students should:

- Contact the Student Disability Advocate at 313-664-7858 to set up a meeting to discuss accommodations.
- Submit official documentation substantiating the disability. Regardless how obvious a disability may be, official documentation is needed.

CCS will then:

- Review requests for accommodations.
- Take appropriate measures to make approved accommodations.

Information disclosed to CCS regarding disabilities will not be shared with anyone, except CCS personnel who need to know based on the accommodations being requested. Disclosure will be determined on an individual basis and the student will be notified prior to the dissemination of any information. All students are encouraged to self-disclose their disabilities which they feel may affect their academic work before the start of each term. Retroactive accommodations cannot be made for students disclosing after an assignment and/or exam.

Questions can be directed to the Disability Advocate at 313-664-7858.

STUDENT AFFAIRS PROGRAMS

FIRST YEAR EXPERIENCE POLICY

The First Year Experience is a comprehensive transitional 1 credit hour course that begins the week prior to classes and continues throughout the first semester. It explores topics and issues that are pertinent to the success of students at CCS as well as building social interaction with faculty, staff and upper class students.

Passing this course is required for all freshmen (excluding transfer students with more than 12 transferable credit hours from an accredited U.S. institution) in order to move on to sophomore level classes.

SLP 007 CCS FIRST YEAR EXPERIENCE COURSE DESCRIPTION

The First Year Experience course is designed to acclimate new CCS students to campus culture, academic expectations and life as a college student. The course strives to equip new students with the skills needed to be successful students and artists/designers while providing the support needed to meet the challenges set before them by CCS. Students will be required to participate in a group research project and community service project and other assignments. Topics for this course will include career exploration, transitioning into college life, Blackboard skills, technology on campus, presentation skills, and community service. The course will also strive to assess student strengths and weaknesses relative to college success and to act as a support system for new CCS students.

GRADUATION

Graduation is the culmination of a student's academic career and a celebration of their accomplishments at CCS. Graduation also represents the formal transition from student to professional. December Graduation is held at the A. Alfred Taubman Center in the GM Auditorium. May Graduation is held at the Detroit Opera House and a Commencement Reception takes place at the Taubman Center immediately following the ceremony featuring a preview of the Student Exhibition.

COLLEGE LIABILITY

The College assumes no responsibility for the loss of or damage to student property. While the College exercises great care with regard to the safety of students working in studios and shops, it cannot be responsible for injuries that may occur. Students found damaging the work of other students are subject to disciplinary measures up to and including dismissal from the College.

ACADEMIC ADVISING AND REGISTRATION

ACADEMIC ADVISING AND REGISTRATION OFFICE

The College for Creative Studies believes that academic advising is a developmental process that assists students in the clarification of life, education and career goals. The Academic Advisors assist students in the development of educational plans and provide direction to help them achieve their goals.

The Academic Advising and Registration Office provides a variety of services including assistance with course selection, student registration, guidance and assistance with registration forms and procedures, referrals to the Student Success Center, providing course equivalency guides for local colleges, resolution of transfer credit issues, documenting student absences, and processing AICAD Exchange Program applications. Students are strongly encouraged to meet with their assigned Academic Advisor each semester to ensure that they are taking the required courses for graduation as they strive to attain their personal and educational goals.

Academic Advisors are responsible for ensuring that students are making satisfactory progress toward their degree. The Academic Advisors annually review the Academic Evaluations of all students. Students who are identified as not making satisfactory progress toward their degree will receive a letter from the Academic Advising and Registration Office indicating that an “advising hold” has been placed on their record and that they must make an appointment with their assigned advisor to address the issue(s). Students with an “advising hold” will not be allowed to register for the upcoming semester until the issue(s) have been resolved. Some incoming students may have a hold placed on their record to ensure proper course selection for the following semester.

Incoming students are sent first semester schedules from their advisor in the Academic Advising and Registration Office. New students are asked to confirm their academic schedule online or may work with their academic advisor for schedule adjustments. New and returning students may register in person or via the online WebAdvisor system. WebAdvisor allows enrolled students to check grades, search for classes, register online, add or drop classes, pay tuition online and obtain course information such as syllabi and assignments. Enrolled students must obtain a password from Information Technology Services before using this system.

STEPS TO COMPLETE REGISTRATION IN PERSON:

1. Complete a Registration Form obtained in the Academic Advising and Registration office. Include your name, all addresses, course selections (including alternate courses) and meet with your academic advisor at your scheduled time, or after, but no later than the deadline to register.
 - a. **Restricted courses.** Students who intend to register for a course that is restricted to a particular major or class level (for example, Crafts only or juniors only) and who are not in that department or at the required class level must have the department chair or administrator complete and sign the Registration Permission Form and submit it to the Academic Advising and Registration Office.
 - b. **Internships or Independent Study.** Students who intend to register for an Internship or Independent Study must submit those completed and signed forms along with the registration form by the deadline to register for the semester. Late registration for Internships or Independent Study is not permitted and will not be accepted. *See Independent Study guidelines following registration steps. Internships must be approved and set up through Career Services for registration/credit. Contact Career Services for guidelines or visit Blackboard to view the Career Services page.*
 - c. **AICAD Exchange or Study Abroad.** Students pursuing the AICAD Exchange program may contact the Academic Advising and Registration Office for assistance for details. Students pursuing Study Abroad may contact International Student Services. Students must apply by the deadline and be accepted for AICAD Exchange or Study Abroad. AICAD Exchange students must pay the \$100 commitment fee and register for AICAD Exchange by taking the gold Registration Form to the Academic Advising and Registration Office by the deadline to register for the semester. Please see your departmental course listings for the correct course code (for example, DFA 505).

STEPS TO COMPLETE REGISTRATION ONLINE

1. If you do not already have one, obtain a user id and password from Information Technology Services, located on the lower level of the Yamasaki building. You will need a photo ID to

receive this information.

2. Go to blackboard through your internet browser: <http://www.bb.collegeforcreativestudies.edu>. To access WebAdvisor for registration, look on the My CCS homepage under "Quick Links".
3. Select the WebAdvisor Icon  or click the "log-in to WebAdvisor now" link. You may be required to login again. If so, login and then click on "Students". A new page will appear with options for registration. Under "Registration" select "Register for Sections" to view and select courses for the semester. **DO NOT SELECT "Register and Pay for CE classes"**, unless you are a non-degree seeking student registering for NON-CREDIT classes.
4. Click box agreeing to the Policies and Information, then hit "Proceed".
5. You will be given the option to use Express Registration or the Search and Register feature. We recommend using the express registration feature. You may want to view the schedule of classes online from the PDF file first (or do a general search), write everything down, and then register using express registration.
6. **EXPRESS REGISTRATION** should be used when you have already arranged the days/times you want for each class. Enter the subject, course number, section letter and term for all classes at once. Click Submit to select the courses you wish to register for, creating a wish list.

	PHOTOGRAPHY - DPH	111	B	16/FA FALL 2016
	STUDENT LIFE PROGRAMS - SLP	007	I	16/FA FALL 2016

7. **The SEARCH and REGISTER** feature is used when you do not know the course or section number. To review and select courses for your schedule as you go along, enter a subject to scan through course offerings for the current term entered for your search. After you determine the days/times you want for each class, mark the check box of that section to select the courses you wish to register for, creating a wish list.

8. After you select classes through either Express Registration or the Search & Register feature, you will be directed to the "Register and Drop Sections" page. Here you will finalize your course selections for the semester.
9. The top portion of the screen ("Preferred Sections") shows all the courses on your wish list (preselected). The bottom portion ("Current Registrations") shows everything you're actually registered for. To finalize your registration and move courses from the wish list to Current Registrations you must select an "action".

10. To finalize your registration for all courses listed in the "Preferred Sections" wish list, go to the top of the page and choose "RG – Register", then click submit. (Select "RM – Remove" only if you need to remove all items you have selected). *see sample B*
11. If you DO NOT wish to register for all courses in the "Preferred Sections" and wish to remove certain courses from your wish list, select individual "actions" for each course, then click submit. *see sample A*
12. Barring any complications (hold on account or pre-requisite problems, etc...), you will be taken to a results screen that shows you as registered for the class. If there were problems with the registration, an error message will display in the 'Status' column of the screen.
13. Once your schedule is complete you will receive an email confirmation that you are registered for classes. To view your current schedule, click on the "Students Menu" and under "Academic Profile" select "My Class Schedule". ALWAYS CHECK TO MAKE SURE YOUR COURSES WERE SCHEDULED CORRECTLY.

OBTAINING GRADES ONLINE

Grading is based on work performed, growth in ability, attendance and attitude. A continuous record of all students' classes is kept in the Academic Advising and Registration Office. Final grade reports are available through WebAdvisor, the on-line student registration system, the week after classes end provided there are no restrictions (holds) on the student's record.

ADDING/DROPPING CLASSES

Students may use WebAdvisor to add or drop classes up until the first day of class. After this time, if a student wishes to add or drop a course, students must complete the add/drop form that is available from the Academic Advising and Registration Office. Students who drop classes during the first 7 business days of classes (see Academic Calendar for specific dates) are not charged for the drop. After the 7th day dropped classes are charged on a sliding scale and those courses will receive a grade of "W" or "WN". Please refer to the academic calendar for specific tuition reimbursement information. The last day to withdraw from a course is on Friday, the thirteenth week of classes. No exceptions to this deadline will be made.

WITHDRAWAL FROM ALL CLASSES

All students are advised to seriously consider the consequences of withdrawing from class. Withdrawing from class results in a loss of effort in course completion, loss of tuition if done after the refund period and possible loss of good academic standing and financial aid. Students must begin the complete withdrawal process by meeting with an academic advisor in the Academic Advising and Registration Office. Students are required to meet with a financial aid counselor as part of the withdrawal process to determine if there will be financial consequences that may result. See the Financial Aid section of the catalog for more information.

COURSE OVERLOAD POLICY

A class schedule containing more than 18 credit hours in one semester is considered a course overload. Students who wish to register for an overload must have a cumulative grade point average of 3.0 and must be in good academic standing. Permission to take above 18 credit hours in one semester is granted by the academic advisor.

CCS TRANSCRIPTS/ENROLLMENT VERIFICATION

Requests for copies of academic transcripts or enrollment verifications must be submitted in writing (with the student's signature) to the Academic Advising and Registration Office. A \$5 charge is assessed for each transcript. There is no charge for the completion of enrollment verifications needed for insurance, loans, etc. A minimum of 3 working days is required for the

processing of transcripts and enrollment verifications. No transcripts or enrollment verifications (except loan verifications) will be completed for students who have a RESTRICTION (HOLD) on their records. Students requesting “on-the-spot” transcripts will be charged \$10 for each copy. “On-the-spot” transcript requests will be accepted **only if time permits**, subject to the approval of the registrar. Students may also view their transcripts through the WebAdvisor system. Once a student accesses the Registration and WebAdvisor tab, a transcript option is available under academic profile.

ACADEMIC EVALUATION

Students should review their academic evaluation at the end of each semester. A copy of the academic evaluation may be obtained through WebAdvisor or the Academic Advising and Registration Office. The academic evaluation identifies academic progress made toward a degree. Courses are identified by alpha letters indicating progress: a letter “C” next to a course indicates course completion, an “I” indicates a course in progress, “N” is a course not started, and “P” is a course pending completion of unfinished activity. Academic advisors routinely review academic evaluations to ensure progress is being made. Students with questions should contact the Academic Advising and Registration Office.

STUDENT RESPONSIBILITY/RESTRICTIONS (HOLDS)

Students are responsible for taking care of their financial obligations to the College. This includes full payment of tuition and fees, returning library books and materials, returning department equipment and materials and settling all bookstore charges and unpaid parking violations. Students who do not fulfill these obligations will be restricted from receiving certain services. Transcripts, enrollment verifications (except loan verifications), registrations, grade reports or graduation requests will not be processed for any student who has restrictions (holds) on their record.

AUDIT POLICY

Students, graduates and visitors may audit a class on a space-available basis. No academic credit is awarded for audited courses. Those wishing to audit a course may register by adhering to the policy and following the procedures and guidelines listed below:

1. Matriculating (B.F.A.) and nonmatriculating (e.g., visitors, CCS graduates) students who wish to audit a class must elect to do so at the time of registration by submitting a completed Audit Registration form, available in the Academic Advising and Registration Office.
2. Students electing to audit a class may not register for that class until the first week of class for the semester. Students may not register for a class after the first week of any semester.
3. Once the election has been made to audit a class, the student may not change the registration to receive credit for the class.
4. Audited courses carry no credit and do not satisfy degree requirements. Upon completion of the course, the audit grade of X will appear on the student’s transcript. (The grade of X is not used in the calculation of cumulative grade point average or course completion rate.)
5. Regular tuition rates are charged for audited courses. The refund policy for audited and credit courses is the same and is outlined in the Course Schedule.
6. Matriculating (B.F.A.) students are permitted to audit one course each semester during their B.F.A. tenure at CCS, with a staff advisor’s approval.
7. Nonmatriculating students (visitors, CCS graduates) are limited to three classes per semester.

LEAVE OF ABSENCE

A student in good academic standing may take a leave of absence of not more than four semesters and return to the College without reapplying. Students who meet this criterion must contact the Academic Advising and Registration Office to schedule an appointment with an advisor.

After a break of more than four semesters, students must reapply through the Academic Advising and Registration Office. Students are cautioned that they must satisfy the course requirements in effect at the time of their readmission; previous credits may not apply.

GRADUATION REQUIREMENTS

To be certified for graduation, students must:

1. Fulfill all departmental and academic course requirements for graduation in his/her major as outlined in the College catalog. Students have the option of electing the requirements listed in the catalog that was in effect at the time of their most recent admission to the college or those in the catalog that is in effect at the time of their final course completion.
2. Receive departmental permission to graduate based on a final review and exhibition of their work, unless waived by the department. Departmental permission to graduate is good for one year. Students who fail to complete their degree requirements within one year of being approved to graduate must be re-approved and have their portfolio re-reviewed prior to receiving their degree.
3. Have a cumulative grade point average of at least 2.0 (C).
4. Have all official transcripts from other schools on file in the Academic Advising and Registration Office no later than the last day of the drop/add period of the semester that graduation is to occur.
5. Be enrolled at the College for Creative Studies at the time that their degree is awarded.
6. File an Application for Graduation with the Academic Advising and Registration Office no later than the end of the fourth week of the semester in which they anticipate graduating. Early applications are appreciated.

A commencement ceremony takes place each spring. Students who have applied for graduation and have completed all their requirements for graduation within the year preceding this event are invited to participate.

RESIDENCY REQUIREMENT

Students must be enrolled at the College for Creative Studies during the semester in which they plan to graduate. If extenuating circumstances exist that would prevent a student from enrolling and he or she has 6 or fewer credits of Liberal Arts or elective credit to complete, the student may have this residency requirement waived for up to one year. After that time, students must formally appeal for a waiver of this requirement and must have their studio work re-reviewed by their department.

PRIVACY POLICY

The Family Educational Rights and Privacy Act (FERPA) affords students the following certain rights with respect to their educational records. It is CCS's policy, in accordance with FERPA, not to disclose information from the student's education records to any party (including parents),

whether the student is dependent or independent, without the express written consent of the student. Consent/Release forms are available in the Academic Advising and Registration Office.

1. The right to inspect and review their education records within 45 days of the day the College receives a request for access. Students should submit to the registrar, dean, academic chair or other appropriate official, written requests that identify the record(s) they wish to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the College official to whom the request was submitted does not maintain the records, that official shall advise the student of the correct person to whom the request should be addressed.
2. The right to request the amendment of the student's education records that the student believes is inaccurate or misleading. The student should write the College official responsible for the record and clearly identify the part of the record he or she wants changed, and specify why it is inaccurate or misleading.
3. If the College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for the amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
4. The right to consent to disclosures of personally identifiable information contained in the student's educational records, except to the extent the FERPA authorized disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interest. A school official is a paid person employed by the College in an administrative, supervisory, academic, research or support staff position (including law enforcement/security unit and health staff); a person or company with whom the College has contracted (such as an attorney, auditor or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
5. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue SW
Washington, DC 20202-4605

Schools may also disclose, without consent, "directory" type information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. This information, however, will not be disclosed if the student requests in writing that it not be disclosed. A Student Directory Information Form for this purpose is available from the Academic Advising and Registration Office. The form must be returned to the Academic Advising and Registration Office and is good for the duration of the student's tenure at CCS. If a student reconsiders and would like this information released, the student should contact the Academic Advising and Registration Office to have this restriction removed.

VETERANS

The College is authorized by the Michigan Department of Education to accept veterans as students under Public laws 634, 894, 550 and 538. To determine eligibility, veterans should contact their local office of the U.S. Department of Veteran Affairs as soon as possible. Those who are eligible should then contact the Academic Advising and Registration Office to request certification. Veterans are reminded that benefits are paid for attendance in classes required for degree completion (students enrolled in credit classes through the CCS Continuing and Precollege Studies program are not eligible for benefits).

It is the veteran's responsibility to notify the Academic Advising and Registration Office in writing whenever they stop attending classes or of any changes or withdrawals. Veterans who do not notify the Academic Advising and Registration Office of the last date of attendance may be reported to the U.S. Department of Veteran Affairs as not attending class as of the first day of the semester. The U.S. Department of Veterans Affairs will also be notified of any student who is suspended or placed on probation.

ACADEMIC POLICIES

ASSIGNING CREDIT

College for Creative Studies uses credit hours as a general measure of academic work and progress toward degrees at both the Undergraduate and Graduate level. The College's use of credit hours complies with standards established by our accrediting bodies and is consistent with generally accepted practices of peer institutions across the nation. At CCS, one credit hour represents an average of at least three hours of work each week for a period of 15 or 16 weeks. Most classes offered at CCS award three credit hours upon successful completion, hence an average of at least nine hours per week of classroom and outside work, totaling 135 hours in a 15 week semester is expected. For studio courses, three credit hours represents six hours of class time with an average of at least three hours of work outside of class each week. For lecture classes, including Liberal Arts, three credit hours represents three hours of class time with an average of at least six hours of work outside of class each week. Workloads may vary from class to class, depending upon the period during the semester, but students should expect to commit to an average of at least nine hours of classroom and outside work per week for every three credit hour class taken.

During a 15 or 16 week semester students enrolled in a three credit hour independent study or a three credit fully online course are expected to commit to at least nine hours of work per week or 135 hours. Summer courses that are offered in a condensed term are scheduled to have the same number of classroom hours as a lecture or studio class of equal credit would have over a 15 week semester. Likewise the weekly expectation of outside of class work is adjusted so that the classroom and outside work totals at least 135 hours.

Students in the undergraduate program may complete more than 3 hours of effort per credit during an elective internship, a CCS travel class or Directed Teaching.

CATALOG YEAR

The catalog year is given to a student when a student enters or matriculates into a degree program. The catalog year defines the program requirements to obtain a bachelor of fine arts degree from CCS. Students are obligated to follow the policies and procedures in the catalog year when they have matriculated.

The catalog year is located on the upper left hand side of the academic evaluation (also known as degree audit). On the academic evaluation, students will see the word Catalog with a year following. This is the academic program of study for a student's tenure at CCS and the catalog

year coincides with the appropriate curriculum chart. If students are unsure of their catalog year, they may contact their academic advisor.

If a student changes to a new major, the catalog year is updated to the current catalog year or curriculum. Students may update their catalog year if they opt to follow requirements to an updated academic program in their department. Students may update the catalog year by using the Change of Major form available in the Academic Advising and Registration Office. Catalog years are not retroactive. This means a student on a current catalog year would not be allowed to follow a past catalog year. If a student wishes to change their concentration with their major, he or she will remain on the same catalog year for the major.

If a student leaves the college for more than two years (four semesters) he/she is required to reapply to the College for Creative Studies. His/her catalog year would change upon readmission to the new date of entry and they would be obligated to complete the requirements of the most recent Catalog.

GRADING

Grading is based on performance in coursework, growth in ability, attendance and attitude. A continuous record of all grades throughout a student's enrollment is kept in the Academic Advising and Registration Office. Final grade reports are available on Blackboard the week after classes end. CCS uses the following grading system:

A	Excellent	4.00 grade point
A-		3.70 grade point
B+		3.30 grade point
B	Good	3.00 grade point
B-		2.70 grade point
C+		2.30 grade point
C	Average	2.00 grade point
C-		1.70 grade point
D+		1.30 grade point
D	Poor	1.00 grade point
D-		0.70 grade point
F	Failing	0.00 grade point
P	Passing	no grade point value
I	Incomplete	no grade point value
W	Withdrawal	second through fourth week of class
WN	Withdrawal	after the fourth week of class

DEAN'S AND PRESIDENT'S LISTS

Students who complete a minimum of 12 credits during any semester and who attain a grade point average of 3.50 to 3.799 are placed on the Dean's List. Students who achieve a GPA of 3.80 or above are placed on the President's List. A notation will be placed on the student's transcript for each semester that Dean's List status is achieved. Students on the Dean's or

President's List for two consecutive semesters will receive a letter of acknowledgement from the Office of Academic Affairs.

HONORS

Students who have shown outstanding achievement by attaining a cumulative grade point average of 3.50 and above are graduated with honors. Those who have achieved a cumulative grade point average of 3.80 and above are graduated with high honors.

TRANSFER CREDIT

All transfer credits are evaluated for relevance to the College's programs and policies. Grades earned at another institution are not factored into the calculation of cumulative grade point average at CCS. CCS makes every effort to ensure you get credit for your past college-level work. Our Admissions office will review your file and transcribed coursework will be evaluated for foundation, liberal arts, studio and elective transfer credit. Acceptance of studio transfer credit and placement within the CCS studio curriculum is based on a review of the portfolio, college transcript(s) and course descriptions. Studio credit evaluations may be conducted by department chairpersons. Transfer credit is granted for any subject in which a grade of "C" (2.0) or higher has been earned.

Students may transfer to CCS at freshman, sophomore or junior level. Undergraduate courses from certain accredited colleges may be considered for transfer credit at CCS, subject to the following conditions:

- Students may transfer in up to the junior level (63-92.5 credit hours).
- Current students, who take credits elsewhere while attending CCS, will submit official transcripts to the Academic Advising and Registration office.
- For new students, all credit earned to date to be considered for placement must be disclosed to the Admissions office during the admission process.
- A complete official transcript must be sent to the CCS by the institution(s) you attended.
- Transfer students are required to meet our liberal arts requirements by completing appropriate courses at CCS, or transferring acceptable courses and credit from other accredited institutions. Credit is determined according to major requirements.
- Transferability and placement of art or design studio credit will be determined at the time of portfolio review. Credits may be designated as "studio" or "elective". Art or design courses taken at another institution after enrollment to CCS may be accepted as elective credit only, unless specific arrangements have been made.
- Courses and credits earned at other institutions will be recorded in permanent academic records. Grades will not be recorded. Only work completed at CCS will be included in grade point averages.
- Only courses completed with a grade of "C" (2.0) or better will be accepted for transfer credit.
- Courses taken at an institution on a quarter or term schedule will be converted to semester hours before being applied to CCS course requirements.
- Academic courses may not be repeated for credit.
- Students who wish to graduate from CCS must be enrolled during the semester in which their degree is awarded.
- Anticipated graduation date may vary by program, prerequisites and course sequencing. See the Academic Advising and Registration office to work out a plan for degree completion.

CLASS LEVEL

Class level is determined at the time of admission and at the end of each subsequent semester during which the student is enrolled based on the number of credits earned. Degree-seeking students are classified as follows:

Freshmen	up to 29.5 credits completed or in progress
Sophomores	30 – 62.5 credits completed or in progress
Juniors	63 – 92.5 credits completed or in progress
Seniors	93 or more credits completed or in progress

DECLARING OR CHANGING MAJORS

If you are an Undeclared student and need to **declare your major**, or you are a student who wishes to **change your major**, you need to:

1. Meet with a staff advisor in the Academic Advising and Registration Office (AARO) to discuss your plans. Complete and sign the Change of Major Form. It is best to make any changes before registering for the upcoming semester.
2. Meet with the chair of the department you intend to enter and have him/her approve the transfer of any credits from your old major to the new major (if applicable) and sign and date the Change of Major Form.
3. The Department Administrator will forward the completed form to the Academic Advising and Registration Office.

Contact the Academic Advising and Registration Office at (313) 664-7672 if you have any questions regarding declaring or changing your major.

DECLARING A MINOR

Minors range from 18-24 credits depending on the department. Most studio departments offer a minor to students from other departments. Students should consult the Department Chair of the department they wish to minor in for specific information. Students may share up to 9 credits between their major and minor courses. However, students who declare a minor within their major department (i.e. Crafts or Entertainment Arts) cannot share credits between the major and minor. A Minor Declaration Form must be signed by the Department Chair and returned to the Academic Advising and Registration Office for processing.

Transfer credit earned from an accredited institution may be applied to a minor in any area of study. For a studio minor, the department chairperson must review the student's portfolio for approval of transfer credit. For minors in Liberal Arts, students may be asked to provide a course description or syllabus for transfer credit in question. For minors requiring 24 credits, students can transfer in a maximum of 6 credits. For minors requiring 18 credits, students can transfer in a maximum of 3 credits. Minors appear on the final official transcript but do not appear on the diploma.

JUNIOR STATUS POLICY

Students are required to complete all 18 credits of Foundation courses and 18 credits of 100/200 level Liberal Arts courses before they can begin their junior level departmental studio courses. Each department decides which departmental courses students must complete before progressing to junior level department courses. Students who place into ELS 107 are not subject to the same Junior Status Policy requirements.

Foundation courses required:

DFN 101 or DFN 140, DFN 102 or DFN 141, DFN 116, DFN 117, DFN 118, DFN 119

Liberal Arts courses required:
DFS 100 or 101, DEN 108, DEN 239, DAH 200, DAH 201, DAS 213

ATTENDANCE POLICY

Students are expected to attend every class. Attendance is taken at the beginning of each class. Students arriving 5 to 20 minutes late for any class are considered tardy. Three tardies equal one unexcused absence.

Arriving more than 20 minutes late or missing an entire class is considered an absence. This applies to all classes, regardless of class length, whether they are a 1.5 hour, 3 hour or 6 hour session.

Students who arrive late, do not return to class after break, or who leave early without the instructor's permission may be counted absent.

Three unexcused absences may result in the reduction of one whole grade from the earned grade. Four unexcused absences may equal failure in the course.

An absence may be excused if there is a medical reason, family emergency or extenuating circumstances beyond the student's control. Students seeking an excused absence may take their documentation to the Academic Advising and Registration Office within two weeks of missed class(es). A written notice is sent to the student's instructor(s) and department administrator notifying them that the documentation is on file. The final determination of whether an absence(s) is excused is left to the discretion of the student's instructor(s).

DEPARTMENTAL REVIEW ATTENDANCE POLICY

The academic programs at CCS are designed to challenge students, prepare them for a career in the visual arts, and provide them with opportunities to express their ideas through visual and verbal presentations. At least once each academic year, students are expected to participate in a departmental review. If a student does not attend the review at the scheduled date and time, and the circumstances are beyond the student's control, he or she should immediately contact the department. Documentation regarding the circumstances may be required from the student. The department will reschedule the review at a time convenient for the department and student. Students who do not attend their scheduled review and do not make arrangements with the department to reschedule are ineligible to register for the next semester. If a student has registered, he or she will be removed from the registered courses. A departmental hold will be placed on the student's record until the student resolves the matter with the department.

SATISFACTORY ACADEMIC PROGRESS REQUIREMENTS

The standards of Satisfactory Academic Progress (SAP) measure a student's academic progress using both qualitative and quantitative measurements. These measurements include a cumulative Grade Point Average (GPA) requirement, a Course Completion Rate requirement, and a Maximum Timeframe requirement. The standards apply to all federal and state financial aid programs and programs funded and administered by the College's Office of Financial Aid.

SAP is evaluated at the end of each term (Fall, Winter, and Summer). Federal regulations require the College to evaluate all students for SAP regardless of whether or not they receive financial aid. SAP is evaluated based on the student's cumulative academic record.

Students who do not meet SAP standards will be placed on academic warning for one semester. Students are eligible to receive financial aid during the academic warning semester. If at the end of that semester both markers of SAP have not been achieved the student will be suspended and any future financial aid disbursements terminated.

GRADE POINT AVERAGE (GPA)

At the end of each semester, a student's cumulative grade point average is calculated. He or she must have a minimum cumulative grade point average of 2.0 to achieve SAP.

If a student has less than a cumulative 2.0 GPA, he or she is placed on academic warning for a period of one semester. If the student fails to achieve a 2.0 cumulative grade point average at the end of the academic warning semester, or is placed on academic warning for any other reason, he or she is suspended from the College. During the academic warning semester, a student can receive financial aid.

GRADE POINT AVERAGE (GPA) REQUIREMENT FOR ART EDUCATION MAJORS

In the Art Education program it is the student's responsibility to maintain a cumulative grade point average of 2.50. Additionally, teacher candidates must maintain a cumulative grade point average of 2.70 in Art Education courses. Only grades of "C" or better will be accepted in required art education courses. If a student receives a grade of "C-" or below they must retake the course to obtain a grade of "C" or better. The higher grade is always recorded. The Student Success Center is available for all students seeking assistance with any course content.

REQUIRED COURSE COMPLETION RATE

Required course completion rate also determines SAP. Students must complete their academic program within 150% of the published length of the program. To meet this requirement, students must successfully complete, with a grade of D- or better, at least two-thirds of attempted cumulative credit hours. Examples are as follows:

Credits Attempted	Must Complete
6	4
12	8
15	10
18	12
66	44
100	67
126	84

MAXIMUM TIMEFRAME (MTF)

Federal regulations require that a student must complete his or her educational program within a Maximum Timeframe (MTF) no longer than 150% of the published length of the educational program measured in academic years, terms or credit hours attempted.

Example: Undergraduate Student

If an undergraduate student is enrolled in an academic program that requires 127 credit hours for graduation, he or she would be allowed a maximum of 191 ($127 \times 150\%$) attempted credits in order to obtain his/her degree.

Example: Undergraduate Art Education Student

If an undergraduate Art Education student is enrolled in an academic program that requires 148 credit hours for graduation, he or she would be allowed a maximum of 222 ($148 \times 150\%$) attempted credits in order to obtain his/her degree.

TRANSFER CREDITS

Courses that are transferred from another institution and accepted toward an academic degree program at the College (at the time of SAP Review) count as attempted and completed hours for Completion Rate and Maximum Timeframe (MTF). The GPA is determined only with courses taken in residence at the College.

GRADE CHANGES

Students who have a grade change or incomplete grade changed after SAP has already been processed for any semester must notify Academic Advising and Registration of the change. At that time SAP will be recalculated to determine if the SAP status needs to be modified and the Office of Academic Advising and Registration will notify the Office of Financial Aid.

CHANGE OF MAJOR/DEGREE

If a student decides to change majors, all classes already taken will count in the maximum timeframe SAP evaluation. It is possible a change of major could impact your SAP standing.

SECOND DEGREE

If you are obtaining a second degree, you will need to have a degree audit performed to determine your new SAP standing. This will allow Financial Aid to create a new Maximum Timeframe.

GRADES

Successful completion of attempted courses is required for SAP. Therefore, grades of A through D- are acceptable unless otherwise specified. Courses for which these grades are received will be used to establish your cumulative Grade Point Average (GPA) and Course Completion Rate.

Grades of F (failing), I (incomplete), W or WN (withdraw) are not acceptable. Courses for which these grades are received will not be counted as a successfully completed course, thus also lowering your Course Completion Rate and cumulative GPA.

DROPPING CLASSES (after the Add/Drop period)

Courses for which a student is enrolled at the conclusion of the Add/Drop period will be used to determine attempted courses for the Course Completion Rate. Therefore, if it is necessary to adjust one's class schedule, it is best to do so during the Add/Drop period of the semester. Courses that are dropped after conclusion of the Add/Drop period will show a recorded grade of W or WN. This will be counted as an unsuccessfully completed course, thus lowering your completion rate.

COMPLETE WITHDRAWALS

When a withdrawal occurs (cancellation of all courses for which a student was enrolled at conclusion of the Add/Drop period of a semester), there are no successfully completed courses for the semester. This will lower your Course Completion Rate and can result in suspension and/or loss of financial aid eligibility if you already had a low course completion rate or there are consecutive withdrawals over a number of semesters.

See the Complete/Unofficial Withdrawals and Financial Aid section for information on how financial aid is calculated for withdrawals.

REPEATED COURSES

When a successfully completed course is repeated, the previous enrollment is deducted from the calculation of successfully completed courses; therefore, this will lower your Course Completion Rate. Only the last grade received is counted in the cumulative GPA.

Per the Federal Student Aid handbook, students may repeat a course as many times as necessary to receive a passing grade and receive federal funding for that course. The federal definition of a passing grade is anything above an F.

Once the student has taken the course and received a grade above failing (anything above an F), the student may repeat the course only one additional time to try to earn a higher grade and receive federal financial aid funds. Any subsequent repeats of that course cannot be covered by federal financial aid funds. CCS does have some required courses that require at least a C grade per College policy. The College policy does not affect federal eligibility, so the student may still only retake this course once after receiving a grade above an F and receive federal funding.

EXAMPLE: A student has taken a course requiring a C grade and received above an F but less than a C. The student takes the course a second time but again earns less than a C. The student must continue to retake the course to pass it per CCS policy but is no longer eligible for federal financial aid for that course. If the student subsequently enrolls for 12 credits, including the course they are having to repeat, only 9 of those credits are eligible for federal financial aid. Institutional aid is not affected and can still be processed at the full-time amount. Students who are enrolled for 15 credits are not affected since they will still have 12 eligible credits and would still be considered full-time.

FAILURE TO MEET SAP

If a student does not complete two-thirds of the cumulative credit hours attempted to date, he or she will be placed on academic warning for a period of one semester. If the student fails to raise the completion rate to two-thirds at the end of the academic warning semester, or is placed on academic warning for any other reason, he or she is suspended from the College. During the academic warning semester, a student can receive financial aid.

ACADEMIC WARNING POLICY

Students who fail to (1) meet the 2.0 cumulative grade point average requirement or (2) meet the course completion requirement, are placed on academic warning for one semester. Students on academic warning will be restricted to 12 credit hours of course load and will be required to follow an academic success plan. Students who do not exit academic warning status at the end of the subsequent semester will be suspended.

APPEAL PROCESS

Students suspended from the College may apply for readmission by following the policy for Readmission After Academic Suspension. For more information on how financial aid eligibility is affected by academic warning and suspension, visit the financial aid section of this catalog.

APPEAL APPROVED

A student who appeals the status of suspension and whose appeal is granted will be placed on Continued Academic Warning (Financial Aid Probation). This status is limited to one semester only. At the end of that semester, a student on Continued Academic Warning (Financial Aid Probation) will have his/her academic progress reviewed and must be meeting the SAP standards. If a student fails to meet these standards, the student loses financial aid eligibility and is returned to the status of suspension.

RE-ESTABLISHING SAP

If an appeal is denied, a student may regain eligibility by successfully completing 12 credit hours with grades of "C" or higher. These credits may be completed at CCS or at another institution and must be documented on an official transcript. If a student decides to enroll at another institution to complete the 12 credits, it is suggested that the student consult with his/her academic advisor.

INCOMPLETES

An incomplete or grade of "I" may be given to a student when a minimal number of course assignments have not been completed due to unavoidable and legitimate circumstances. Unless otherwise indicated, students have one semester to finish any work necessary to complete the

course within the allotted amount of time or it will result in a failing grade (“F”). The Incomplete Grade Verification Form must identify the reason for the incomplete grade and outstanding assignment(s). The instructor, student and department chairperson must sign the form. The instructor must submit the completed form to the Academic Advising and Registration Office at the time of grading. Once the required work is completed, the instructor must complete the Grade Change Form and submit it to the Academic Advising and Registration Office. The final assigned grade is calculated into the student’s cumulative GPA and SAP.

REPETITIONS

When a course is repeated, the higher grade will be used in the calculation of the cumulative grade point average. Any course, or its equivalent approved course, may be applied only once toward fulfillment of any and all degree requirements, including elective credit. Courses taken at other institutions are not subject to the repeat policy. Federal regulations specify that a student may only receive financial aid for a repeated course once after a passing grade has been earned. Please see the Financial Aid section of the handbook for more information.

GRADE CHANGES

Any grade dispute must be addressed with the instructor that issued the grade. Should the instructor agree to change the grade, he or she must complete the Grade Change Form. If the dispute is not resolved, the student may initiate the Grade Appeal Process.

Grade changes must occur within 60 days of the last day of the semester in which the student was enrolled in the course. The Office of Academic Affairs must approve all grade changes beyond a 60-day period.

GRADE APPEAL PROCESS

Students may appeal a grade up to 60 days after the last day of the semester in which the student was enrolled in the course. Students who appeal should submit a written request to the Office of Academic Affairs identifying the course, instructor, and an explanation of the circumstances and reason for the request. The request will be reviewed and decided upon by the Committee on Academic Performance.

ACADEMIC HONESTY (PLAGIARISM)

Plagiarism and cheating are serious offenses that erode the academic environment. The College condones no form of plagiarism—defined as the use of another’s words, ideas, visual or verbal material as one’s own without proper permission or citation. Students should make sure they have a clear understanding of this important issue and how it applies to both Liberal Arts and studio classes.

Students who violate the standards of academic honesty face serious disciplinary consequences, including letters documenting the incident in their permanent record, immediate course failure and/or dismissal from the College. Students who are found guilty of plagiarism on two or more occasions will be dismissed from the College.

DELETION/DESTRUCTION OF STUDENT WORK

The deletion or destruction of digital files, another student’s artwork or college property is considered a serious offense. All students must refrain from altering work that does not belong to them, regardless of the date the piece was created or location. Students who violate this policy face serious disciplinary consequences.

DISMISSAL

The College reserves the right to dismiss a student at any time for academic dishonesty or improper behavior. Improper behavior is defined as, but not limited to, actions by an individual

that may be detrimental to the student, other students or the College, or damaging to College property. It also includes violations of civil, state or federal law. See the Code of Student Conduct on Blackboard (www.bb.collegeforcreativestudies.edu) for further details.

PHOTOGRAPHY AND VIDEO USE

CCS reserves the right to use photography or videotapes of College students either in class or on the CCS campus for advertising and promoting CCS and its programs. Students who do not agree to comply with this release policy should notify the College in writing when they register.

USE RIGHTS

CCS has the right to make, distribute, display, perform, and otherwise use photographic or similar representational reproductions of faculty and student works for noncommercial purposes of education, scholarship, exhibition, accreditation, development, alumni relations, promotion, and the like; as examples of faculty and student work; and for inclusion in CCS's permanent collection and archives.

SUPPORT SERVICES

WELLNESS CENTER AND PERSONAL COUNSELING

The CCS Wellness Center is dedicated to promoting the well-being of the whole student and the whole campus through the use of innovative, creative, accessible and impactful wellness initiatives. The Wellness Center offers personal counseling, health services, group support, workshops and various student-oriented activities aimed at building and fostering community and inclusion.

Counseling Services at the College for Creative Studies, staffed by graduate-degree, licensed clinicians, assists students in meeting their emotional, psychological, and mental health needs and contributes to a campus environment that facilitates the healthy growth and development of students. Both individual and group support services are available covering a variety of topics and presenting issues.

Health Services offered through the CCS Wellness Center are staffed by Board Certified Nurse Practitioners. Health Services can provide basic medical care for minor illness and injuries as well as referrals for more specialized or urgent care when needed.

Wellness Services are offered throughout the year to students and include yoga, various topic-specific workshops and student-oriented activities and programming.

All services provided by the Wellness Center are free and available to currently enrolled, full or part-time students during the academic year.

To make an appointment contact the Wellness Center at 313.664.7852 or the Office of Student Affairs at 313.664.7879. You can also email us at: counseling@collegeforcreativestudies.edu.

MENTOR PROGRAM

All students are assigned to a faculty member in their respective department who will function as their mentor. Students are expected to meet with their mentor at least twice a semester to review the quality and progress of their work and to discuss their portfolios, career options, and the expectations and demands of industry or of the art world. Mentors also provide students with valuable information regarding recommendations and selection of elective courses. If a student is unsure as to whom his or her mentor is, he or she should contact the department administrator or the Academic Advising and Registration Office to obtain this information.

Mentoring activities vary from one department to another. Specific information concerning departmental activities can be obtained from the department chairperson or department administrator. Students are welcome to visit the Academic Advising and Registration Office to find answers to general questions regarding the mentor program.

STUDENT SUCCESS CENTER

The Student Success Center (SSC) provides free academic support for all students. Staffed by full-time higher education professionals as well as departmental peer tutors who are Juniors or Seniors in their majors, the SSC offers students the possibility to boost classroom performance, develop better learning strategies, and hone study, writing and time management skills.

SSC services primarily include one-on-one tutorial assistance for all CCS classes and are tailored to each individual's academic needs. Students find the SSC can be an oasis in the midst of their increasingly overwhelming workload. Whether a student is given assistance with an assignment, help with time management or just comforted by others in the same situation, the SSC can be just the place for students to get a handle on their projects.

One of the major areas of assistance is writing support and is available for all types of materials from research papers, short stories and essays to artist statements, reviews and resumes. A valuable extension of the SSC is the Writing Studio which brings CCS English faculty together with students during lunchtime. During these interactive sessions, students can brainstorm topic ideas, revise drafts and sharpen mechanics and grammar. International students can also receive assistance specific to their needs as English Language Learners.

Classroom, lunchtime and pop-up workshops highlighting a variety of student-centered topics are also conducted throughout each semester to assist students with avoiding procrastination, using ethical research methods, and other academic success strategies.

The SSC also serves as an alternate computer lab where students have access to software specific to their majors as well as printing capability. In addition a separate quiet study room is available for students who need privacy to work or to take tests.

Peer tutor schedules are posted on the SSC webpage and in the SSC each semester. Students can meet with a peer tutor on a walk-in basis based on these schedules. Peer tutors are also available at various locations around campus, such as the Print Lab, to help students with specific needs.

Appointments are encouraged between the hours of 9:00 a.m. - 5:00 p.m. for assistance with the full-time staff but walk-in hours are available on Tuesday, Wednesday and Thursday from 12:30 p.m. – 5:00 p.m. for their help. Visit the Student Success Center in Room C204 Kresge Ford or phone 313.664.7680.

THE OFFICE OF STUDENT DIVERSITY AND INCLUSION

The primary objective of the Office Student Diversity and Inclusion (OSDI) is student success. Serving as a "safety net" for academically at-risk students, the OSDI works closely with the Office of Student Affairs, as well as the Academic Advising and Registration Office, to establish a formidable troubleshooting team.

The OSDI was initially developed with funding from the King-Chavez-Parks (KCP) Initiative. This State of Michigan funded program provides support for academically disadvantaged college students. The OSDI launched ART (Academic Resource Teams) with KCP funds to establish a series of meetings and experiences that provide an academic safeguard. Additional OSDI

services include: mentoring, tutoring and personal counseling referrals, and encouraging students to recognize the value of their personal contributions to the CCS community.

The OSDI also hosts the Saturday Drawing Clinics, a free Saturday figure drawing session every fall, winter and summer semester. Registered CCS students, faculty and alumni are encouraged to attend. This is not a formal class. However, if an attendee requests drawing assistance, the Director of Student Diversity and Inclusion or any other faculty or staff member in attendance can provide a brief critique. Attendees can work in their sketchbooks, complete class assignments or merely work to improve their figure rendering skills.

The Office Student Diversity and Inclusion is dedicated to providing the support for CCS students, and potential CCS students, to clearly identify their goals and to develop the professional art, design and social skills needed for success.

INTERNATIONAL STUDENT SERVICES

The Office of International Student Services (ISSO) is committed to bringing the global community to CCS through the enrollment of international students, promoting study abroad programs, and fostering collaborations and agreements with other international institutions. The ISSO is responsible for admission of undergraduate international students as well as immigration and academic advising for both undergraduate international students and all graduate students. International Student Services takes an active role in helping assimilate international students into the academic and creative environment at CCS with International New Student Orientation and ongoing programming. International Student Services also assists CCS students in researching and applying for study abroad programs.

CAREER SERVICES

The Office of Career Services is dedicated to exposing students and alumni to professional development opportunities, networking and resources that will help them in identifying and obtaining their personal career goals. Career Services coordinates career events and personalized on-campus recruiting throughout the year, as well as providing the following services:

Online Services:

For event information and online resources, check out the Career Services page on Blackboard at www.bb.collegeforcreativestudies.edu. Select the Campus tab, and Career Services. Many PDF documents such as “Resume and Cover Letter Guides” and “Steps to Pursue an Internship” may be found here. We encourage you to read these documents before scheduling an appointment with our office.

Behance:

This portfolio platform for creative professionals (powered by Adobe) allows students and alumni to showcase their work in CCS’s branded online gallery. Students and alumni can share their Behance URL for internships, residencies, exhibitions, jobs and more. Additionally, students and alumni can include their Behance URL in the portfolio section of Job Book. Then, every time work is updated on Behance, the Job Book profile is updated as well.

Online Job Book:

Employers connect with creative talent at CCS through our Online Job Book. Students and alumni have the opportunity to post their resumes and portfolios for employers to view, and to search for employment and internships. Current students may access the Job Book through Blackboard. Additionally, Career Service uses Job Book as a means of communicating with students about job opportunities, internships and campus events.

Internships:

The Internship Program allows qualified students to earn academic credit while gaining first-hand experience in their chosen fields.

- **BFA Program Requirements:**
Students with a junior or senior ranking, who have completed freshman and sophomore studios, are strongly encouraged to apply for internships. Students must maintain a minimum cumulative grade point average of 2.8 and have their portfolios reviewed and approved by a full-time faculty member in their department to apply for internships.
- **MFA Program Requirements:**
Students with Department Chair approval are encouraged to apply for internships after the completion of the 1st year of the MFA program. Submission deadlines vary so students are encouraged to schedule an appointment with the Department Chair one semester prior to submission.

Industry Professionals Visit CCS:

Career Services hosts many events throughout the year, including on-campus recruiting, panels and roundtable discussions, professional portfolio reviews, and company information sessions.

Practice Interview Software:

Real questions, real practice. Practice makes perfect. Interview Stream is a program that allows students to participate in an online simulated interview. The interview, captured via web cam, can then be reviewed by the student to determine areas of strength and areas in need of improvement. Students can choose from a menu of interviews tailored to particular sectors of the creative industry. Career Services has a private space dedicated to this system, but students can also log in to Interview Stream from any computer with web access, with or without a web cam.

CCS 4 Year Career Plan:

The 4 Year Career Plan outlines the steps that students should be taking toward their career development during their time at CCS. Career Services will help students explore, research, refine and execute a personal career plan starting as early as freshman year. The plan can be accessed on the Career Services page on Blackboard.

Additional Resources:

Career Services maintains a resource center devoted to professional publications covering topics such as resume and cover letter writing, contracts, residencies, salary surveys and more. In addition to the resource center in our office, online resources including job search sites and creative staffing agencies; competitions; professional organizations; self-promotion, legal and business resources; relocation tools; grants; and freelance jobs can be found on Blackboard.

Individual Career Counseling:

Start Now. Make an appointment with Career Services at careerservices@collegeforcreativestudies.edu or 313.664.7466.

STUDENT OMBUDSMAN

The Student Ombudsman provides students with a consistent, centralized point of contact for questions, concerns and/or problems they may be experiencing on campus. Students are

expected to adhere to standard office and academic procedures elsewhere on campus, however the Ombudsman provides a supplemental resource for students. The Student Ombudsman's primary role is to ensure that policies are enforced fairly and that students are fully informed of what is being done and why. The Student Ombudsman will:

- Assist students in accomplishing the expeditious resolution of their problems and concerns.
- Provide confidential and informal assistance to students.
- Advocate for fairness.
- Act as a source of information and referral.

Examples of student concerns brought to the attention of the Student Ombudsman include:

- Facility issues
- Environmental safety issues within classrooms/labs
- Campus safety
- A problem with a particular faculty or staff member
- Office hours not accommodating to student needs
- Student to student issues:
 - o Harassment
 - o Vandalism of work
 - o Suspicion of theft
- Financial issues
- Questions or concerns about College policies
- Personal issues or concerns (may or may not directly relate to the College)
- Academic issues or concerns

SPECIAL PROGRAMS

AICAD EXCHANGE PROGRAM

Through the College's affiliation with the Association of Independent Colleges of Art and Design (AICAD), juniors or first-semester seniors with a cumulative grade point average of at least 2.7 have the opportunity to spend a semester (usually Fall or Winter) or a full year of study at another member institution in the United States or abroad. Seniors in their final semester may not participate. Departmental approval is required.

Students must meet with the AICAD Exchange Coordinator in the Academic Advising and Registration Office to start the application process no later than March 1 for the Fall semester or October 1 for the Winter semester. Applications must be complete by March 26 and October 20, respectively. **Deadlines are not negotiable and there are no exceptions.**

NEW YORK STUDIO RESIDENCY PROGRAM (NYSRP)

The Association of Independent Colleges of Art and Design (AICAD) offers the NYSRP located in DUMBO Brooklyn, New York. Participating students receive individual studio spaces at the NYSRP, weekly critique sessions, and a diverse seminar/visiting artist program which includes a comprehensive introduction to the New York art world. Students earn sixteen credits and a letter grade towards their undergraduate or graduate degree. Interested CCS students should meet with Academic Advising and Registration to begin the application process.

STUDY ABROAD

Junior or first-semester senior students, with a cumulative grade point average of 3.0 or higher, have the opportunity to spend a semester (Fall or Winter) or a full year of study (juniors only) at an accredited institution abroad. All students with a cumulative grade point average of 3.0 or higher may participate in study abroad during the summer months.

Students must meet with the Director of International Student Services and their department chair no later than March 1 for Fall or October 1 for Winter. Students must complete the Study Abroad Approval Form, available from the Director of International Student Services, obtain the required signatures on all forms and submit the forms to the Academic Advising and Registration Office, along with the Registration Form. The office of International Student Services is located on the 2nd Floor of the Yamasaki Building.

FACULTY-LED INTERNATIONAL COURSES

All students with a cumulative grade point average of 3.0 or higher can participate in faculty-led international courses during the summer months. These exciting courses include travel to a range of countries and course content, including working with well-known artists and designers, visiting studios and museums, studying at a local institution and being immersed themselves in local art and culture. For more information on these programs, please contact the Office of Academic Affairs or the International Student Services office.

ART EDUCATION

DAE-200 EDUCATION FOUNDATIONS: HISTORY AND PHILOSOPHY OF EDUCATION

This course surveys the history of American education. Educational applications of research in psychology and sociology are introduced. The development of prevailing philosophies of Education, Art Education and American pedagogy are covered within a framework of theoretical understanding, art integration exercises, classroom observations, reflection and dialogue. Fifteen hours Field Experience in K-12 educational settings required outside of class. Course open to students sophomore level and above. This course may count for general elective credit for those who do not pursue teacher certification.

Students taking DAE 200 for certification in Art Education must pass with a grade of 'C' (2.00) or higher.

CREDITS: 3

PREREQUISITE(S): DEN 108

DAE-250 HUMAN DEVELOPMENT, CREATIVITY AND VISUAL LEARNING

Designed to convey the stages of human growth in depth, this course approaches physical, psychological, emotional and social development in a format for teachers to use for planning developmentally appropriate instruction. The educational requirements of special needs children, and the resources available to teachers for best meeting these needs, are included throughout. Related topics covered in this course include nurturing creativity in K-12 students and fostering visual learning in diverse settings. Pre-service visual arts teachers consider the implications of the above material in field experiences in diverse instructional settings with children. Fifteen hours Field Experience in K-12 educational settings required outside of class. Course open to students sophomore level and above. Course may count for general elective credits for those who do not pursue teacher certification. Students taking DAE 250 for certification in Art Education must pass with a grade of 'C' (2.00) or higher.

DAE-305 READING & LANGUAGE ARTS METHODS, TECHNOLOGY

This course is dedicated to teaching Art Education candidates the essential components of instruction for students who are learning to read. Students study theory and research frameworks for comprehending the scope and challenges of teaching for literacy, as well as practical methods for direct, explicit instruction in reading. The broader area of Language Arts instruction is examined in the contexts of arts integration and children's literature. Awareness of appropriate uses for technology and information age learning in K-12 schools is taught with applications of technology enhanced learning experiences. For this course, students assist regularly with experienced, certified Reading Teachers in K-8 classrooms. Ten hours Field Experience in K-8 educational settings required outside of class. Art Education candidates must pass DAE 305 with a grade of 'C' (2.00) or higher to qualify for certification.

CREDITS: 3

PREREQUISITE(S): DAE 250

DAE-315 ELEMENTARY ART TEACHING: METHODS, MATERIALS AND CONTENT AREA LITERACY

In this course, Art Education candidates acquire further practice with professional methodologies of art instruction and facilitation for students in Kindergarten-8th grade levels. The primary focus is mastery of the knowledge and skills necessary for planning and implementing dynamic elementary art programming. Attention is directed to the multiple components of art instruction: age appropriate teaching methods, reaching and involving all students, classroom management, age appropriate art materials, technology in Art Education, showing student work, inclusion and accommodation of special needs students, school diversity, art room safety, facilities management, and evaluation methods. Special attention is devoted to content area literacy and inclusion of purposeful reading experiences in the subject area. Thirty hours Field Experience in Elementary Educational Settings required outside of class. Art Education candidates must pass DAE 315 with a grade of 'C' (2.00) or higher to qualify for certification.

CREDITS: 3

PREREQUISITE(S): DAE 305

DAE-405 SECONDARY ART TEACHING:METHODS, MATERIALS AND CONTENT AREA LITERACY

In this class, students continue to learn professional methodologies of art instruction for youth in middle schools and high schools, grades 6-12. The course covers secondary visual arts content, approaches, techniques, materials and safety precautions appropriate for secondary level students. Classroom management, inclusion and accommodation of special needs students, technology integration, assessment, and student diversity issues are covered. Content area literacy approaches and methods for including the teaching of reading, writing and public presentations for secondary level students are integral to the course. Thirty hours Field Experience in Secondary educational settings required outside of class. Art Education candidates must pass DAE 405 with a grade of 'C' (2.00) or higher to qualify for certification.

CREDITS: 3

PREREQUISITE(S): DAE 315

DAE-475 INTERNSHIP IN ART EDUCATION

Participation in an internship experience allows students to use classroom-learned skills in a related employment experience. Students must work a minimum of 135 hours over the course of the entire semester. To participate students must be of junior or senior status with completion of freshman and sophomore studios. Students must have a minimum cumulative GPA of 2.8. Seniors may not be eligible to participate in an internship during their final semester. Transfer students must have attended one semester at CCS in addition to meeting the other eligibility criteria. Art education students must take and pass DAE 200 with a grade of 'B' or better. Art Education candidates must pass DAE 475 with a grade of 'C' (2.00) or higher to qualify for certification.

CREDITS: 3

PREREQUISITE(S): DAE 200

DAE-490 INDEPENDENT STUDY

Independent Study is available to students who are at Junior or Senior level standing with a cumulative grade point average of 3.00 or above. The student may receive approval to work in an area or on a project that is not otherwise offered or addressed in the regular curriculum. Students may receive credit toward graduation for no more than 6 credit hours. The student must submit to the chairperson of the department in which they wish to study, an Independent Study Proposal of 150 words (no less) of the student's plan for study and her/his reason for choosing to study independently. Once the department chairperson provides approval and the instructor for the Independent Study is determined, the faculty member must write an Independent Study Syllabus with education goals, learning outcomes, meeting dates, course expectations, timelines, and due dates. Art Education candidates must pass DAE 490 with a grade of 'C' (2.00) or higher to qualify for certification.

CREDITS: 3

DAE-510 DIRECTED TEACHING

During the Directed Teaching semester, the responsibilities of a professional teacher are experienced first-hand at extended placements in school settings. This practicum involves a broad spectrum of experiences, including a combination of observation, small group work, and eventual whole class instruction. Because the Visual Arts (LQ) Endorsement certifies a teacher for K-12 instruction, placements are made for candidates at two sites, one in an Elementary setting and one in the Secondary setting. Offered for Pass (P) or Fail (F) grades only. DAE 510 is required to be taken in conjunction with DAE 520, Professional Seminar.

CREDITS: 10

PREREQUISITE(S): DAE 405

COREQUISITE(S): DAE 520

DAE-520 PROFESSIONAL SEMINAR

The Professional Seminar provides candidates who are doing their Directed Teaching with further professional development and experiences that develop reflective practice. The seminar conveys a range of information essential to Visual Arts educators, including health and safety issues in Art Education, technology integration, educational law, effective teaching practices, research in the field, fundraising,

and community outreach. The seminar format is intended to support student teachers in their placements and allow for reflection and dialogue regarding this professional experience. Application for Directed Teaching and Departmental permission is required. Art Education candidates must pass DAE 520 with a grade of 'C' (2.00) or higher to qualify for certification.

ART FURNITURE

DAF-209 SOPHOMORE FURNITURE SEMINAR

This class is designed for students with a special interest that may not be covered in regular classes. Work may be done in any medium or combination of materials. Students meet once a week to discuss and critique work. Instruction is on a one-on-one basis and students, along with their instructor, create their own assignments. Emphasis is on developing a coherent concept and investigation of new materials and techniques that demonstrate that concept.

CREDITS: 3

DAF-250 FURNITURE SOPHOMORE STUDIO

This sophomore studio covers interdisciplinary furniture-related projects presented through slide lectures, discussions and exercises. Field trips, visiting artists and periodic meetings with the four other Crafts major studios concerning crafts-related subjects are part of this class. Concepts and techniques taught rotate from semester to semester and include the professional side of furniture design and/or object making, production and presentation.

CREDITS: 3

DAF-251 FURNITURE SOPHOMORE STUDIO

This sophomore studio covers interdisciplinary furniture-related projects presented through slide lectures, discussions and exercises. Field trips, visiting artists and periodic meetings with the four other Crafts major studios concerning crafts-related subjects are part of this class. Concepts and techniques taught rotate from semester to semester and include the professional side of furniture design and/or object making, production and presentation.

CREDITS: 3

DAF-265 BEGINNING RADICAL METHODS OF FURNITURE DESIGN

What is furniture? What is art? What is art furniture? Students expand their approach to functional art and design through the investigation of tables, chairs and lamps as one-of-a-kind art pieces. Emphasis is on broadening the concept of what furniture can be while learning how to think creatively. The emphasis for 200 level students is in form development, investigating basic materials and developing drawing skills in order to communicate concepts.

CREDITS: 3

DAF-285 SPECIAL PROJECT 100/200

The Special Projects class is offered on an occasional basis, with course content specific to the area(s) being explored.

CREDITS: 3

DAF-309 JUNIOR FURNITURE SEMINAR

This class is designed for the advanced student with a special interest that may not be covered in regular classes. Work may be done in any medium or combination of materials. Students meet once a week to discuss and critique work. Instruction is on a one-to-one basis, and students create their own assignments.

DAF-353 INTERDISCIPLINARY GROUP SEMINAR I

This course is designed for advanced students in all areas who are self-motivated and who wish to pursue projects of a highly personalized and independent nature. Students are challenged to create a body of work with associated rationale in an interdisciplinary setting. Through regular feedback from instructor and peers, students develop initial concepts, research and refine project briefs, investigate materials, techniques and processes, and execute work for final presentation.

CERAMICS

DCE-100 CERAMIC SURVEY

This course is for beginning students or students taking ceramics as an elective. Forming techniques including coil, slab and slip casting as well as approaches to glazing and firing are explored. The course provides an overview of a vast range of techniques, while addressing the concerns facing ceramic artists today.

CREDITS: 3

DCE-105 WHEEL THROWING

Learn to use the potter's wheel as an expressive tool! Traditional techniques and forms are covered, such as teapots, plates, bowls and covered containers. The aim is for students to find their individual expression within the context of tradition.

CREDITS: 3

DCE-106 CLAY ON THE WALL

Ceramic tile, murals and architectural embellishments are increasingly found in public settings. Projects in this class center on drawing and painting as well as the use of colored slips and modular formats. Layout, design, the making and firing of work and installation are covered. This course is well suited for students majoring in painting, sculpture, design, or illustration.

CREDITS: 3

DCE-109 FUNCTIONAL CERAMICS

This course stresses utility as the basis for an aesthetic approach to ceramics and focuses on design issues, handbuilding and wheelthrowing mold-making and slip-casting techniques.

CREDITS: 3

DCE-112 SLIPCASTING

The emphasis of this course is on plaster-casting techniques for making high-resolution molds. The course also explores surface glazing, colored clays and high-temperature reduction salt firings. Students

choose a form, which may be derived from hard-edged industrial materials (i.e. machine parts or commercial products) or organic items from nature (i.e. vegetables, fruits, biomorphic shapes) and produce their concept in multiples. Works may range from sculptural assemblage to functional pouring vessels, such as teapots.

CREDITS: 3

DCE-116 SURFACE MATTERS

This course explores numerous glaze processes and application techniques and provides students with an understanding of how surface relates to and enhances three-dimensional forms. Weekly demonstrations and lectures give students the basis for solving structured assignments.

CREDITS: 3

DCE-125 THE ECCENTRIC TEAPOT

In this course, students are encouraged to break away from tradition by combining imagination and metaphorical imagery with practicality. Handbuilding and slipcasting techniques are utilized in creating a teapot. Throughout the term, students focus on a singular form, developing a design that can range from extremely minimal to baroque in style. The final project includes presentation of the teapot.

CREDITS: 3

DCE-135 HANDBUILDING

Students are given a progressive series of projects that promote exploration of both traditional and alternative building techniques such as coil, mold, slip cast, and slab. Once these are completed, students choose a project of particular interest and expand the idea to achieve a personal contemporary expression.

CREDITS: 3

DCE-175 HANDBUILDING: FUNCTIONAL

This course exposes students to various hand forming and glazing techniques as it pertains to the design and production of tableware. Along with traditional methodologies, new processes are offered.

CREDITS: 3

DCE-205 INTERMEDIATE WHEEL THROWING

This course places an emphasis on refinement of basic wheel throwing techniques and glazing. Students are expected to develop assembled forms and groupings within their body of work.

CREDITS: 3

PREREQUISITE(S): DCE 105

DCE-212 INTERMEDIATE SLIPCASTING

This studio introduces the concept of the ceramic object derived from plaster cast techniques and the use of high-resolution molds. The emphasis is on assembled forms and the use of groupings to present a singular statement.

CREDITS: 3

PREREQUISITE(S): DCE 112

DCE-235 INTERMEDIATE HANDBUILDING

The focus of this course is functional and non-functional objects derived from expanding the traditional interpretation of forms and creative hybrids. Refinement in combining form with surface treatments is also emphasized.

CREDITS: 3

PREREQUISITE(S): DCE 175

DCE-250 CERAMICS SOPHOMORE STUDIO

This sophomore studio covers ceramic-related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meetings with all four craft major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include glaze chemistry, ceramic art history, mold-making and firing techniques, kiln building/ studio

equipment and decal making. Students must have sophomore status to enroll in this course.
CREDITS: 3

DCE-251 CERAMICS SOPHOMORE STUDIO

This sophomore studio covers ceramic-related projects presented through slide lectures, discussion and assigned exercises. This course introduces students to professional practices relevant to the studio ceramics field. Field trips, visiting artists and periodic meetings with all four craft major studios concerning crafts related subjects are part of this class. Topics rotate from semester to semester and include glaze chemistry, ceramic art history, mold-making and firing techniques, kiln building/ studio equipment and decal making. Students must have sophomore status to enroll in this course.
CREDITS: 3

DCE-275 INTERMEDIATE HANDBUILDING FUNCTIONAL

This intermediate course exposes students to various hand forming and glazing techniques as it pertains to the design and production of tableware. Along with traditional methodologies, new processes are offered.
CREDITS: 3

DCE-285 SPECIAL PROJECT 100/200

The Special Projects class is offered on an occasional basis, with course content specific to the area(s) being explored.
CREDITS: 3

DCE-305 ADVANCED WHEEL THROWING

Students in the advanced level of wheel throwing are expected to develop a personal voice using the wheel. Individuals refine their technical and conceptual skills while learning the fundamentals of firing their own work.

CREDITS: 3

PREREQUISITE(S): DCE 105, DCE 205

DCE-312 ADVANCED SLIPCASTING

This advanced studio guides students toward developing a personal voice using slipcasting, glazing, surface refinement and firing.

CREDITS: 3

PREREQUISITE(S): DCE 112, DCE 212

DCE-335 ADVANCED HANDBUILDING

This course encourages experimentation with new forming techniques and combinations. Emphasis is placed on developing a personal voice within a series of works.

CREDITS: 3

PREREQUISITE(S): DCE 135, DCE 235

DCE-350 CERAMICS JUNIOR STUDIO

This junior studio covers ceramic-related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meetings with all four Craft major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include glaze chemistry, ceramic art history, mold-making and firing techniques, kiln building/ studio equipment and decal making.

CREDITS: 3

PREREQUISITE(S): DCE 250, DCE 251

DCE-351 CERAMICS JUNIOR STUDIO

This junior studio covers ceramic-related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meetings with all four Craft major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include glaze chemistry, ceramic art history, mold-making and firing techniques, kiln building/ studio

equipment and decal making.

CREDITS: 3

PREREQUISITE(S): DCE 250, DCE 251

DCE-375 ADVANCED HANDBUILDING: FUNCTIONAL

This advanced course exposes students to various hand forming and glazing techniques as it pertains to the design and production of tableware. Along with traditional methodologies, new processes are offered.

CREDITS: 3

DCE-450 CERAMICS SENIOR STUDIO

This senior studio covers ceramic-related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meetings with all four Craft major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include glaze chemistry, ceramic art history, mold-making and firing techniques, kiln building/ studio equipment and decal making.

CREDITS: 3

PREREQUISITE(S): DCE 350, DCE 351

DCE-451 CERAMICS SENIOR STUDIO

This senior studio covers ceramic-related projects presented through slide lectures, discussion and assigned exercises. Field trips, visiting artists and periodic meetings with all four Craft major studios concerning crafts-related subjects are part of this class. Topics rotate from semester to semester and include glaze chemistry, ceramic art history, mold-making and firing techniques, kiln building/ studio equipment and decal making.

CREDITS: 3

PREREQUISITE(S): DCE 350, DCE 351

DCE-485 SPECIAL PROJECT 300/400

The special project class is offered on an occasional basis, with course content specific to the area being explored.

FALL 2016 CERAMIC AND DESIGN - This course seeks to explore the capability of clay as a creative and function medium. Clay is a material that is universal and unique while using both the oldest and newest techniques: Hand building, 3D printing, plaster mold making and CNC milling. In this course, students explore ceramic design through the understanding and knowledge of the material and technologies, the possibility of designing and learning through making, and looking at ceramic designs from tableware to lamps to tiles to sinks.

CREDITS: 3

DCE-490 INDEPENDENT STUDY

Independent Study is available to students who are at Junior or Senior level standing with a cumulative grade point average of 3.00 or above. The student may receive approval to work in an area or on a project that is not otherwise offered or addressed in the regular curriculum. Students may receive credit toward graduation for no more than 6 credit hours. The student must submit to the chairperson of the department in which they wish to study, an Independent Study Proposal of 150 words (no less) of the student's plan for study and her/his reason for choosing to study independently. Once the department chairperson provides approval and the instructor for the Independent Study is determined, the faculty member must write an Independent Study Syllabus with education goals, learning outcomes, meeting dates, course expectations, timelines, and due dates.

CRAFTS STUDIOS

DCR-103 VISUAL COMMUNICATION FOR CRAFTS

In this course, students learn different methods of producing one- and two-point perspective drawings to meet the needs of visually communicating and blueprinting craft objects. Emphasis is on how-to

techniques and exploring various manually applied media. Attention is placed on sketchbooks and their vital role in craft production processes.

CREDITS: 3

PREREQUISITE(S): DFN 119

DCR-110 SCULPTURAL CLAY

Students explore ways of merging clay both conceptually and structurally with other material (i.e. steel, glass, wood, etc.) through a series of technical demonstrations and projects aimed at strengthening and expanding personal expression within the ceramic medium.

CREDITS: 3

DCR-206 THE EMULSIVE IMAGE

Expand your creative voice through the rich contrast of photography and form. Tell a story, create icons of significance using clay, metal and photography. The class is an opportunity to realize how the photographic image in combination with finely crafted objects can transform your concepts and aesthetics to an expanded vision in your work. This multi-disciplinary class draws from photographic tradition and advanced digital printing technology to create images using etched and electroformed images on metal, digital film transfer on a variety of substrates and ceramic decal transfers. The resulting objects advance in new tradition, explore new combinations in form, and allows creativity of objects that echo your voice rich with narrative, concept and aesthetics.

CREDITS: 3

PREREQUISITE(S): DFN 119

DCR-219 SKETCHBOOK AND JOURNAL DEVELOPMENT

Students learn to formulate their personal concepts and symbols through words and images compiled in a mixed media sketchbook/journal format, generating ideas that are invaluable resources for many other CCS courses. Classes include concept and symbol research, exercises in drawing and journal writing, motivational slide lectures and audiotapes, lectures by visiting artists and field trips to museums, galleries and drawing sites. No drawing expertise required.

CREDITS: 3

DCR-248 HISTORY OF TEXTILES

This in-depth historical study examines the development of textiles and the events relating to their influence. Beginning with the Han Dynasty in China, moving to Byzantium, and then to the nineteenth century Industrial Revolution; this course tracks the exchange of color, motif, and fibers through trade. Also reviewed are textiles of India, the Near East, Egypt, Northern Africa, and Europe. Extensive reading and research are required. Students respond to content through detailed notebooks and studio projects.

CREDITS: 3

PREREQUISITE(S): DFD 111

DCR-252 3D DIGITAL CRAFT

This course is an introduction to computer modeling informed by craft processes. Students use various 3D software programs to create digital models and actual prototypes. Connections between craft, design, and production will be emphasized.

CREDITS: 3

PREREQUISITE(S): DFN 116, DFN 119

DCR-285 SPECIAL PROJECT 100/200

The Special Project class is offered on an occasional basis, with course content specific to the area(s) being explored.

FALL 2016 CRAFT PRODUCTION AND ECONOMY - This course explores the design, production, and branding of a line of handmade craft objects. Students begin the semester researching, organizing and presenting the creative influences that will direct class projects. Group critiques throughout the development phase assist with the appraisal of prototyping, technical patterning, sourcing materials, and efficient fabrication methods. Students also develop a business plan, project budget, product branding,

and identify local markets for retail. Field trips and visiting artists supplement the entrepreneurial spirit of this course. Prerequisite - Sophomore status and 100 level Crafts Studio
CREDITS: 3

DCR-310 ADVANCED SCULPTURAL CLAY

This course guides students toward an advanced investigation of sculptural forms using traditional techniques of handbuilding and wheel throwing. Surface embellishments, glazing alternatives and structural issues are explored.

CREDITS: 3

PREREQUISITE(S): DCR 110

DCR-316 DIGITAL PRINT AND PATTERN DESIGN

This is a two-part course. The first part of the course focuses on creating interconnected repeat patterns and textile artworks via painting, collage, and mixed media. In the second part of the course, students use Adobe Photoshop to recolor, composite, and improve their designs to create a collection of 8 to 12 digital surface designs.

CREDITS: 3

PREREQUISITE(S): DFN 119

DCR-340 PORTFOLIO AND WEB DEVELOPMENT

This course develops a student's ability to package their collective body of work into a family of marketing tools representing their abilities as an artist/designer. This course focuses on the review, analysis, preparation and/or improvement of the student's portfolio. Based on personal goals and faculty assessment, students develop mechanisms to market their skills. These would include developing a resume, looking at a variety of formats and layout, research for web site design, print design, and other appropriate personal marketing materials.

CREDITS: 3

DCR-353 INTERDISCIPLINARY GROUP SEMINAR II

This course is designed for advanced students in all areas who are self-motivated and who wish to pursue projects of a highly personalized and independent nature. Students are challenged to create a body of work with associated rationale in an interdisciplinary setting. Through regular feedback from instructor and peers students develop initial concepts, research and refine project briefs, investigate materials, techniques and processes, and execute work for final presentation.

CREDITS: 3

PREREQUISITE(S): DFN 116, DFN 118

DCR-475 CRAFTS INTERNSHIP

Participation in an internship experience allows students to use classroom-learned skills in a related employment experience. Students must work a minimum of 135 hours over the course of the entire semester. To participate students must be of junior or senior status with completion of freshman and sophomore studios. Students must have a minimum cumulative GPA of 2.8. Seniors may not be eligible to participate in an internship during their final semester. Transfer students must have attended one semester at CCS in addition to meeting the other eligibility criteria.

CREDITS: 3

DCR-485 SPECIAL PROJECT 300/400

The Special Project class is offered on an occasional basis, with course content specific to the area being explored.

CREDITS: 3

DCR-490 INDEPENDENT STUDY

Independent Study is available to students who are at Junior or Senior level standing with a cumulative grade point average of 3.00 or above. The student may receive approval to work in an area or on a project that is not otherwise offered or addressed in the regular curriculum. Students may receive credit toward graduation for no more than 6 credit hours. The student must submit to the chairperson of the

department in which they wish to study, an Independent Study Proposal of 150 words (no less) of the student's plan for study and her/his reason for choosing to study independently. Once the department chairperson provides approval and the instructor for the Independent Study is determined, the faculty member must write an Independent Study Syllabus with education goals, learning outcomes, meeting dates, course expectations, timelines and due dates.

DCR-505 AICAD EXCHANGE

Through the College's affiliation with the Association of Independent Colleges of Art and Design (AICAD), junior or first-semester senior students in good academic standing have the opportunity to spend a semester (fall or winter) or full year of study at another member institution in the United States or abroad. Application information is available in the Academic Advising and Registration Office.

CREDITS: 12 – 18

DCR-515 STUDY ABROAD

Junior or first semester senior students in good academic standing have the opportunity to spend a semester (fall or winter) or a full year of study at an accredited institution abroad. Further information is available from International Student Services.

CREDITS: 12 – 18

FIBERS

DFD-110 BEGINNING WEAVING

Beginning students learn the basics of floor loom weaving, including pattern weaves and double weaves. The main focus of the course rotates from semester to semester and includes rug weaving, tapestry, dyed imagery and ikat, weaving for function, and complex weaves.

CREDITS: 3

DFD-111 INTRODUCTION TO FIBER SURFACES

This course is an introduction to a variety of hands-on fiber and material techniques in order to develop a broad understanding of the fiber arts and textile design with emphasis on 2-D surfaces. Techniques may include pattern design, block printing, screen-printing, silk painting, fabric dyeing, embellishment, and applique. The study of techniques is augmented with slide presentations, visiting artists and field trips.

CREDITS: 3

DFD-112 INTRODUCTION TO FIBER STRUCTURES

This course is an introduction to a variety of hands-on fiber and material techniques with emphasis on pliable fiber structures. Students develop a broad understanding of fiber arts and textile design. Techniques may include felting, yarn creation, off-loom weaving, knitting, crochet, or basketry. The study of techniques is augmented with slide presentations, visiting artists, and field trips.

CREDITS: 3

DFD-119 FIBER COLLAGE AND EMBELLISHMENT

In this course, students explore the art of collage in which found and handmade fabrics and objects are combined in traditional as well as nontraditional ways. A variety of surface embellishment techniques are also introduced (stitchery, beading etc.). Students create and critique collages and share their knowledge of materials and technique. Films, visiting artists, slide lectures and field trips support the students in their explorations.

CREDITS: 3

DFD-120 COLOR THEORY AND TEXTILES

This course is designed for fiber, product, graphic, and interior designers and has direct relevance for those students planning careers in Color and Materials and related fields. Those interested in further developing an eye for color action and a feeling for color relatedness will greatly benefit from this class. Students study color relationships utilizing Josef Albers book, *The Interaction of Color*. Exercises are executed in color-aid paper and the concepts are translated into various textile techniques.

CREDITS: 3

DFD-140 HUE DYE FIBER

An in-depth, systematic exploration of the many facets of color as it relates to dye chemistry. Students explore metric system dyeing of animal, vegetable, and synthetic fibers utilizing natural/vegetable dyes, fiber reactive, acid and disperse dyes. A detailed and comprehensive dye sample notebook and final project with emphasis on color will be the result of this course.

CREDITS: 3

DFD-210 INTERMEDIATE WEAVING

This course builds on the skills acquired in Beginning Weaving. The main focus of the course rotates from semester to semester includes rug weaving, tapestry, dyed imagery and ikat, weaving for function and complex weaves.

CREDITS: 3

PREREQUISITE(S): DFD 110

DFD-220 SCREEN PRINTING ON FABRIC

The workshop style format of this class introduces students to a variety of printing methods using hand-cut stencils and photo emulsion. Techniques include preparing original artwork for multi-color patterned yardage, improvisational (freestyle) printing, and engineering placement prints. Textile pigments, thickened dye, and discharge pastes will be introduced. Special focus is placed on material exploration, color mixing, and registration of multiple screens.

CREDITS: 3

DFD-225 STITCHED ASSEMBLAGE

This course explores piecing, quilting, applique, embellishment, and stitched collage. Basic machine and hand sewing will be introduced to produce pliable, layered, and sculptural surfaces. Traditional and nontraditional materials combinations and fabric manipulation techniques will function as the "skin" of armature-based sculptural constructions. An overview of historical and contemporary fiber works will provide framework for students to experiment.

CREDITS: 3

DFD-230 AUTOMOBILE INTERIOR COLOR AND DESIGN

In this course, students design and create the soft trim of a vehicle, i.e., seat coverings, flooring, headlining, door panels, etc. There are also opportunities to choose exterior paint colors as well as pin striping or other exterior detailing. The class works closely with industry contacts to produce a professionally finished car that speaks to the future of car design.

CREDITS: 3

DFD-240 HOME DEC(ODE)

This course focuses on the creation of custom fabrics for home decor. Students will initially work on paper to create motifs and symbols that serve to carry meaning as contemporary cultural artifacts. These concepts will be refined and appropriated to suit its intended end use. Techniques may include weaving, knitting, printing, dyeing, embellishment, felting, and/or laser cutting. Basic sewing machine skills will be introduced and students will construct utilitarian objects with their fabrics.

CREDITS: 3

DFD-241 RESIST DYEING

The intensive workshop-style format of this class gives students a sampling of various resist-dyeing techniques. Shibori (Japanese bound resist), Batik (Indonesian wax resist), and starch based resist techniques will be explored. Students will immersion dye, paint with dyes, and extract color from cloth with bleach solutions. Slide lectures, field-trips, and class critiques support hands-on work. Assignments stress creative uses of traditional resist dyeing techniques.

CREDITS: 3

DFD-243 TEXTILE SCIENCE

In this course students become acquainted with the properties of fibers, their fabrication and application.

Textiles are considered from the point of view of the modern consumer, as well as historically. Each component of a textile-fiber, yarn, fabrication and finishing-and how their interrelationship contributes to the serviceability of the textile is included in this course.

CREDITS: 3

DFD-260 CONTEMPORARY OBJECTS FROM A BASKETRY TRADITION

The ancient basketry techniques of twining and coiling have become a popular and well received contemporary mode of expression for sculptural and utilitarian forms. These two techniques will be explored through a series of exercises followed by a final project. The course will be enhanced by comprehensive powerpoint presentations and a field trip to Cranbrook Science Museum to view their historic basketry collection.

CREDITS: 3

DFD-285 SPECIAL PROJECT 100/200

The Special Project class is offered on an occasional basis, with course content specific to the area(s) being explored.

CREDITS: 3

DFD-310 ADVANCED WEAVING

This course provides advanced students with the opportunity to undertake independent exploration. Students design their own course of study, with approval of the instructor. The main focus of the course rotates from semester to semester and includes rug weaving, tapestry, dyed imagery and ikat, weaving for function and complex weaves.

CREDITS: 3

PREREQUISITE(S): DFD 210

DFD-316 ADVANCED WEAVING: TAPESTRY

This class explores the various weaving techniques used to create tapestry. Students learn how to create images and textures using a floor loom. By the close of the semester, each student is required to complete a small tapestry.

CREDITS: 3

PREREQUISITE(S): DFD 210

DFD-323 EXPERIMENTAL FASHION

This course explores garment construction, metaphor, and personal adornment. Students will develop skills in basic pattern drafting and machine sewing techniques. There will be slide presentations, visiting artists, and weekly readings about various designers and artists who approach clothing with an artistic vision. This course is an excellent follow-up to Stitched Assemblage.

DFD-350 FIBER AND TEXTILES: JUNIOR MAJOR STUDIO

This junior studio covers fiber and textile related projects presented through slide lectures, discussion, and assigned exercises. Research, material exploration, and concept development are the primary focus of the first semester. Emphasis is placed on students developing an individualized point of view through creative practices and experimentation. Class topics change from semester to semester and are informed by craft based art and design themes. Field trips, visiting artists, critiques, and discussion of craft based art and design are complementary to studio work.

DFD-351 FIBER AND TEXTILES: JUNIOR MAJOR STUDIO

This junior course covers fiber and textile related projects presented through slide lectures, discussion, and assigned exercises. Building upon concepts developed during the first semester, Juniors further develop an individualized point of view through research, material innovation, and creative practices. Class topics change from semester to semester and are informed by craft-based art and design themes. Field trips, visiting artists, critiques, and discussion of craft based art and design are complementary to

studio work.

CREDITS: 3

DFD-490 INDEPENDENT STUDY

Independent Study is available to students who are at Junior or Senior level standing with a cumulative grade point average of 3.00 or above. The student may receive approval to work in an area or on a project that is not otherwise offered or addressed in the regular curriculum. Students may receive credit toward graduation for no more than 6 credit hours. The student must submit to the chairperson of the department in which they wish to study, an Independent Study Proposal of 150 words (no less) of the student's plan for study and her/his reason for choosing to study independently. Once the department chairperson provides approval and the instructor for the Independent Study is determined, the faculty member must write an Independent Study Syllabus with education goals, learning outcomes, meeting dates, course expectations, timelines and due dates.

GLASS

DGL-135 TEXTURE, PATTERN & SURFACE: HOT GLASS

This course provides the student with a strong vocabulary of surface, texture, and patterning composition. The student is encouraged to experiment with combinations of decoration. The course is designed in a skill building and exploration format that utilizes basic glassblowing form and techniques.

CREDITS: 3

DGL-138 GLASS ELEMENTS

In this course hot and cold glass techniques are utilized in making parts to be combined with metal and other materials to make a body of work. The course is directed toward students especially interested in multimedia objects, sculpture, collage, furniture, architectural elements, etc. Glass techniques of casting, hot forming, glass blowing, sandblasting, grinding and polishing are also covered. Use of the metal and wood shop is incorporated. Student safety clearance for use of the shops is required.

CREDITS: 3

DGL-140 CAST GLASS

This course covers various mold-making techniques for glass, including sand casting, slumping, fusing, pate de verre, hot billet casting, etc. Students explore the unique characteristics of cast glass in vessels, sculpture and panels. Glass elements may be made for inclusion with other materials.

CREDITS: 3

DGL-142 BEGINNING GLASSBLOWING

In this course, students work on a one-to-one basis with the instructor, as well as participate in teamwork with other students. This class takes an extensive look at the techniques used in historical glasswork as well as in contemporary studio work.

CREDITS: 3

DGL-148 GLASSBLOWING WITH MOLDS

In this course, students learn glassblowing using molds to extend form making potential and to fabricate unique molds. Techniques covered include optical, two part and free-form molds. Mold materials of plaster, wood, metal, sand and graphite are explored. The use of glass color and cold work finishing techniques complete the experience. Projects realized include utilitarian vessels, sculptural and architectural elements.

CREDITS: 3

DGL-152 GLASS FUSING AND RELIEF CASTING

This course focuses on fusing and slumping processes and relief casting for the production of functional forms and for creation of sculptural work.

CREDITS: 3

DGL-242 INTERMEDIATE GLASSBLOWING

The purpose of this course is to further develop the basic skills and techniques needed to make a blown-glass form. Primary skills are reviewed; additional techniques and projects are explored.

CREDITS: 3

PREREQUISITE(S): DGL 142

DGL-244 GLASSBLOWING WITH IMAGERY

In this course, students learn in-depth color compositional techniques as they relate to glass and how they are applied to personal expression. The theme of this course is to integrate color composition imagery into blown glass. Referencing historic and contemporary glass, students develop a personal body of work reflecting researched topics and proficiency in skills they have developed. Some techniques covered include cain, frit and shard glass, and engraving and etching to produce compositions both decorative and painterly.

DGL-285 SPECIAL PROJECT 100/200

The Special Project class is offered on an occasional basis, with course content specific to the area(s) being explored.

FALL 2016 MAGICAL TECHNOLOGIES & ARTFUL INSTRUMENTS - This class focuses on the study of optics and "the enduring entanglements of humanity with the magical technologies and artful instruments we have placed between our eyes and the world." This course investigates hot glass through its optical properties. Students learn basic glassblowing techniques and experiment with new approaches in hot casting, blowing, and cold-working. Lectures, demonstrations, and critiques encourage students to consider both the technical and conceptual manifestations of glass as a material. Students also learn to work with pure light sources such as video projectors, exploring how light redefines perceptions of three-dimensional objects in terms of volume, shape, and surface texture. Lectures range from the development of optical instruments and technologies in the 19th Century through modern digital media.

JEWELRY AND METALSMITHING

DME-140 METALSMITHING AND JEWELRY DESIGN

This course is a multilevel studio with an emphasis on fabrication and forming techniques for jewelry and small-scale metals.

CREDITS: 3

DME-144 HOLLOWARE

Functional and non-functional objects are derived from the traditional vessel format. Traditional forming operations for sheet metal are explored; experimentation is encouraged.

CREDITS: 3

DME-175 BLACKSMITHING

This class is an introduction to traditional blacksmithing techniques. Students explore the hand forging of ferrous and non-ferrous metals into a variety of decorative and utilitarian objects with an emphasis on traditional joinery techniques. Topics include terms and vocabulary, hand proficiencies related to blacksmithing technology, tool making, and a survey of this versatile process with a focus on its historical relevance. Beginning level students focus on foundation skills associated with the manipulation of metal using the hammer and anvil.

CREDITS: 3

DME-176 BLACKSMITHING PATTERN DEVELOPMENT

This beginning course is a semester long intensive study into the development of pattern in both ferrous and non-ferrous metals. Using forge welding and diffusion, this course covers simple layering processes to composites and mosaic patterning methods. Throughout the semester each student assembles a journal comprised of weekly clay pattern experiments, and production notes. Journals are then photocopied and compiled into reference books of techniques and patterns.

CREDITS: 3

DME-177 BLACKSMITHING BEGINNING CONTEMPORARY DECORATIVE IRON

Contemporary Decorative Iron combines the tools and practices of the traditional blacksmith with modern machine and fabrication technology. Students explore the forging of ferrous and non-ferrous metals into a variety of decorative and utilitarian objects with an emphasis on contemporary fabrication techniques. Topics include discipline relevant terms and vocabulary, related technology, tool making, and a survey of this versatile process with a focus on its contemporary application.

CREDITS: 3

DME-178 BLACKSMITHING BEGINNING TOOL MAKING FOR OBJECT MAKER

This introductory course is an independent study in the making of functional hand tools specific to a chosen medium. Throughout the semester, the processing and treatment of different types of tool steels are emphasized. Students work on projects independent from one another based on each student's specific interests. Design, steel characteristics, hot forging, riveting, heat-treating, and basic joinery are emphasized.

CREDITS: 3

DME-240 ENAMELING

The basic techniques of enameling are introduced in this course, with an emphasis on technical proficiency, aesthetics, and design.

CREDITS: 3

DME-241 INTERMEDIATE METALSMITHING & JEWELRY DESIGN

This studio is the second level of exploration concerned with fabrication and forming techniques for jewelry and small scale metals. The emphasis within this course is directed research into topics of technical proficiency, material vocabulary and creative problem solving.

DME-376 BLACKSMITHING ADVANCED PATTERN DEVELOPMENT

This course is a semester long intensive study of the development of pattern on both ferrous and non-ferrous metals. Using forge welding and diffusion, participants explore layering processes of developing composites and mosaic patterns in steel using power hammer methods. Twisting, stock reduction, and book match patterning techniques are presented. Advanced students research patterned steel of an historic precedent and develop pattern samples that reflect a technical lineage. Throughout the semester each student assembles a journal comprised of weekly clay pattern experiments, and production notes. Journals are then photocopied and compiled into reference books of techniques and patterns.

DME-377 BLACKSMITHING ADVANCED CONTEMPORARY DECORATIVE IRON

This course combines the tools and practices of the traditional blacksmith with modern machine and fabrication technology. Students refine the forging of ferrous and non-ferrous metals into a variety of decorative and utilitarian objects with an emphasis on contemporary fabrication techniques. Topics include discipline relevant terms and vocabulary, related technology, tool making, and a survey of this versatile process with a focus on its contemporary application. Advanced students expand the technical base of hand-forged process to explore mechanical hammering, arc welding, machining, and cold joinery. Independent design and execution of work challenges each student to gain confidence in the practical execution, sequence, and creative problem solving. Students at this level self direct the parameters of each assignment; develop patterns, material specifications and produce work to a professional standard.

WOOD

DWD-180 WOODWORKING

This course teaches the basics for woodworking while introducing the woodshop and the equipment necessary for working in wood. Students investigate, through demonstrations and exercises, various techniques used in woodworking.

CREDITS: 3

DWD-185 BEGINNING WOOD FURNITURE

This is an introductory course in the construction of wood furniture. IN THE FALL SEMESTER, this class explores construction with laminates. Students create a piece of furniture of their own design, incorporating plywood combined with hardwoods, wood laminates and plastic laminates. Construction includes the use of bending birch plywood to create curved or custom forms. Techniques used allow a wide range of form possibilities. IN THE WINTER SEMESTER, students are responsible for the design and construction of a chair made of hardwoods using traditional joinery. Grading emphasis is on craftsmanship and design, as they are integral parts of one another. Students must be able to build the furniture they design, and all work must be completed during the term. Classes include demonstrations and critiques with the bulk of the course being individual instruction and work during class time.

CREDITS: 3

DWD-280 ADVANCED WOODWORKING

Students continue to develop techniques in joinery, carving and turning through projects designed to build their visual and technical vocabulary. Specified course work increases the advanced student's understanding of wood as a material for making fine art. Special emphasis is given to finishing processes and additive construction techniques.

CREDITS: 3

PREREQUISITE(S): DWD 180

DWD-285 ADVANCED WOOD FURNITURE

This is a follow-up course in the production of wood furniture and concentrates on the proper techniques for the construction of cabinetry. Students continue to explore and master joinery techniques and solve the problems of wood expansion and contraction.

ENTERTAINMENT ARTS

DMA-101 ANIMATION I

Students explore the fundamental principles of animation, creating convincing character motion involving timing, weight, physics, and body mechanics. Students must fully understand the basics in order to create convincing animation in any medium. This course prepares the foundation for future animation projects.

CREDITS: 3

DMA-120 CREATIVE VISUALIZATION

The emphasis of this course is on imaginative pre-production for an evolving world of moving images. Acknowledging the rapid changes in the way work is produced and distributed, students will be introduced to historical, theoretical, and practical methods of visual communication as they develop their storytelling skills through creative writing and pre-visualization exercises for animation, game, live action, and new media. This is a required course for all first year Entertainment Arts students.

CREDITS: 3

DMA-125 INTRO TO DIGITAL VIDEO

This course is an introduction to the world of video production. With an emphasis on storytelling, students engage in a series of exercises designed to prepare them for writing, planning and directing their own short video productions. Storyboarding, blocking, lighting, cinematography and editing are emphasized in this course. Additionally, students analyze selected films and videos and begin to develop a critical awareness of cinematic language. OPEN TO NON-MAJORS.

CREDITS: 3

DMA-201 ANIMATION II

This course continues the development of character animation, further exploring the foundations while introducing acting theory, film language, scene structure and technical skills. Students refine their drawing and animation skills, working on techniques that include animation clean up, lip sync, timing to music and sound, moving layouts/pans, assisting, timing/slugging and completed production. Comedic and dramatic acting is further explored as well as producing completed sequences, in addition to technical skills such as compiling, presentation and learning to work in different styles.

CREDITS: 3

PREREQUISITE(S): DMA 101

DMA-202 ANIMATION III

In this course students study similarities and differences between acting for animators and real world acting, applying concepts to multiple character interaction with sets and props, exploring comedic timing, and conveying emotions. Students build on knowledge from Animation I and II to refine their animation skills working on techniques specifically related in their area of concentration, lip sync and film and character animation production through the creation of a completed animation short.

CREDITS: 3

PREREQUISITE(S): DMA 201

DMA-211 2D DIGITAL ANIMATION

This course introduces students to time-based animation through basic concepts and theories of compositing sequencing, editing, digitizing, rendering, file management and organization. Students also learn how to communicate ideas and information through the use of these elements.

CREDITS: 3

DMA-212 2D DIGITAL ANIMATION II

This course introduces students to time-based animation through basic concepts and theories of compositing, sequencing, editing, digitizing, rendering, file management and organization. Students also learn how to communicate ideas and information through the use of these elements.

CREDITS: 3

PREREQUISITE(S): DMA 211

DMA-217 INTRODUCTION TO 3D COMPUTER GRAPHICS

This class introduces students to the basic concepts and possibilities of computer animation available through Maya. Students develop a basic understanding of Maya as a program, along with such general animation concepts as modeling, texturing, rendering, fundamental motion and 'point of view' (camera positioning). The goal of this course is to build familiarity with the tools, terminology and ideas involved in modeling and moving in the virtual 3D world.

CREDITS: 3

DMA-225 INTERMEDIATE VIDEO

This course emphasizes the use of light and sound in film-style video production. Students master the tools involved in location sound recording and studio lighting. The thematic thrust of this course involves the examination, discussion and cinematic uses of light and sound as they relate to visual story telling.

CREDITS: 3

PREREQUISITE(S): DMA 125

DMA-228 STOP MOTION I

This class focuses on object, clay and puppet animation. Topics covered include staging, choreography, direction, acting, stage design and cinematic language. Students explore the characteristics of physical space and how movement can be used to suggest weight and gravity. Students also investigate light and shadow in scenes and learn how to create convincing stop motion characters through design, materials and single-frame animation.

CREDITS: 3

PREREQUISITE(S): DMA 125

DMA-230 EXPERIMENTAL ANIMATION

Students undertake hands-on exploration of nontraditional ways of creating animations. They experiment with materials such as charcoal on paper, chalk on blackboard, painting on and scratching off film, cut outs, sand animation, painting on glass and painting with clay, or may choose their own materials.

American and international experimental animation are used as an inspiration and challenge for students in the development of their personal work.

CREDITS: 3

DMA-232 GESTURE DRAWING

This class offers the student the opportunity to observe and draw the figure from life, both human and animal. We will be drawing in class as well as on location. The focus will be on quick sketches, observing the figure in motion through gestural poses in class and observing animals and people on location. In addition, the instructor will lecture and do demonstrations in class. Through quick sketches in class and on location the student will gain confidence in their drawing skills, and through observation acquire an internal sense of how the body moves, and skills that will greatly enhance their artistic goals.

CREDITS: 3

DMA-233 ENVIRONMENTS AND CHARACTERS

This course focuses on the development of environments and characters as they relate to game design and animation. Treatments and synopsis describe the theme based character back-story, rationale, and visual design. Students develop environments that consider and are integrated with character design. Students exit the course with a finished and highly developed portfolio of characters and environments. Originality and innovation will be emphasized.

CREDITS: 3

PREREQUISITE(S): DMA 120

DMA-234 MODELING & TEXTURING

This course builds upon the Introduction to 3D course, with more advanced projects in 3D modeling, texturing, and setup. Students explore the use of various techniques for using modeling tools and workflows, explore hard and organic surfaces, and plan for proper rigging. By the completion of this course, students will have a thorough understanding of how to prepare their models for animation.

CREDITS: 3
PREREQUISITE(S): DMA 217

DMA-246 GAME ART I

This course focuses on the creation of 3D models for realtime applications such as games. Modeling, texturing, lighting, and animation for games are covered as well as how a game production pipeline works.

CREDITS: 3
PREREQUISITE(S): DMA 217

DMA-256 LIGHTING & RENDERING

This course builds on DMA 217, Introduction to 3D, with more advanced projects in 3D lighting, texturing, and compositing. Students explore the use of various techniques for using lights, rendering images, and preparing them in a final composite.

CREDITS: 3
PREREQUISITE(S): DMA 217

DMA-285 SPECIAL PROJECT 100/200

The Special Project class is offered on an occasional basis, with course content specific to the area(s) being explored.

FALL 2016 LIGHTING FOR DIGITAL FILMMAKING - This course will explore lighting techniques used to create mood and style for digital productions. Students will learn how to manipulate light and camera exposure through the modification of color, shadow control, and luminance. The course focuses on correct lighting for in camera capture to lessen the postproduction time for the correction of avoidable capture/production mistakes. Through hands on workshops and projects, students will experience lighting for interior sets and locations, lighting outside for day and night scenes, the three forms of light and how and when to use them, green screen production and lighting for compositing, and various multiple lighting configurations. Assignments will build on knowledge and complexity of camera control and lighting properties as the semester progresses.

CREDITS: 3

DMA-304 FLASH ANIMATION

The techniques of traditional animation will be utilized in a Flash CS4 environment. Students will study advanced timing and weight, through a series of projects designed to showcase the principles of animation. Issues such as key framing, in-betweening and cycling will be covered.

CREDITS: 3
PREREQUISITE(S): DMA 101

DMA-310 MAQUETTE SCULPTURE

In this course students create three entertainment sculptures, three to twelve inches in height, commonly referred to as maquettes. A maquette is a small sculpture of an animated character intended to be used as a conceptual guide in the creation of a final work. The ability to capture and represent a character in sculpture has many applications in the entertainment and toy industry. Creation of these sculptures are taught from concept drawings, through creation of armatures on suitable presentation bases through to the completion of the final sculptures, that are created in polyform clay.

CREDITS: 3

DMA-312 SOUND DESIGN

The objective of this course is to help students understand the conceptual and technical challenges of sound, and the important communication role it plays when combined with visuals. Techniques of recording, generating, editing, synchronizing and manipulating sound data are covered in depth as well as the conceptual issues of noise, sound and music. The goal is to create a keen awareness of the evocative, informational and temporal possibilities that sound offers in connection to the student's visual work from other classes.

CREDITS: 3

DMA-317 COMPUTER CHARACTER ANIMATION I

With this course, students begin to learn the skills necessary for effective character animation. Students continue to develop their understanding of Maya software and integrate with anatomy, pose, convincing motion and character acting. The goal of this course is to seamlessly integrate the software skills learned up to this point with conceptual skills such as character development, expressive movement and cinematic narrative.

CREDITS: 3

PREREQUISITE(S): DMA 217

DMA-319 VISUAL STORY

This class offers students a detailed exploration of the relationship between story structure and the visual structure of film making. Students study visual concepts based upon the theories of Bruce Block including space, line, tone, color, rhythm and movement. Through this exploration students will fully develop storyboards, stills, and animatics that communicate story on a visual level.

CREDITS: 3

DMA-322 SOUND DESIGN II

This course will build upon and re-enforce the fundamentals of the sound design course; Using sound as an enhancement for the visual. This course will offer a greater emphasis on all the elements of mixing, in particular mixing surround sound.

CREDITS: 3

PREREQUISITE(S): DMA 312

DMA-325 VIDEO PROJECTS I

This course explores the short form video and its relationship to digital technology, focusing squarely on the production process - from treatment to finished piece. Projects are theme-based (light, space, and time), providing students with a conceptual root by which to develop and re-contextualize their cinematic examinations.

CREDITS: 3

PREREQUISITE(S): DMA 225

DMA-326 VIDEO PROJECTS II

This advanced video production course will allow students to focus their energies on a short fiction or non-fiction film of their own design, while developing their technical skill set. Students will crew for each other, shooting with industry standard equipment, to achieve a more cinematic vision. The entire production process will be addressed and smaller projects will be encouraged throughout the semester.

CREDITS: 3

PREREQUISITE(S): DMA 325

DMA-328 STOP MOTION II

This course builds on the cinematic skills learned in Stop Motion I. Students will further refine their skills in creative narratives and distinctive characters. The goal of the course is for students to produce a short film that showcases their acquired skills and their own original aesthetic.

CREDITS: 3

PREREQUISITE(S): DMA 228

DMA-329 ADVANCED COMPUTER GENERATED ENVIRONMENTS

This advanced CG course builds upon the students prior knowledge of 3D CG and applies that knowledge and skill towards the rendering of realistic and convincing CG still lifes, indoor environments, and outdoor environments. New techniques that can enhance image quality and composition are discussed and demonstrated. Traditional and non-traditional 3D techniques, exploring photorealism, efficient modeling, lighting and texture mapping are also covered in this course.

CREDITS: 3

PREREQUISITE(S): DMA 217

DMA-333 ADVANCED STORY CONCEPTS

This course will examine story development and concept execution through the screening and dissection of existing media works (short films, games, etc) and implementing best practices for the preproduction pipeline. Students will spend the semester focused on preproduction for potential senior thesis projects through ideation, concept development, writing exercises (short stories, treatments, screenplays and/or game design documents). Practical exercises will focus on compelling storytelling and concept execution for a variety of media with an eye toward challenging, achievable production projects emphasizing cinematic language, compelling storytelling, developed skills, and the importance of personal aesthetics and voice.

CREDITS: 3

PREREQUISITE(S): DMA 120

DMA-336 GAME ART II

This course focuses on the creation of 3D models for realtime applications such as games. Using the skill sets acquired from Game Art I, students explore the next level of modeling, texturing, lighting, and animation for games and have a firsthand experience of how to put their 3D creations into a realtime game environment.

CREDITS: 3

PREREQUISITE(S): DMA 246

DMA-337 STOP MOTION PUPPET CONSTRUCTION

In this course students construct a high-end stop motion puppet of their design. Students final puppets consist of machine ball-and-socket armatures and foam latex skins, that are ready for animation or display presentation. Techniques taught include sculpting, mold making, light machining, and model painting. The history of this process is discussed as well as its importance in understanding other related art forms such as 3D modeling and animated film production.

CREDITS: 3

DMA-339 GAME PROJECTS I

This course guides students through game production, explores and experiments with traditional and non-traditional methods for producing games (2D, Web based, mobile, interactive, installation, etc.) These self-directed collaborative projects are designed to allow the student the opportunity to fully experiment with the creative medium. Story, technique and originality are emphasized. This class is focused on 2D game production.

CREDITS: 3

PREREQUISITE(S): DMA 246

DMA-340 GAME PROJECTS II

This course guides students through game production, explores and experiments with traditional and non-traditional methods for producing games (2D, Web based, mobile, interactive, installation, 3D, etc.) These self-directed collaborative projects are designed to allow the student the opportunity to fully experiment with the creative medium. Story, technique and originality are emphasized. This class is focused on 3D game production.

CREDITS: 3

PREREQUISITE(S): DMA 339

DMA-341 DIGITAL CHARACTER SCULPTING ENVIRONMENTS

This course offers advanced students a chance to develop and create characters and environments and develop them in an advanced 3D pipeline, using Maya, Zbrush and Muddbox to sculpt ideas and concepts into usable 3D models. Advanced levels of 3D models will be explored, developed, and processed in an appropriate pipeline.

CREDITS: 3

PREREQUISITE(S): DMA 217

DMA-342 DOCUMENTARY FUNDAMENTALS

This is a course in the aesthetics and techniques of documentary video production. Exercises and assignments emphasize camera work, sound recording and editing, story structure, and interviews. Students devote the bulk of the semester to the production of a short, personal documentary project.

CREDITS: 3

PREREQUISITE(S): DMA 225

DMA-345 EXPERIMENTAL VIDEO I

Emphasis is placed on pushing the boundaries (technologically, spatially and aesthetically) around the notions of narrative. Students explore the history of non-traditional forms in video and film, and may create single and multi-channel video designed for galleries, alternative and public sites.

CREDITS: 3

PREREQUISITE(S): DMA 125

DMA-347 COMPUTER CHARACTER ANIMATION II

This course continues to develop character animation skills in Maya and provide the student with an understanding of what makes characters and objects "come to life." The goal is to work toward finished, professional quality animations that can be included in the digital portfolio and to prepare creative projects and approaches to be carried into the Senior Production Studio course.

CREDITS: 3

PREREQUISITE(S): DMA 317

DMA-348 ANIMATION PROJECTS I

Students explore and experiment with traditional and non-traditional materials and animation processes (paint, clay, sand, cut-out, pixillation, computer graphics, etc.) to create finished animated films. These self-directed collaborative projects are designed to allow the student the opportunity to fully experiment with the creative medium. Story, technique and originality are emphasized.

CREDITS: 3

PREREQUISITE(S): DMA 230

DMA-349 ANIMATION PROJECTS II

This course follows Animation Projects I and allows students to continue to explore and experiment with traditional and non-traditional materials and animation processes (paint, clay, sand, cut-out, pixillation, computer graphics, etc.) to create finished animated films. These self-directed collaborative projects are designed to allow the student the opportunity to fully experiment with the creative medium. Story, technique and originality are emphasized. Note: Some students (transfers) may take this course before Animation Projects I if their schedule requires.

CREDITS: 3

PREREQUISITE(S): DMA 230

DMA-352 EXPERIMENTAL VIDEO II

Emphasis is placed on pushing the boundaries - technologically, spatially and aesthetically - around the notions of narrative. Students explore the history of non-traditional forms in video and film. Students may create single and multi-channel video designed for galleries, alternative and public sites.

CREDITS: 3

PREREQUISITE(S): DMA 345

DMA-410 SENIOR PRODUCTION STUDIO I

The purpose of this course is to allow students to undertake a major independently initiated project that forms a major part of their graduation portfolio, or reel. Since students from all concentrations in the curriculum are required to take this course there are opportunities for students to form teams that include many different skills and tackle ambitious, forward-looking projects in a professional manner.

CREDITS: 3

PREREQUISITE(S): DMA 333

DMA-420 SENIOR PRODUCTION STUDIO II

This is the second of two senior-level studio courses. The purpose of this course is to allow students to continue to undertake a major independently initiated project that forms a major part of their graduation portfolio, or reel. Since students from all tracks in the curriculum are required to take this class, there are opportunities for students to form teams that include many different skills and tackle ambitious, forward-looking projects in a professional manner.

CREDITS: 3

PREREQUISITE(S): DMA 333

DMA-424 PROFESSIONAL FUTURES I

The intent of this class is to prepare the student for entry into the next level of work. Future scenarios in professional studios, corporations, research institutions and graduate education are discussed, general business and ethics are addressed and portfolios are prepared according to the student's personal aims and objectives.

CREDITS: 3

PREREQUISITE(S): DMA 333

DMA-425 PROFESSIONAL FUTURES II

The intent of this class is to prepare the student for entry into the next level of work. Future scenarios in professional studios, corporations, research institutions and graduate education are discussed, general business and ethics are addressed and portfolios are prepared according to the student's personal aims and objectives.

CREDITS: 3

PREREQUISITE(S): DMA 424

DMA-475 ENTERTAINMENT ARTS INTERNSHIP

Participation in an internship experience allows students to use classroom-learned skills in a related employment experience. Students must work a minimum of 135 hours over the course of the entire semester. To participate students must be of junior or senior status with completion of freshman and sophomore studios. Students must have a minimum cumulative GPA of 2.8. Seniors may not be eligible to participate in an internship during their final semester. Transfer students must have attended one semester at CCS in addition to meeting the other eligibility criteria.

CREDITS: 3

DMA-485 SPECIAL PROJECT

The Special Project class is offered on an occasional basis, with course content specific to the area(s) being explored.

FALL 2016 CONCEPT DESIGN - The process of creating visually compelling, distinct and relevant solutions for the challenges conceptual designers routinely face is the core focus of this class. Students will learn the skills needed to approach the design of any object with a special emphasis placed on mastering the "industrial design" approach to problem solving within story.

CREDITS: 3

FALL 2016 ADVANCED CREATURE CREATION - In this course students will explore the necessary details needed to create believable creature full body models. Students will learn the necessary process needed to design, plan, create and implement professional creature and character models in 3D using Maya and Zbrush in a professional pipeline setting.

3D CHARACTER ANIMATION - The emphasis of this course will be on advancing performance, body mechanics, weight, etc, in regards to 3D character animation. Students are introduced to these techniques through demo and lecture.

ADVANCED CHARACTER DEVELOPMENT - This course focuses on the development of characters, creatures and environments as they relate to game design, live-action and animation. Treatments and synopsis describe the theme based character back-story, rationale, and visual design. Students visually

develop environments and characters tied to story using 2D and 3D conceptual tools. Students exit the course with a finished and highly developed portfolio of characters and environments. Originality and innovation are emphasized.

CREDITS: 3

PREREQUISITE(S): DMA 341

DMA-490 INDEPENDENT STUDY

Independent Study is available to students who are at Junior or Senior level standing with a cumulative grade point average of 3.00 or above. The student may receive approval to work in an area or on a project that is not otherwise offered or addressed in the regular curriculum. Students may receive credit toward graduation for no more than 6 credit hours. The student must submit to the chairperson of the department in which they wish to study, an Independent Study Proposal of 150 words (no less) of the student's plan for study and her/his reason for choosing to study independently. Once the department chairperson provides approval and the instructor for the Independent Study is determined, the faculty member must write an Independent Study Syllabus with education goals, learning outcomes, meeting dates, course expectations, timeline, and due dates.

CREDITS: 3

DMA-505 AICAD EXCHANGE

Through the College's affiliation with the Association of Independent Colleges of Art and Design, junior or first-semester senior students in good academic standing have the opportunity to spend a semester (Fall or Winter) or full year studying at another member institution in the United States or abroad. Application information is available in the Academic Advising and Registration Office.

CREDITS: 12 – 18

DMA-515 STUDY ABROAD

Junior or first-semester senior students in good academic standing have the opportunity to spend a semester (Fall or Winter) or a full year of study at an accredited institution abroad. Information is available from International Student Services.

FASHION ACCESSORIES DESIGN

FAD-101 FASHION ACCESSORIES FUNDAMENTALS

This class is an introduction to the global fashion accessories industry. Students study concepts from the supply chain and fashion calendar to basic construction skills. The class gives an overview of the various steps in the design and production processes, also known as the value chain, and surveys major companies and personalities.

FAD-102 FASHION ACCESSORIES PROCESSES

In this course, the student will explore the process of designing a collection and all that is required to make a professional presentation. The students will learn how to conduct creative research and how to translate those ideas into bankable products. Students will use the information learned in class to create a full design package consisting of mood, materials, color, illustration, and technical drawings.

CREDITS: 3

FAD-201 ACCESSORIES DESIGN I

In this course, students will learn basic methods of handbag construction. This involves pattern cutting, sewing, canvas model construction, and producing the final bag. The student will learn how to translate ideas from a two-dimensional sketch to a three-dimensional handbag. The students will also be able to learn how to use various types of leather, canvas, and hardware. Students will be trained on various industrial machines as well.

CREDITS: 3

FAD-202 ACCESSORIES DESIGN II

In this course, students will learn basic methods of designing and construction of small leather goods. This involves pattern cutting, sewing, canvas model construction and producing. The student will learn how to translate ideas from a two-dimensional sketch to a three-dimensional product that could be a wallet, tech accessory, or a makeup kit. The students will also be able to learn through the use of materials how to use various types of leather and other materials used in smaller items. Students will be trained on various industrial machines, as well as manual techniques, to make the smaller goods.

CREDITS: 3

FAD-204 BUSINESS ANTHROPOLOGY

This class applies concepts of anthropology to business with a special emphasis on the fashion industry. Students are introduced to research methods such as ethnography, psychogeography, participant observation as well as surveys. Case studies and in-depth retail analysis are utilized to provide insight into consumer behavior as well as cultural patterns and trends and their implications for product design, marketing, merchandising, and retail display of fashion accessories.

CREDITS: 3

FAD-205 COLLECTION DESIGN

In this course, students will prepare a complete collection design package including prototypes based on a theme including fully illustrated designs with technical details, prototypes and an industry standard final presentation book. The students will study range planning and pricing of various products to have a complete and realistic view of collection design.

CREDITS: 3

PREREQUISITE(S): FAD 102

FAD-301 ACCESSORIES DESIGN JUNIOR STUDIO I

In this studio, students research the process of developing and prototyping accessories product collections to reinforce fashion brand segments from the mass to luxury markets. Refinement of sketching, rendering, and technical drawing skills is emphasized with special attention given to hardware design.

CREDITS: 3

FAD-302 ACCESSORIES DESIGN JUNIOR STUDIO II

Students in this course delve deeper into fashion design theory, trend research, and production methods with special emphasis on developing fashion accessories collections that extend branding platforms in different market segments. Refinement of sketching, rendering, and technical drawing skills is directed specifically toward final presentation with special attention given to soft leather goods.

CREDITS: 3

FAD-303 ACCESSORIES MANUFACTURING PROCESSES

Students study techniques for specifying, costing, sourcing, manufacturing, and delivering fashion products with a focus on accessories such as shoes, bags, soft leather goods, and hardware. Both short-run handcrafted and mass-manufacturing techniques are investigated. Special emphasis is placed on understanding the multiple steps of the global fashion industry value chain and the crucial role design specification plays to ensure quality production and brand reinforcement.

CREDITS: 3

FAD-304 FASHION TRENDS FORECASTING

This course studies the techniques and procedures for identifying and forecasting fashion trends and evaluates current trends in color, materials, and styles with an emphasis on shoes, bags, soft leather goods, and accessories hardware. Students learn to recognize and analyze predictive lifestyle and business trends that affect retail merchandising and marketing decisions, including demographic, economic, and cultural issues. They also explore technology, resources, materials engineering, and manufacturing processes as they affect lifestyles, fashion, and retail markets.

CREDITS: 3

FAD-305 HISTORY OF FASHION

This class introduces students to the main historical outlines in the development of fashion as an industry, a cultural institution, and as an art. The course explores the history of fashion from the earliest periods of human development to modern industrial, digital society as it influences the style of dress, garment production, fashion in the wider culture, and the marketing of fashion. Detailed focus on individual designers, trends, and processes illuminate the many ways fashion represents a profound anthropological study of humanity. Organized field trips to local artisan studios for presentations and discussions provide enhanced understanding of process and artifact.

CREDITS: 3

FAD-307 CAD FOR ACCESSORIES DESIGN

The use of Computer Aided Design (CAD) to produce sketches, technical drawings, and specification instructions for fashion accessories is the major topic of this course. The ability to translate 2D designs into digital models for 3D prototyping is a special emphasis. Students also use CAD to create merchandising presentations.

CREDITS: 3

FAD-401 ACCESSORIES DESIGN SENIOR STUDIO I

This course challenges students to follow a design development path that comprises an initial research phase, ideation, concept development, and initial design solutions.

CREDITS: 3

FAD-402 ACCESSORIES DESIGN SENIOR STUDIO II

In this concluding studio, students refine design concepts to propose final design solutions. They then execute a fashion accessories capstone project, including 3D prototypes for final presentation. The deliverables include a written analysis that articulates the rationale for the final project and studio-based design artifacts in 2D, 3D, and/or digital form as appropriate.

CREDITS: 3

FAD-403 FASHION MERCHANDISING

Students study the methods and styles of visual presentation formats used in the fashion industry with an

emphasis on accessories. Retail displays, collections, and media representation are some of the formats explored. Students create retail environments in which to display prototypes of their accessories designs using sketching, rendering, and technical drawing techniques. They also learn to design merchandising displays using Visual Retail's MockShop fashion visual merchandising system.

FINE ARTS

DFA-105 FINE ARTS SURVEY AND METHODS

This studio course serves as an introduction to the fundamental disciplines of Fine Arts. Students focus on the development of observational skills and an understanding of the techniques and materials employed in a variety of mediums. Projects encourage basic skills with the development of the creative process. There are demonstrations, lectures and discussions to help further the understanding of studio processes.

CREDITS: 3

DFA-120 INTRODUCTION TO PAINTING

This is a comprehensive course that covers the fundamentals of oil and acrylic painting. Emphasis is placed on the development of technical facility, observational skill and the acquisition of knowledge within the discipline of painting.

CREDITS: 3

DFA-130 INTRODUCTION TO SCULPTURE

Students research and explore sculptural methods and materials through the exploration of both nonrepresentational and figurative approaches.

CREDITS: 3

PREREQUISITE(S): DFN 116, DFN 118

DFA-150 ANATOMY

This course instructs students in the principles of figure drawing, based on an understanding of both the skeletal and muscular systems of the human body. Methods of instruction include lecture, demonstration and study of the skeleton and anatomical charts as well as live models.

CREDITS: 3

PREREQUISITE(S): DFN 102

DFA-165 EXPLORING THE BOOK

In this course, students explore the interdisciplinary nature of the book form and its content from conception to execution. This course covers all stages of creating a limited edition book, including development of text, instruction of printmaking, letterpress and digital technology, as well as variety of bookbinding techniques.

CREDITS: 3

PREREQUISITE(S): DFN 117

DFA-200 INTRODUCTION TO FIGURE DRAWING

This course continues to build on the knowledge and skill acquired in anatomy and challenges students to produce larger scale, full-figure work. Emphasis is placed on the development of technical facility as well as the individual's drawing sensibility.

CREDITS: 3

PREREQUISITE(S): DFN 102, DFA 150 OR DIL 246

DFA-202 PRINT: DETROIT

Using the City of Detroit as its inspiration, students will employ various research methodologies as a starting point for creating prints. Projects will be approached through one of three perspectives: experiential, historical and political. Techniques introduced will include relief printing, laser cutting, print from found objects and silkscreen. Students will print both with and without a press to create limited edition prints as well as DIY or on-the cheap multiples using commercial print processes. Those students who have taken Intro to Printmaking or have prior college level printmaking experience will be encouraged to build on techniques they've already learned to develop their own creative voice.

CREDITS: 3

DFA-205 INTRODUCTION TO PRINTMAKING

This course is an introduction to the four basic areas of printmaking: relief (woodcuts and linocuts), screen printing, intaglio (etching, engraving), and lithography. Students will learn the basics of each area through demonstrations and short workshops and will choose one of the areas to develop their own art work.

CREDITS: 3

DFA-220 INTRODUCTION TO FIGURE PAINTING

This figurative painting course utilizes the painting principles acquired in Introduction to Painting. Emphasis is placed on color theory, value, illusion of form and space, compositional theory and paint application.

CREDITS: 3

PREREQUISITE(S): DFA 120

DFA-221 LANDSCAPE PAINTING

This course explores a continuum of artists' responses to the visual culture of landscape, in both traditional and contemporary contexts, utilizing the painted surface and the thematic premise of landscape. A variety of techniques, materials and illustrated lectures are presented.

CREDITS: 3

PREREQUISITE(S): DFA 120

DFA-222 RELIEF PRINTMAKING

This course introduces the student to the procedures, skills and materials necessary to produce editioned images as well as the flexibility of control that characterizes for successful integration of relief prints into the artist's portfolio. Prints are executed on a wide variety of surfaces, including wood, plywood, linoleum and engraving blocks. The system used is the traditional one of in-studio demonstration, shared working sessions, and lectures augmented by assignments and out-of-class work assignments.

CREDITS: 3

PREREQUISITE(S): DFN 102, DFA 105

DFA-223 PORTRAIT

This course explores painting issues as applied to and expressed within the framework of the portrait genre. The class considers the traditional skills needed to capture a likeness as well as the issues of interpretation and content. Students look at implications of scale, methods of mark, the potential of surface, color and composition while exploring the materiality of paint. Students are exposed to a range of past and contemporary masters.

CREDITS: 3

PREREQUISITE(S): DFA 120

DFA-224 MONOTYPE

This course introduces students to the physical and chemical procedures necessary to produce individual as well as editioned images, executed on acrylic plates. Students work towards the flexibility of control that characterizes successful integration of monotypes unique images into the artist's portfolio. The system used is traditional, consisting of in-studio demonstration, shared working sessions, and lectures augmented by assignments and out-of-class work assignments. Open to non-majors with departmental approval.

CREDITS: 3

PREREQUISITE(S): DFN 102, DFN 117

DFA-226 ENCAUSTIC TECHNIQUE

Encaustic has a very long history and is now being used by a number of Contemporary artists because of its versatility and durability. Students will gain a mastery of the encaustic medium in all its applications. Learn various methods of painting with beeswax using a variety of substrates and heat sources. We will also learn how to use this versatile medium as a casting agent, collage adhesive, surface treatment, sculptural and installation medium.

CREDITS: 3
PREREQUISITE(S): DFA 120

DFA-230 FIGURE SCULPTURE

In this course, the systematic study of the human figure is used as the foundation for formal, conceptual and expressive sculptural explorations. Portraiture and full anatomical figure accompany instruction in advanced mold-making, modeling and armature-building techniques. Open to non-majors with departmental approval.

CREDITS: 3
PREREQUISITE(S): DFA 130

DFA-231 SCULPTURE: FABRICATION

This course is a study in form and sculptural language that focuses on the use of metal and wood. The instruction gained in the course helps students gain proficiency in the use of metals and wood as sculptural media. Shop and materials practices as well as safety are covered. Students, through a series of projects, learn a variety of techniques and methods which bring them to a confident skill level using these two media.

CREDITS: 3
PREREQUISITE(S): DFA 130

DFA-232 CARVING

This course is aimed at providing students with proficiency in subtractive sculpture. Students work predominantly with stone and wood. Students are introduced to simple and advanced carving techniques with manual, electrical and pneumatic tools. A variety of approaches are considered both physically and conceptually. The place of subtractive work in the current art environment is explored and students are exposed to historic and current masters. Open to non-majors with departmental approval.

CREDITS: 3
PREREQUISITE(S): DFA 130

DFA-233 FOUNDRY TECHNIQUES

This course investigates the interrelationship of process, creativity and concept through various casting techniques. Bronze, iron, aluminum, cement and nontraditional materials are used to explore casting as a process and as a means to a product. Open to non-majors with departmental approval.

CREDITS: 3
PREREQUISITE(S): DFA 130

DFA-234 SOFT SCULPTURE

This course is directed within the premises of soft sculpture process and being aware of it historically and in the contemporary art world. Students become familiar with different systems of sewing, laminating and pattern making. Although the course has a material and process emphasis, the students are encouraged to explore other materials that may be incorporated appropriately into a project. Open to non-majors with departmental approval.

CREDITS: 3
PREREQUISITE(S): DFN 118, DFA 130

DFA-240 INTRODUCTION TO LITHOGRAPHY

This course provides the specialized expertise needed to utilize and explore the full scope of lithography. Students are given in-depth instruction on metal plate, stone, transfer and photolithographic techniques in order to produce single and multicolor limited editions.

CREDITS: 3
PREREQUISITE(S): DFN 102, DFN 117

DFA-243 PRINT TO PUBLISH

This course has been structured to develop a range of creative relationships, and the technical and conceptual skills, necessary to produce content in printmaking media. Forms including artist books, ephemera, and hybrid and collaborative print ventures will be investigated. Students will be guided and

encouraged to develop strategies to publish, edition, and disseminate their work into a range of markets, and for a number of audiences, beyond the gallery and the museum. Working with faculty, each student proposes, in writing, a semester-long program of involvement and creative activity resulting in a personally directed body of work and publication. It may cross disciplines, combine processes, or be focused on more advanced technical issues. In all cases, it links to the student's conceptual investigations in other disciplines.

CREDITS: 3

PREREQUISITE(S): DFN 101, DFN 102, DFA 105

DFA-245 MARK MAKING

This class will guide students through the development of a process-based experimental drawing practice. Drawing assignments will be combined with studio work, fieldwork, and research of both art and non-art subjects related to mark-making, problem solving, invention and visual representation.

CREDITS: 3

PREREQUISITE(S): DFN 102, DFA 105

DFA-251 EXPERIMENTAL PAINTING

This course encourages diversity of practice and interpretation, innovation and experimentation, in the field of contemporary painting. An experimental practice can be understood as a creative activity existing alongside a number of social, architectural, and technological forces. This class will engage the vast range of inter-relational possibilities in the making and experiencing of painting. Historical and contemporary experimental painting strategies will be examined in contexts of time and place. Individual and group critiques of student work, homework assignments and a sketchbook of preliminary ideas are used to assess progress. Demonstrations, lectures, and field-trips will enhance the engagement. Open to non-majors with departmental approval.

CREDITS: 3

PREREQUISITE(S): DFA 105, DFA 120

DFA-253 TIME AND DIGITAL MEDIA

The premise of this course is to go beyond traditional art making materials/media. Students are exposed to sound, video and website programs. Individual projects explore a range of ideas, activities, tools, and techniques. The work of several contemporary artists, who have unique practices and use of documentation and technology as part of their work, is also studied.

CREDITS: 3

PREREQUISITE(S): DFA 105, DFA 120, DFA 130, DFN 119

DFA-255 INTRODUCTION TO INTAGLIO

This course explores intaglio printmaking, one of the most fluidly versatile of the printing processes. In a well-equipped studio surrounded by a wealth of specialized resources, students learn to investigate the medium and to express themselves. The course offers an in-depth overview coupled with hands-on exploration of the diversity of processes of this expressive medium. Instruction focuses on etching, including photo-aided etching, as well as engraving, drypoint, collographs and a variety of nontraditional materials. Open to non-majors with departmental approval.

CREDITS: 3

PREREQUISITE(S): DFN 102, DFN 117, DFA 105

DFA-260 SILKSCREEN

This course acquaints students with a wide range of screenprinting techniques and approaches using a variety of inks and a range of experimental materials. Students discover the medium's flexibility, exploring the inherent cross-connections and expressive possibilities of photomechanical, screen stencil, monotype and digital processes.

CREDITS: 3

PREREQUISITE(S): DFN 102, DFN 117, DFA 105

DFA-270 ADVANCED FIGURE SCULPTURE

This course is aimed at expanding the student's modeling and casting skills and familiarity with the figure, while building on conceptual understanding of the role of the figure in contemporary sculpture.

CREDITS: 3

PREREQUISITE(S): DFA 230

DFA-285 SPECIAL PROJECT 100/200

The Special Project class is offered on an occasional basis, with course content specific to the area(s) being explored.

CREDITS: 3

DFA-300 ADVANCED FIGURE DRAWING

This course continues the exploration of the figure begun in the anatomy and figure drawing courses with emphasis on complex problem solving, including extended value studies, the figure in environment, the use of multiple figures, and the use of figures on a large scale. A variety of drawing mediums are used.

CREDITS: 3

PREREQUISITE(S): DFA 200 OR DIL 147

DFA-318 CONTEMPORARY ART AND VISUAL CULTURE

This course examines the various approaches that build the foundation for an emerging field of Visual Culture and emphasizes its parallel development with discussions about the gaze as a historical and culturally constructed phenomenon.

CREDITS: 3

PREREQUISITE(S): DEN 239, DAH 200, DAH 201

DFA-332 FOUNDRY TECHNIQUES

This course investigates the interrelationship of process, creativity and concept through various casting techniques. Bronze, iron, aluminum, cement and nontraditional materials are used to explore casting as a process and as a means to a product. Open to non-majors with departmental approval.

CREDITS: 3

PREREQUISITE(S): DFA 130

DFA-334 VIDEO ART: HISTORY & INTERMEDIA STUDIO

This course will provide diverse, topical explorations on production processes, media tools for innovative creation, and means of production for creative work in video forms. Investigative iterations will focus on giving students an in-depth introductory exposure to the history of video art, fundamental tools and production skills relevant to intermedial forms of production: performance and body, integration of artist-designed performative objects, hybrid technologies, and cinematic preludes. Emphasis will be placed on the rich history in art practice and in emerging media and communication.

CREDITS: 3

PREREQUISITE(S): DFA 105, DFA 253

DFA-335 SOCIAL PRACTICE

This class encourages students to develop and utilize their artistic skill to engage in societal discourse, inventions, interactive games and environments. Social practice conducts inquire into the systematic operations of sociology, anthropology, social labor, journalism, or environmentalism in the context of art practice, and retains the commitment to creating significance and appreciation for a range of audiences, some newly assembled. Students will engage a variety of working artists and non-artists who have engaged in civic activity including individuals, groups and institutions.

CREDITS: 3

PREREQUISITE(S): DFA 105, DFA 253

DFA-340 ADVANCED PRINTMAKING

In this course, the diverse possibilities of lithography, intaglio and papermaking serve as a focal point for augmenting the extensive primary skills already acquired. As the scope of artistic development and sensibility matures, instruction becomes increasingly individualized.

CREDITS: 3
PREREQUISITE(S): DFA 240, DFA 243, DFA 255

DFA-342 ADVANCED CARVING

This course is aimed at further exploring stone/wood as a medium and considerably broadening and strengthening physical skills, as well as developing a more personal conceptual direction. Because of previous experience in this medium, the students are expected to present a larger and more carefully considered body of work.

CREDITS: 3
PREREQUISITE(S): DFA 232

DFA-343 ADVANCED PRINTMAKING II

This course is structured to develop advanced as well as basic skills and familiarity in the technical and conceptual skills necessary to make images in a variety of printmaking media. Working with faculty, each student proposes, in writing, a semester-long program of involvement and creative activity resulting in a personally directed body of work. It may cross disciplines, combine processes, or be focused on more advanced technical issues. In all cases, it links to the student's conceptual preoccupations in other disciplines.

CREDITS: 3
PREREQUISITE(S): DFA 243

DFA-345 ADVANCED PAINTING (CONTEMPORARY ISSUES)

This course addresses advanced painting problems, covering representational and nonrepresentational issues. Students have the opportunity to explore a broad range of materials and techniques and instruction is geared toward individual artistic concerns.

CREDITS: 3
PREREQUISITE(S): DAH 318, DFA 120

DFA-346 ADVANCED FIGURE PAINTING

This class is designed to vigorously extend ideas explored in Introduction to Figure Painting, with an opportunity to engage in more complex figurative problems. Class discussions include contemporary figure issues. Emphasis is on larger format, longer studies and formal painting concerns.

CREDITS: 3
PREREQUISITE(S): DFA 120, DFA 220

DFA-350 ADVANCED DRAWING

This course offers students the opportunity to investigate drawing as an independent process of art making. Students develop a personal vocabulary through self-directed works. Instruction is individualized to these specific inquiries.

CREDITS: 3
PREREQUISITE(S): DFA 220, DIL 246 OR DFA 150

DFA-355 ADVANCED SCULPTURE (OBJECT)

This course investigates sculpture object making. Students experiment with a wide range of scale, format, materials and media options, with emphasis on the creation of meaning in personal objects. Presentations and readings provide historical and contemporary context for a deeper understanding of sculpture as object.

CREDITS: 3
PREREQUISITE(S): DFA 230, DFA 231 OR DFA 332

DFA-365 INSTALLATION/PERFORMANCE/SITE

This course explores the theory and practice of creative site activation through material, technological and performance-based interventions. Students will have the opportunity to work in extended relationships to site and space, via light, sound, time based technologies like video, and performance. Students will investigate installation as active experience between artist and site, and site and the question of audience. Open to non-majors with departmental approval.

CREDITS: 3
PREREQUISITE(S): DFA 105, DFA 130, DFA 253

DFA-380 JUNIOR STUDIO I

In this Junior studio course, students investigate ways of conveying ideas and concepts through visual means. Topical studio assignments and focused critical feedback deepen the students' understanding of their own creative process within a professional context. Open to non-majors with departmental approval. Must be Junior status.

CREDITS: 3

DFA-381 JUNIOR STUDIO II

This course is a continuation of DFA 380, Junior Fine Arts Studio I. As a studio tutorial course, students investigate ways of conveying ideas through visual means with a goal of developing their own independent content and approach to artmaking. Topical studio assignments and focused critical feedback deepen the students' understanding of their own creative process within a professional context.

CREDITS: 3

DFA-400 FINE ARTS SEMINAR

The Fine Arts Seminar, together with the Senior Studio, serves as the capstone course for seniors. This class explores critical, aesthetic, theoretical and practical topics essential to the emergence of a professional studio artist. Self-directed historical research presentations, written topical assignments, personal artist statements, along with professional business and legal workshops contribute to a completed personal assessment. Must be Senior status.

CREDITS: 3

PREREQUISITE(S): DFA 380, DFA 253

COREQUISITE(S): DFA 450 OR DFA 451

DFA-443 ADVANCED PRINTMAKING III

This course has been structured to develop advanced as well as basic skills and familiarity in the technical and conceptual skills necessary to make images in a variety of printmaking media. Working with faculty, each student proposes, in writing, a semester-long program of involvement and creative activity resulting in a personally directed body of work. It may cross disciplines, combine processes, or be focused on more advanced technical issues. In all cases, it links to the student's conceptual preoccupations in other disciplines.

CREDITS: 3

PREREQUISITE(S): DFA 343

DFA-450 SENIOR STUDIO I

This capstone course integrates the student's individual inquiries into a collaborative learning experience. Students are assigned private or semi-private studio space and a team of instructors reviews student work on a weekly basis. Two formal group critiques are scheduled each semester in which students learn to substantiate their work and express their ideas verbally. All students are required to write a capstone essay accompanied by a slide portfolio of 10 pieces and participate in the Senior Exhibition. Must be Senior status.

CREDITS: 3

PREREQUISITE(S): DFA 380, DFA 253

DFA-451 SENIOR STUDIO II

This course is the second in a two course required series of fine arts studio tutorials that integrates the student's individual inquiries into a collaborative learning experience. Students continue to work in private or semi-private studio space and a team of instructors reviews student work on a weekly basis. Two formal group critiques are scheduled each semester in which students learn to substantiate their work and express their ideas verbally. All students are required to complete a slide portfolio of 10 pieces and participate in the Senior Exhibition. Must be Senior status.

CREDITS: 3

PREREQUISITE(S): DFA 380

DFA-475 FINE ARTS INTERNSHIP

Participation in an internship experience allows students to use classroom-learned skills in a related employment experience. Students must work a minimum of 135 hours over the course of the entire semester. To participate students must be of junior or senior status with completion of freshman and sophomore studios. Students must have a minimum cumulative GPA of 2.8. Seniors may not be eligible to participate in an internship during their final semester. Transfer students must have attended one semester at CCS in addition to meeting the other eligibility criteria. Must be Senior status.

CREDITS: 3

DFA-485 SPECIAL PROJECT 300/400

The Special Project class is offered on an occasional basis, with course content specific to the area being explored.

FALL 2016 ADVANCED SILKSCREEN - This course will cover a wide range of screen-printing techniques using water-based inks and experimental mediums which can be printed through the screen. Various methods of creating an image on the screen will be covered, including photographic, block out and digitally created stencils. In addition, this course will focus on presenting important visual and conceptual problems relevant to the screen-printing process as well as pushing the boundaries of screen-printing.

CREDITS: 3

ADVANCED PAINTING - This course addresses advanced painting problems, covering representational and nonrepresentational issues. Students have the opportunity to explore a broad range of materials and techniques and instruction is geared toward individual artistic concerns.

CREDITS: 3

DFA-490 INDEPENDENT STUDY

Independent Study is available to students who are at Junior or Senior level standing with a cumulative grade point average of 3.00 or above. The student may receive approval to work in an area or on a project that is not otherwise offered or addressed in the regular curriculum. Students may receive credit toward graduation for no more than 6 credit hours. The student must submit to the chairperson of the department in which they wish to study, an Independent Study Proposal of 150 words (no less) of the student's plan for study and her/his reason for choosing to study independently. Once the department chairperson provides approval and the instructor for the Independent Study is determined, the faculty member must write an Independent Study Syllabus with education goals, learning outcomes, meeting dates, course expectations, timelines, and due dates.

CREDITS: 3

DFA-500 NEW YORK STUDIO PROGRAM

Students in good standing have the opportunity to study in New York City through the Association of Independent Colleges of Art and Design's New York Studio Program. Further details are available from the Academic Advising and Registration Office.

CREDITS: 12 – 18

DFA-505 AICAD EXCHANGE

Through the College's affiliation with the Association of Independent Colleges of Art and Design, junior or first semester senior students in good standing have the opportunity to spend a semester (fall or winter) or full year studying at another member institution in the United States or abroad. Application information is available in the Academic Advising and Registration Office.

CREDITS: 12 – 18

DFA-515 STUDY ABROAD

Junior or first-semester senior students in good academic standing have the opportunity to spend a semester (fall or winter) or a full year of study at an accredited institution abroad. Information is available from International Student Services.

FOUNDATION

DFN-101 FOUNDATION DRAWING I

This course is the first course at the undergraduate level and does not assume that the student has any strongly developed drawing skills. It is further assumed that the experienced student profits by exposure to a systematic exploration of drawing methods. Its primary purpose is to introduce the student to basic concepts in drawing and then, begin to develop more creative and expressive responses. Drawing I moves the student into a more volumetric understanding of drawing as well as considerable emphasis on observational, formal composition and design.

CREDITS: 3

DFN-102 FOUNDATION DRAWING II

This course follows Drawing I as an observational and volumetric approach to drawing. It is assumed that the student has at least a fundamental understanding and the physical skills appropriate to further exploration at this level. This course expands on those skills and concepts and concentrates on developing more creative and expressive experiences in making art. In it, students explore more advanced problems in drawing with an emphasis on the figure, drawings as a finished work, as well as creative interpretations of assignments.

CREDITS: 3

PREREQUISITE(S): DFN 101

DFN-116 3D TECHNIQUES

This course will familiarize the student with basic construction and fabrication techniques of the wood and metal shops at CCS. Through the completion of a series of small projects, students will be introduced to the majority of tools and machines within the shops. Students will also learn a wide variety of methods and techniques needed to safely complete future projects. Safety is the MOST essential function of this course. Students will earn the certification required for continued shop access by receiving at minimum a grade of 2.0 / C in this class.

CREDITS: 3

DFN-117 2D DESIGN

This course is an introduction to the principles, vocabulary and mechanics of two dimensional design, including the exploration and application of color theory. Students explore design concepts through lectures, readings, discussions, hands-on studio assignments and critiques. This is the first course in a two-part design sequence, required to complete the Foundation design curriculum.

CREDITS: 3

DFN-118 3D CONCEPTS

This course is an introduction to the principles, vocabulary and mechanics of three dimensional design, including the exploration and application of color theory. Students explore design concepts through lectures, readings, discussions, hands-on studio assignments and critiques. This is the second in a two-part design sequence, required to complete the Foundation design curriculum.

CREDITS: 3

DFN-119 DIGITAL FUNDAMENTALS

The introductory course in computer skills is a requirement to complete the Foundation curriculum. Students explore the computer as a tool in support of artist/designer's practice, including software required for the college information system, word processing and creative digital imagery in both pixel and vector based software. Students work with popular software packages, appropriate for design, to gain an understanding of the tools used to create and manipulate digital imagery and to develop a broad understanding of how and why the computer is so prominent in image making today.

CREDITS: 3

DFN-140 ELEMENTS OF DRAWING

This course is the first course at the undergraduate level and does not assume that the student has any strongly developed drawing skills. It is further assumed that the experienced student profits by exposure to a systematic exploration of drawing methods. Its primary purpose is to introduce the student to basic concepts in drawing and then, begin to develop more creative and expressive responses. Drawing I moves the student into a more volumetric understanding of drawing as well as considerable emphasis on observational, formal composition and design.

CREDITS: 3

DFN-141 FUNDAMENTALS OF IMAGING

This course allows students to develop knowledge of practical and conceptual skills inherent in the creation, selection and use of various imagery. Students develop proficiency in the use of image-making software and archiving digital files.

CREDITS: 3

DFN-285 SPECIAL PROJECT 100/200

The Special Project class is offered on an occasional basis, with course content specific to the area(s) being explored.

CREDITS: 3

DFN-490 INDEPENDENT STUDY

Independent Study is available to students who are at Junior or Senior level standing with a cumulative grade point average of 3.00 or above. The student may receive approval to work in an area or on a project that is not otherwise offered or addressed in the regular curriculum. Students may receive credit toward graduation for no more than 6 credit hours. The student must submit to the chairperson of the department in which they wish to study, an Independent Study Proposal of 150 words (no less) of the student's plan for study and her/his reason for choosing to study independently. Once the department chairperson provides approval and the instructor for the Independent Study is determined, the faculty member must write an Independent Study Syllabus with education goals, learning outcomes, meeting dates, course expectations, timelines, and due dates.

GRAPHIC DESIGN

DGD-151 TYPOGRAPHY I

In this course, students develop their understanding of two-dimensional design space and the unique nature of type families. Projects aid students in developing an understanding of the principles of typographic aesthetics and methods of organizing typographic messages to achieve a particular hierarchy and read.

CREDITS: 3

DGD-152 TYPOGRAPHY II

Building on the experience in Typography I, students develop the ability to work with text systems such as grids and zones. Solutions integrate word, image, symbol and rhetorical elements in the development of text narratives. Readings and discussion of typographic history are included.

CREDITS: 3

PREREQUISITE(S): DGD 151

DGD-163 MOTION DESIGN

The course introduces students to communication using digital sound and video. The unique conditions influencing typography, image, motion image, sound and narrative are explored in the resolution of assigned projects. Students are introduced to tools, theories, aesthetics, and techniques used to communicate in time.

CREDITS: 3

PREREQUISITE(S): DGD 151

DGD-259 TYPOGRAPHY III

In this course, students develop ability to use various methods, techniques and materials in the creation of a design prototype. Students cultivate their knowledge of digital management, digital output, the use of materials, and application of processes appropriate to the translation of concepts into finished comprehensives. Students also refine their ability to work with text systems first introduced in Typography II.

CREDITS: 3

PREREQUISITE(S): DGD 152

DGD-263 INTERACTION I

In this course, students develop skill and understanding of basic design principles and software used in the creation of web based design solutions. Principles of organizing information developed in freshman courses are applied in the creation of web-based communication solutions.

CREDITS: 3

PREREQUISITE(S): DGD 152, DGD 163

COREQUISITES: DGD 259, DGD 276

DGD-264 INTERACTION II

In this course, students develop the ability to create interactive digital solutions to communication problems and need. User interface, dynamic information hierarchy and communication mapping for interactive digital solutions are key topics considered in the development of interactive solutions.

CREDITS: 3

PREREQUISITE(S): DGD 263, DGD 276

COREQUISITES: DGD 277

DGD-276 INTRODUCTION TO VISUAL COMMUNICATION I

In this course, students develop the ability to make communication decisions that consider audience, content, sequence, and creative methodologies used in creating unique visual communication solutions. Students are made aware of the diverse possibilities in professional practice through presentation, lecture, and visitations. Process problem solving methodology is emphasized.

CREDITS: 3

PREREQUISITE(S): DGD 152, DGD 163

COREQUISITES: DGD 259, DGD 263

DGD-277 INTRODUCTION TO VISUAL COMMUNICATION II

In this course, students develop the ability to assess appropriate choices of content and form in the development of solutions directed toward a particular audience. Instructional emphasis is placed on exploration, analysis, and the translation of ideas into intended visual solutions. The course emphasizes the use of a process based ideation methodology.

CREDITS: 3

PREREQUISITE(S): DGD 259, DGD 276

COREQUISITES: DGD 264

DGD-311 INTERMEDIATE VISUAL COMMUNICATION I

In this course, students develop an understanding of identity systems and branding concepts. Projects outline the process of developing an identity system sensitive to client goals, audience/user, context, content, sequence, cultural references, color and symbolic language. The course focuses on research methodology and the connection of research to concept development and final solution.

CREDITS: 3

PREREQUISITE(S): DGD 264, DGD 277

DGD-312 INTERMEDIATE VISUAL COMMUNICATION II

In this course, students develop the ability to organize a system of communications to achieve a particular set of communication goals. The projects include research into audience demographics and a process methodology directed toward the creation of communication systems targeted to specific audience/user. Emphasis is placed on CONTENT (the underlying thought that provides the criteria and stimulus for form), CONTEXT (the environment, cultural or physical, in which a message or form is perceived and by which it is conditioned), and CONCEPT (the structuring of a relationship among forms and messages to achieve a specific expression within a given project brief.)

CREDITS: 3

PREREQUISITE(S): DGD 264, DGD 277

DGD-317 BUSINESS AND PROFESSIONAL PRACTICES TECHNIQUES

In this course, students develop an understanding of design office professional practices. Students are made aware of what it means to write a brief, billing procedures, file management and other issues relevant to design office business practices. Students develop their knowledge of digital pre-press, binding methods, the mechanics of paper and techniques used to translate concepts into print communications and interactive solutions.

CREDITS: 3

PREREQUISITE(S): DGD 264, DGD 277

DGD-343 MOTION DESIGN II

The goal of the course is to expand the student's understanding of how messages are created in time using typography, image, sound and sequence. Projects develop the student's ability to create time base messages for projects such as digital motion graphics, film titles, dynamic information design and other applications where digital time base messages represent an appropriate channel of communication.

CREDITS: 3

PREREQUISITE(S): DGD 264

DGD-344 MOTION DESIGN III

This course develops the student's ability to create digital motion graphics, film titles, dynamic information

design, and other applications where digital time-based messages represent an appropriate channel of communication. The goal of the course is to expand the student's understanding of how messages are created in time using typography, image, sound and sequence.

CREDITS: 3

PREREQUISITE(S): DGD 343

DGD-352 TYPE DESIGN

This course develops students' skills in designing letterforms, fonts and type families, focusing on such characteristics as form, void, structure, rhythm and balance. Using the appropriate software, students produce type designs for print, interactive and motion graphics.

CREDITS: 3

PREREQUISITE(S): DGD 311

DGD-353 TYPOGRAPHY IV

In this course, students apply their knowledge of grid systems and type families to develop informed solutions to complex communication problems. This course emphasizes research methods and creative processes that encourage experimentation. Typographic systems are created for print, interaction design and motion graphics. Projects, discussions, and readings focus on the practical and theoretical concerns in contemporary typographic communications.

CREDITS: 3

PREREQUISITE(S): DGD 264, DGD 277

DGD-365 INTERACTION III

The goal of the course is to develop the student's understanding of the unique communication conditions affecting the structure and nature of information in web based interactive communication. Concepts evaluate the nature of information mapping, appropriate navigational systems and an ideation methodology appropriate to developing effective interactive web communication.

CREDITS: 3

PREREQUISITE(S): DGD 264, DGD 277

DGD-366 INTERACTION IV

The course develops the student's applied understanding of new media. Projects include topics relevant to defining client need, assessing user interface, developing information structures, navigation conditions and consideration of audience/user. The course exposes students to theories of cognition and perception relevant to communications based in motion and interactive media.

CREDITS: 3

PREREQUISITE(S): DGD 365

DGD-372 ENVIRONMENTAL DESIGN

Projects develop the student's understanding of methods of organizing wayfinding systems and human factors issues as they apply to three-dimensional communication problems. The course acquaints students with the function of color, typography, image and materials used in creating environmental communication solutions.

CREDITS: 3

PREREQUISITE(S): DGD 264, DGD 277

DGD-373 PUBLICATION DESIGN

The course develops the student's understanding of the unique conditions related to the design of publications, (particularly books). Assignments require students to assess the nature of the intended audience, the publications content, author's intent, the goals of the publication and the intended exchange with the reader in developing a visual response.

CREDITS: 3

PREREQUISITE(S): DAD 234 OR DGD 277

DGD-374 INFORMATION DESIGN

The course develops the student's ability to make complex data understandable to the user. Students

creatively use methods integrating symbols, images, formats, communication structures and language to develop solutions to applied projects making complex data expressive, interesting, and accessible to defined end users. Projects include a combination of print and interactive media.

CREDITS: 3

PREREQUISITE(S): DGD 264, DGD 277

DGD-375 EXPERIENCE DESIGN

The goal of the course is to expand the student's understanding of how messages are created as dynamic experiences using sound, physical or proximity interaction, typography, image and sequence. Projects develop the student's ability to create messages that function as dynamic narrative and as clusters of data points experienced in time and space. The practical application of these concepts can be seen in exhibitions for museums and corporations, public spaces and as integrated components of retailing and way-finding.

CREDITS: 3

PREREQUISITE(S): DGD 264, DGD 365, DGD 378

DGD-378 INTERFACE DESIGN

The course develops the student's ability to create user centered interface solutions. Projects consider the role of interactivity using color, image, sound and motion in the process of creating engaging interface concepts. Information mapping and hierarchical information systems are key themes in the process of creating appropriate solutions to particular interactive problems.

CREDITS: 3

PREREQUISITE(S): DGD 264, DGD 365

DGD-380 EDITORIAL DESIGN

The course develops the student's understanding of the structure and conditions effecting magazine design. Students are asked to consider the point of view of particular audiences in developing solutions that respond with sensitivity to cultural demographics.

CREDITS: 3

PREREQUISITE(S): DGD 277

DGD-399 GRAPHIC DESIGN PRACTICUM - JUNIORS

Students acquire practical experience that parallels the processes and methods used in design offices. Students work on client-based projects with the assistance of a faculty supervisor. Projects follow all the steps in the design process, including client contact, concept development, client presentations and the resolution of an appropriate communication response in printer or interactive.

CREDITS: 3

PREREQUISITE(S): DGD 264, DGD 277

DGD-400 GRAPHIC DESIGN PRACTICUM - SENIORS

Students acquire practical experience that parallels the processes and methods used in design offices. Students work on client-based projects with the assistance of a faculty supervisor. Projects follow all the steps in the design process, including client contact, concept development, client presentations and the resolution of an appropriate communication response in printer or interactive.

CREDITS: 3

PREREQUISITE(S): DGD 264, DGD 277

DGD-411 ADVANCED VISUAL COMMUNICATION I

This course develops the student's understanding of complex communication systems. Assignments consider the underlying conditions such as economic, political, cultural, administrative, and collaboration that facilitate excellence in communication design practice. Projects aid the student in developing an effective personal design methodology. Information search and research are emphasized in the process of giving meaningful form to refined communication solutions. Projects, readings, lectures and research consider the strategic role of visual communication.

CREDITS: 3

PREREQUISITE(S): DGD 311, DGD 312, DGD 317, DGD 365

DGD-412 ADVANCED VISUAL COMMUNICATION II

The course develops the student's knowledge of advanced narrative concepts. Projects explore the formal and conceptual potential of language, communication structures, images and image/text/format interrelationships. Discussions include reference to the language of design and relevant elements in visual communication theory. The course includes required research and reading relevant to historical and contemporary themes appropriate to advanced issues in visual communication.

CREDITS: 3

PREREQUISITE(S): DGD 311, DGD 312, DGD 317, DGD 365

DGD-413 CONCEPTS IN SUSTAINABILITY FOR COMM DES

The demand for more sustainable systems and services is one of the fastest growing market realities. This course focuses on design methodology and solutions that are informed by an understanding of those conditions and practices that support environmentally aware and responsive solutions to communication need.

CREDITS: 3

PREREQUISITE(S): DGD 264, DGD 277

DGD-460 PRESENTATION TECHNIQUES/PORTFOLIO

The course develops a student's collective body of work into a focus statement representing their abilities as a designer. The course is dedicated to the review, analysis, preparation and/or improvement of the individual's portfolio. Based on personal goals and faculty assessment, students develop mechanisms to position themselves in the professional market. These would include resume, websites, print, communications, and other appropriate personal marketing material.

CREDITS: 3

PREREQUISITE(S): DGD 411 OR DGD 412

DGD-465 INTERACTIVE MEDIA III

The course develops a student's knowledge of complex interactive media application as it relates to themes such as pervasive computing and integrated interactive communication strategy. Projects explore the practical and theoretical development and applications of advanced interactive concepts. The particular conditions of cognition and construction of meaning in participatory, multi-sensory environments is considered as it relates to objective user based communication.

CREDITS: 3

PREREQUISITE(S): DGD 366

DGD-466 INTERACTIVE MEDIA IV

The course develops the student's understanding of integrated new media solutions. Projects develop prototypes that research and respond to unique conditions in new media communications combining interface, timebased, narrative and interactive approaches to solve complex communication need. The conditions of active/passive user, performance narrative, levels of engagement and the cultural transformation based on the use of new media are central themes.

CREDITS: 3

PREREQUISITE(S): DGD 465

DGD-475 GRAPHIC DESIGN INTERNSHIP

Participation in an internship experience allows students to use classroom-learned skills in a related employment experience. Students must work a minimum of 135 hours over the course of the entire semester. To participate students must be of junior or senior status with completion of freshman and sophomore studios. Students must have a minimum cumulative GPA of 2.8. Seniors may not be eligible to participate in an internship during their final semester. Transfer students must have attended one semester at CCS in addition to meeting the other eligibility criteria.

CREDITS: 3

PREREQUISITE(S): DGD 264, DGD 277

DGD-485 SPECIAL PROJECT 300/400

The Special Project course is offered on an occasional basis, with course content specific to the area being explored.

CREDITS: 3

PREREQUISITE(S): DGD 264, DGD 277

DGD-490 INDEPENDENT STUDY

Independent Study is available to students who are at Junior or Senior level standing with a cumulative grade point average of 3.00 or above. The student may receive approval to work in an area or on a project that is not otherwise offered or addressed in the regular curriculum. Students may receive credit toward graduation for no more than 6 credit hours. The student must submit to the chairperson of the department in which they wish to study, an Independent Study Proposal of 150 words (no less) of the student's plan for study and her/his reason for choosing to study independently. Once the department chairperson provides approval and the instructor for the Independent Study is determined, the faculty member must write an Independent Study Syllabus with educational goals, learning outcomes, meeting dates, course expectations, timelines, and due dates.

CREDITS: 3

PREREQUISITE(S): DGD 264, DGD 277

DGD-501 DESIGN STUDIES IN EUROPE

The program is an intense three week studio program for advanced communication design students. Students complete projects working with faculty from Europe. The program includes lectures, studio visits and visits to museums and collections. Contact the department for application and portfolio requirements.

CREDITS: 3

DGD-505 AICAD EXCHANGE

Through the College's affiliation with the Association of Independent Colleges of Art and Design, junior or first-semester senior students in good academic standing have the opportunity to spend a semester (Fall or Winter) or full year studying at another member institution in the United States or abroad. Application information is available in the Academic Advising and Registration Office.

CREDITS: 12 – 18

DGD-515 STUDY ABROAD

Junior or first-semester senior students in good academic standing have the opportunity to spend a semester (Fall or Winter) or a full year of study at an accredited institution abroad. Further information is available from International Student Services.

ILLUSTRATION

DIL-147 FIGURE ILLUSTRATION I

In this course, students are exposed to a variety of drawing experiences, methods and materials, using line, light and volume to explore the human form.

CREDITS: 3

DIL-158 PERSPECTIVE

This course is designed to teach students methods for mechanical and freehand perspective drawing. Topics covered are volumetric drawing, equal and unequal spacing in perspective, one point (parallel perspective), two point perspective, three point perspective, inclined perspective, ellipses (as well as the difference between ellipses, circles in perspective and ovals), and tonal values as they relate to atmospheric perspective and the rendering formula of highlight, light, shadow, shadow core, reflected light, and reflected shadow. Also taught are the understanding of light refraction and rendering of cast shadows and the use of hard, intermediate and soft edges to achieve a sense of dimension.

CREDITS: 3

PREREQUISITE(S): DFN 101, DIL 147

DIL-159 ILLUSTRATION TECHNIQUES

In this course, students develop skill in using color to define form, light, space and time and learn to employ professional working methods in their use of watercolor, gouache, markers, pen and ink and appropriate papers.

CREDITS: 3

DIL-231 ILLUSTRATION TECHNIQUES II

This course familiarizes students with the process and techniques required to use opaque media (oil paint and acrylics) in the creation of illustrations for editorial and narrative projects as well as for portraiture. The emphasis is on pictorial problem solving along with the development of a personal approach that meets client needs and deadlines.

CREDITS: 3

PREREQUISITE(S): DIL 247, DIL 258

DIL-246 ANATOMICAL FIGURE ILLUSTRATION

This course provides students with a comprehensive survey of the entire human skeleton and major muscle areas as they relate to figure illustration. Focusing on human anatomy lectures, composition, proportion, and life drawings, students create their own anatomy sketchbooks. Study of the head, hands, and feet is a major part of this course, along with figure construction, using photo reference. Figure sculpture is also incorporated as the students create their own bone and muscle studies out of clay. A variety of media and illustration techniques are used.

CREDITS: 3

PREREQUISITE(S): DIL 147, DIL 159

DIL-247 FIGURE ILLUSTRATION II

Through the introduction of a variety of media, this course further explores and analyzes light, shadow, value and form in relation to the human figure in various settings and situations.

CREDITS: 3

PREREQUISITE(S): DIL 147, DIL 158, DIL 159

DIL-258 CREATIVE PERSPECTIVE

This course is a continuation of Perspective. It covers advanced uses of mechanical and freehand perspective such as plan projection, drawing, orthographic drawing and curvilinear perspective as it is applied in the field of Entertainment and Traditional Illustration. Projects are given that utilize this information and contribute to the creation of environments that have a sense of spatial dimension based on linear and atmospheric perspective. The process of ideation leading to the completion of the finished illustrations are also explored. Students maintain a sketchbook of volumetric drawings that pertain to the

various illustration projects completed during the semester.

CREDITS: 3

PREREQUISITE(S): DIL 158

DIL-261 INTRODUCTION TO DIGITAL ILLUSTRATION

In this course, students develop the ability to work with digital tools and concepts. There is an initial emphasis on sketching and shading using the Wacom tablet. Radiative color theory is explored and students are introduced to website construction, allowing them to use earlier work which is imported using digital cameras and scanners. Current industry applications are utilized.

CREDITS: 3

PREREQUISITE(S): DIL 247, DIL 270

DIL-270 ILLUSTRATION AND DESIGN

This course introduces students to basic design concepts, use of image, color, principles of typographic composition, structure and message hierarchy. Students participate in a four-week printmaking experience integrated with new technologies. Industry standard programs and applications are utilized.

CREDITS: 3

PREREQUISITE(S): DIL 158, DIL 159

DIL-311 ILLUSTRATING WITH TRANSPARENT MEDIUMS

This course explores the wide range of techniques employed when painting with transparent acrylic, watercolor, and oil paint. Some of the methods examined and applied by the students to create illustrations in class are monochromatic, under-painting, glazing, dry brush, scumbling, wet-on-wet, gradations, renaissance, sfumato and the combination and joining of traditional and digital mediums. Successful and well-known artists that have used these methods are studied. Assignments include figure, book, institutional, editorial, landscape, product, and fashion illustration.

CREDITS: 3

PREREQUISITE(S): DIL 231, DIL 246

DIL-314 POSTER ILLUSTRATION

This course explores various procedures and professional methods used in creating and developing powerful, dynamic solutions. Students learn how to clearly communicate the one idea or symbol associated with a poster. This course takes students from preliminary sketches to finished art and involves the use of many mediums (oils, acrylics, etc) and techniques.

CREDITS: 3

PREREQUISITE(S): DIL 246, DIL 261

DIL-315 PERIOD COSTUME ILLUSTRATION

The primary focus of this course is to enhance the student's ability to incorporate the essence of a time period into a figure illustration. Students light, pose and photograph costumed models. The photos are utilized as reference to create paintings that illustrate individuals living in another time or place. Course content is used in the following print markets: historical fiction and non-fiction book illustrations, textbook illustrations, magazines, romance novels, game-box covers.

CREDITS: 3

PREREQUISITE(S): DIL 231, DIL 246

DIL-323 CONCEPTUAL DRAWING & IMAGE MAKING

The course continues the development and reinforcement of the critical thinking/conceptual method students develop in previous figure drawing classes, and focuses this skillset towards the entertainment/conceptual illustration marketplace. This course furthers the student's skillset by combining

the knowledge of perspective and animal/human anatomy with fully realized illustrative compositions. Assignments will emphasize how to combine all of these skillsets into creating fully realized narrative image-making. The typical professional illustrator's "workflow" process will be stressed in this course, with a heavy emphasis that includes thumbnail (ideation) sketches, rough sketches, color sketches, and finished art for example.

CREDITS: 3

PREREQUISITE(S): DIL 246, DIL 261

DIL-325 INTERMEDIATE DIGITAL ILLUSTRATION

In this course, students learn to incorporate traditional drawing and computer painting processes to produce finished projects. Conceptual figure invention, design principles and the use of both traditional and digital tools are explored. The creation of rendered pen and ink drawings are utilized as the foundation for producing digital paintings. Personal and classical character development and traditional painting techniques are used to produce mass-production quality CMYK images. Projects are developed to meet industry standards for entertainment companies; i.e., comics, syndication, editorial illustration and TV.

CREDITS: 3

PREREQUISITE(S): DIL 231, DIL 261

DIL-326 GREETING CARDS, PRINTS & COLLECTIBLES

In this course, students explore and develop craft and principles for the creation of art for greeting cards, novelties and other retail and merchandising markets. Students research and develop products which can potentially be mass-produced and marketed. Students also develop a list of potential clients and contacts for the products they produce. Production methods and procedure for creation of finished work is open to individual exploration. Students have the option of using traditional or digital tools, or three dimensional mediums.

CREDITS: 3

PREREQUISITE(S): DIL 231, DIL 261

DIL-327 FASHION & LIFESTYLE ILLUSTRATION

In this course, students focus on mixed markets of fashion and pop culture. This is not a fashion course in the traditional sense, but it is established for students interested in fashion and lifestyle markets. An individual approach and experimentation with different media in the handling of figures and products is emphasized. Projects include editorial illustration for fashion and pop culture periodicals, illustrations to promote beauty and lifestyle products, clothing lines, and development of a personal brand.

CREDITS: 3

PREREQUISITE(S): DIL 231, DIL 261

DIL-332 JUNIOR ILLUSTRATION STUDIO

In this course, junior illustration students will begin the process of creating a focused body of illustration that demonstrates a consistent theme, is aimed at their chosen markets, and is the beginning of serious professional portfolio development. Students will also write a brief assessing their own picture-making process and goals. Presentation and public speaking skills will be emphasized. Through this process of self-assessment, and with the guidance of their instructor, students will begin to develop an understanding of their own mediums and the professional illustrator's workflow process.

CREDITS: 3

PREREQUISITE(S): DIL 358

DIL-333 TRADITIONAL COMICS

In this course, emphasis is placed on exploration and development of conceptual character and storytelling abilities critical to the creation of a "universe" based on personal visual language. Classical and personal character development and storytelling methods are covered. Conceptual figure invention, design principles, and traditional and digital tools are utilized.

CREDITS: 3

PREREQUISITE(S): DIL 246, DIL 261

DIL-334 LETTERPRESS FOR THE 21ST CENTURY

Letterpress printing is a traditional practice whose creative flexibility keeps it fresh and relevant. The fusion of new and time-tested technology is the primary focus and objective of this course. The student is made aware of how to fuse the processes of Gutenberg with 21st century technology in an artistic and commercially viable way. Students learn how to best combine the hand-drawn, hand-painted, and hand set type with cutting edge digital technology.

CREDITS: 3

PREREQUISITE(S): DIL 246, DIL 261

DIL-335 INTRODUCTION TO STORYBOARDING

This course offers fundamental instruction needed for development of visualization skills and vocabulary applied in the production of storyboards for cinema, gaming, animatics, television and advertising. Students learn to utilize traditional drawing mediums to produce finished projects. Assignments cover composition, storytelling, camera angles and moves and presentation values to meet industry standards. Open to non-majors with departmental approval.

CREDITS: 3

PREREQUISITE(S): DIL 246, DIL 261

DIL-336 ADVERTISING & CINEMATIC STORYBOARDING

This course facilitates training in speed drawing, perspective, conceptual story development and cinematic language capabilities utilized for the creation and design of storyboards. These skills prepare students with narrative conceptualization capabilities that can be utilized in pre-production in a variety of entertainment-related areas such as advertising, film, animation and video game development.

CREDITS: 3

PREREQUISITE(S): DIL 261, DIL 335

DIL-337 EXPLORING PERSONAL IMAGERY

In this course, students develop portfolio-quality work through assignments designed with a concentrated focus on visual skills to create personal language. The process reinforces the significance of conceptual thumbnails, finished pencils, color comprehensives and finished art. Real-world projects require that students focus on thought processes, research and deadlines, while creating successful conceptual illustrations. Assignments are structured for editorial, magazine and book markets.

CREDITS: 3

PREREQUISITE(S): DIL 231, DIL 261

DIL-339 CHARACTER ILLUSTRATION

In this course, students explore and learn craft and principles used for the creation of personal and classical character development for storytelling. Conceptual figure invention, design principles and investigation of imagination supported by research is encouraged for development of traditional and non-traditional characters. Both traditional and digital tools, including three-dimensional media, are utilized to create finished work.

CREDITS: 3

PREREQUISITE(S): DIL 246, DIL 261

DIL-348 HEAD DRAWING AND PORTRAIT PAINTING

Fundamentals and construction, as well as likeness and rendering are covered in the drawing portion of this course. Color, mood, and form and technique are emphasized in the painting portion. Materials used include graphite, charcoal, Prismacolor, pastels, markers, gouache, acrylics, and oils. Outside assignments concentrate on expressions, caricature, formal portraiture and advertising applications.

CREDITS: 3

PREREQUISITE(S): DIL 231, DIL 246

DIL-350 SEQUENTIAL STORYTELLING

This course explores the narrative storytelling and production procedures for developing graphic novels, comics, storyboards and animatics. Assignments are developed from situations directly observed, imagined or conceptualized to increase the student's awareness and perception of time, which is required

for the logical layout and design of stories. Use of a camera is required.

CREDITS: 3

PREREQUISITE(S): DIL 261, DIL 323

DIL-352 CONCEPTUAL FIGURE ILLUSTRATION

This class allows illustrators to extend their storytelling and composition abilities by moving beyond reference photos or models to create and invent figures and characters with consistency for use in entertainment and editorial projects.

CREDITS: 3

PREREQUISITE(S): DIL 147, DIL 246, DIL 247

DIL-356 SCIENCE FICTION & FANTASY PAINTING

In this course, students explore the use of the materials and methods of painting in addressing the particular issues and demands of working within the comics and book publishing areas. Projects require students to research and develop appropriate visual solutions for traditional and new market opportunities within a genre. Emphasis is placed on development of traditional painting processes, procedures and development of personal style.

CREDITS: 3

PREREQUISITE(S): DIL 231, DIL 246

DIL-358 BEYOND THE PORTFOLIO

This course, which must be taken in the first semester of the junior year, focuses on the review, analysis, preparation and/or improvement of graduate portfolios. Students are prepared for the necessary promotion of themselves to the business and art communities. Artwork and/or writing completed for the class is intended for promotion of the individual.

CREDITS: 3

PREREQUISITE(S): DIL 231, DIL 246, DIL 261

DIL-361 DIGITAL GRAPHIC ILLUSTRATION

In this course, projects are structured to respond to particular image communication goals. Students become familiar with the use of Adobe Illustrator and Adobe Indesign programs.

CREDITS: 3

PREREQUISITE(S): DIL 261, DIL 270

DIL-362 BOOK COVER ILLUSTRATION

In this course, students are introduced to the riches of book illustration, from the past to the present. The styles and techniques of the world's most significant illustrators in the fields of children's books, poetry and the novel are surveyed. Assignments consist of creating new covers and text illustrations for existing books, fairy tales, short stories, etc. Students are free to illustrate stories of their own for one of the assignments.

CREDITS: 3

PREREQUISITE(S): DIL 231, DIL 246 OR DFA 150, DIL 261

DIL-363 CHILDREN'S BOOK ILLUSTRATION

In this course, students explore the characteristic of children's book illustration, including age, gender and culture. A variety of techniques are explored relevant to the translation of a story into visual form.

Professional conditions and business practices connected to the profession of children's book illustration are considered. Sketchbooks are an important component in the overall project mix.

CREDITS: 3

PREREQUISITE(S): DIL 231, DIL 246

DIL-364 ENTERTAINMENT ILLUSTRATION

In this course, students select three or four areas of interest such as film, theatre or other numerous forms of entertainment to study. Assignments include matte art, storyboards, set design, animation, poster art, production design, model making, etc.

CREDITS: 3

PREREQUISITE(S): DIL 246, DIL 261

DIL-383 EDITORIAL PAINTING

In this course, projects require students to analyze a given text, consider audience demographics and develop appropriate translation of the text into a visual narrative with emphasis on creative and personal solutions.

CREDITS: 3

PREREQUISITE(S): DIL 231, DIL 246

DIL-441 ADVANCED PAINTING FOR ILLUSTRATORS

In this course, students explore the use of the materials and methods of painting to address the issues and demands of the contemporary market. The fundamentals of color theory, composition, concept, individual drawing ability and style are also addressed.

CREDITS: 3

PREREQUISITE(S): DIL 383

DIL-443 ILLUSTRATION AND DESIGN II

In this course, students explore more complex issues in dealing with text and image, translating ideas into visual message constructs that effectively combine the two in symbiotic relationships. Students engage in problems that demand research, creation and management of numerous visual and informational elements within a given visual product.

CREDITS: 3

PREREQUISITE(S): DIL 325, DIL 332

DIL-445 ADVANCED DIGITAL ILLUSTRATION

In this course, students learn to develop environments that create a sense of place and time. Students also explore visual translations of invented environments, defined by perspective, and gain an understanding of form in dimensional environments. Various media are covered.

CREDITS: 3

PREREQUISITE(S): DIL 325

DIL-446 ADVANCED GESTURAL DRAWING AND MOTION

This course covers the basic principles of traditional line and cell animation. Students learn how to transfer drawings into movement and action.

CREDITS: 3

PREREQUISITE(S): DIL 247

DIL-475 ILLUSTRATION INTERNSHIP

Participation in an internship experience allows students to use classroom-learned skills in a related employment experience. Students must work a minimum of 135 hours over the course of the entire semester. To participate students must be of junior or senior status with completion of freshman and sophomore studios. Students must have a minimum cumulative GPA of 2.8. Seniors may not be eligible to participate in an internship during their final semester. Transfer students must have attended one semester at CCS in addition to meeting the other eligibility criteria.

CREDITS: 3

PREREQUISITE(S): DIL 246, DIL 247, DIL 261

DIL-483 ILLUSTRATION STUDIO A

In this course, students write a brief assessing their own picture-making process and goals. Through this process of self-assessment, students develop an understanding of their own mediums, with the guidance of their instructor.

CREDITS: 3

PREREQUISITE(S): DIL 317, DIL 325 OR DIL 361

DIL-484 ILLUSTRATION STUDIO B

In this course, with the assistance of the instructor, students create their artist statements. The work

created in this course establishes the artists' point of entry into the illustration market.

CREDITS: 3

PREREQUISITE(S): DIL 317, DIL 325 OR DIL 361

DIL-485 SPECIAL PROJECT 300/400

The Special Project class is offered on an occasional basis, with course content specific to the area being explored.

CREDITS: 3

PREREQUISITE(S): DIL 261, DIL 270

DIL-490 INDEPENDENT STUDY

Independent Study is available to students who are at Junior or Senior level standing with a cumulative grade point average of 3.00 or above. The student may receive approval to work in an area or on a project that is not otherwise offered or addressed in the regular curriculum. Students may receive credit toward graduation for no more than 6 credit hours. The student must submit to the chairperson of the department in which they wish to study, an Independent Study Proposal of 150 words (no less) of the student's plan for study and her/his reason for choosing to study independently. Once the department chairperson provides approval and the instructor for the Independent Study is determined, the faculty member must write an Independent Study Syllabus with educational goals, learning outcomes, meeting dates, course expectations, timelines and due dates.

INTERIOR DESIGN

DIN-127 FRESHMAN INTERIOR DESIGN STUDIO I

In this course, students are introduced to the technical drawing and graphic communication skills required for success in the field of interior design. A variety of black and white media used to communicate design concepts and create ideation sketches and presentation techniques are explored. Emphasis is on understanding concepts that develop creative thinking processes.

CREDITS: 3

DIN-128 FRESHMAN INTERIOR DESIGN STUDIO II

This course emphasizes further exploration of technical illustration approaches that can be combined to produce informative presentations. Focus is on perspective techniques, section and isometric drawing, developing color plans, elevations and illustrations for presentations. A variety of approaches to color media may be introduced, along with continued hand-lettering exercises from which students develop presentation skills appropriate to the interior design field. Prismacolor, markers, pastel and watercolor may be incorporated.

CREDITS: 3

PREREQUISITE(S): DIN 127

DIN-130 RESIDENTIAL INTERIOR DESIGN STUDIO

In this course, emphasis is placed on residential design projects in which students develop methods for creative problem solving. Students learn to create plans and package their ideas from preliminary design concepts. The study of basic design elements and principles are considered. Contemporary issues relative to interior design are explored, as well as issues that relate to human needs, functions and spatial proportions in the built environment.

CREDITS: 3

PREREQUISITE(S): DIN 127

DIN-205 TEXTILES

Textile design and construction are surveyed in this course. Students will identify and explore woven, knitted, off-loom and finishing techniques, as well as performance characteristics, basic textile chemistry and testing procedure. Health and safety standards that affect the selection, specification and application of textiles in the interior environment are examined.

CREDITS: 3

DIN-220 AUTO CAD I/ARCHITECTURAL DRAWING

In this course, students are acquainted with computer-aided drafting (CAD) for interior design by constructing detailed documents and plans. The course is designed to introduce students to the technologies used in the interior design field for the appropriate preparation of documents. Students' expand their knowledge of dimensioning spaces through the development of plans, elevations, sections, interior details and other standard conventions that are part of construction documents.

CREDITS: 3

PREREQUISITE(S): DIN 127, DIN 128, DIN 130

DIN-231 SOPHOMORE INTERIOR DESIGN STUDIO I

In this course, students explore the design of a large-scale mixed use residential/mercantile space through creative thinking and problem solving. Students learn to design for public spaces, based on planning and programming techniques introduced in Residential Interior Design Studio. Preliminary sketches, plans, and research as well as verbal presentations are required.

CREDITS: 3

PREREQUISITE(S): DIN 127, DIN 128, DIN 130

DIN-232 SOPHOMORE INTERIOR DESIGN STUDIO II

In this course, students explore the design of commercial spaces within a specialized environment. Students incorporate creative design solutions to unique situations while resolving common issues related to public facilities. More complex application of design principles and procedures are achieved. Model

making or building is required in this course. Students interact with practicing professionals, critics and jurors.

CREDITS: 3

PREREQUISITE(S): DIN 127, DIN 128, DIN 130, DIN 220, DIN 231

COREQUISITES: DIN 270

DIN-251 DESIGN SOURCES AND MATERIALS

In this course, students are acquainted with materials used for the design of interior spaces, both commercial and residential. Visits to suppliers, product shows and guest lectures designated by the instructor, are requirements of the course. Products, information sources for materials and finishes, their properties, specification and installation techniques are examined, in addition to building student awareness of code regulations for interior environments.

CREDITS: 3

DIN-261 ENVIRONMENTAL PSYCHOLOGY AND HUMAN FACTORS

Human perception of the environment influences behavior, mood and productivity. In this course, students develop awareness of ergonomics and anthropometrics in terms of human dimensions and movement. Proxemics, the study of personal space needs, are also explored while visual perception and dynamics of color are applied in three-dimensional spaces. The psychological needs of special populations (impaired, elderly, children, etc.) are also investigated. This course provides students with an awareness of how human needs at home and in the workplace influence design decisions and impact quality of life.

CREDITS: 3

DIN-270 AUTO CAD II/ARCHITECTURAL DRAWING

In this course, students advance the AutoCad skills developed in AutoCad I to produce a comprehensive set of CAD documents to coincide with their studio project. This course develops 2D and 3D drafting skills to provide an introduction to DIN 311. Custom built-ins, millwork details, lighting design plans, as well as finish schedules and specifications, complete the set of drawings. Building systems (mechanical, electrical, structural, etc.) are explored to provide an understanding of building components in residential and commercial structures.

CREDITS: 3

PREREQUISITE(S): DIN 220

DIN-311 INTERIOR MODELING AND ANIMATION I

This studio introduces students to computer modeling, rendering and animation of 3-D forms and the use of computers in applying textures to surfaces within architectural interiors. Lighting principles, camera placement and movement introduce students to 3-D modeling and animation.

CREDITS: 3

PREREQUISITE(S): DIN 270

DIN-313 INTERIOR MODELING AND ANIMATION II

This advanced studio emphasizes walk-through animation of interior studio projects. Digital output of stills and animation make strong additions to senior portfolios.

CREDITS: 3

PREREQUISITE(S): DIN 311

DIN-331 JUNIOR INTERIOR DESIGN STUDIO I

This comprehensive design studio incorporates the specialized attributes of lighting while creating design solutions for a large-scale project. Students apply AutoCad technology and knowledge of building codes in presenting design solutions.

CREDITS: 3

PREREQUISITE(S): DIN 232

DIN-332 JUNIOR INTERIOR DESIGN STUDIO II

The focus of this course is a comprehensive studio design problem that involves a large-scale commercial space. Projects require the application of concepts of programming space analysis, planning and creative problem solving. A set of plans, working sketches and models, presentation materials and research, as well as verbal presentations may be required. Design issues to be resolved challenge students to develop innovative solutions for the built environment, while providing for the health, safety and welfare of the public.

CREDITS: 3

PREREQUISITE(S): DIN 331, DIN 351

COREQUISITES: DIN 363

DIN-335 PORTFOLIO PREPARATION

In this course, students develop the ability to package their collective body of work into a family of marketing tools representing their abilities as a designer. The course focuses on the review, analysis, preparation, and/or improvement of the student's portfolio. Based on personal goals and faculty assessment, students develop mechanisms to market their skills. These include developing a resume, looking at format and layout, research for website design, print, communications, and other appropriate personal marketing material.

CREDITS: 1.5

PREREQUISITE(S): DIN 232

DIN-351 LAWS, CODES AND STANDARDS

This course reviews the legal standards employed by professional interior designers to determine code requirements in primarily commercial settings. Students develop an understanding of the use of reference materials and research procedures as they apply to interior design. BOCA, NFPA, ADA and ADAAG are referenced, as well as the International Building Codes.

CREDITS: 3

DIN-363 LIGHTING TECHNOLOGY AND APPLICATIONS

In this course, students learn about the appropriate selection of lighting for specification in interior environment applications. Lighting principles and technologies are facilitated through the design problems created in the studios.

CREDITS: 3

PREREQUISITE(S): DIN 232

DIN-431 SENIOR INTERIOR DESIGN STUDIO I

In this course, a professional project encompassing knowledge and skills gained in previous years, is developed. Projects may include an internship, workshop or mentor experience and is meant to be an intensive culmination/integration project that highlights the student's portfolio.

CREDITS: 3

PREREQUISITE(S): DIN 332, DIN 351

DIN-432 SENIOR INTERIOR DESIGN STUDIO II

In this course, a professional project encompassing knowledge and skills of previous years is developed. Projects may include an internship, workshop or mentor experience and is meant to be an intensive culmination/integration project that highlights the student's portfolio. The project uses parallel requirements to the NCIDQ (National Certification for Interior Design Qualification) exam in order to prepare students for this certification examination.

CREDITS: 3

PREREQUISITE(S): DIN 431

DIN-434 BUSINESS PRACTICES SEMINAR

In this course, fundamentals of the business of interior design are covered including operations, communications and the ethical, legal and financial responsibilities of the practitioner. NCIDQ standards are followed through practice examinations. Students are given the opportunity to review their portfolios. Emphasis is placed on effective design presentation for interviewing and communicating with industry

professionals and prospective clients. All aspects of a design practice are explored from the initial client contact and include the business practices specific to the industry.

CREDITS: 1.5

PREREQUISITE(S): DIN 332

DIN-435 REVIT ARCHITECTURE

This course explores the application of "Revit/Architecture" to use Building Information Modeling (BIM). BIM uses object-based, information-rich 3D modeling to improve the productivity and efficiency of CAD which is an industry standard. The course utilizes lectures, hands-on demonstrations and lab exercises to familiarize students with the basic concepts and tools utilized in Revit Architecture. Students learn how the software integrates 3D modeling and 2D documentation. Imperial and metric templates are explored for the international workplace.

CREDITS: 3

PREREQUISITE(S): DIN 220, DIN 332

DIN-475 INTERIOR DESIGN INTERNSHIP

Participation in an internship experience allows students to use classroom-learned skills in a related employment experience. Students must work a minimum of 135 hours over the course of the entire semester. To participate students must be of junior or senior status with completion of freshman and sophomore studios. Students must have a minimum cumulative GPA of 2.8. Seniors may not be eligible to participate in an internship during their final semester. LIBERAL ARTS

The Liberal Arts Department at the College for Creative Studies is dedicated to the academic and professional success and enrichment of CCS students. Faculty represent a wide variety of disciplines within the liberal arts including: English language and literature, composition, history, art history, the social sciences, the natural sciences, philosophy and critical theory. Also offered are minors in art history, visual culture, art therapy, critical theory and creative writing. Course offerings within the Liberal Arts Department are specifically designed to serve the personal and professional needs of emerging artists and designers. The curriculum sensitively balances classical academic training with cutting edge, innovative pedagogy in subject areas such as the social responsibilities and engagement of art/ design practice, global issues and diversity awareness. Courses encourage expressive, thoughtful writing, confident presentation delivery, logical reasoning, process-oriented and team-oriented projects and varied, creative responses to both written and visual texts.

ART HISTORY

DAH-200 ART & CULTURE: AGES OF DISCOVERY

Ages of Discovery is a survey of Western Art and visual culture from the late Middle Ages to the twentieth-century. Other than to present an outline history of Western art, this course seeks to introduce students cumulatively to the critical concepts and vocabulary in the study of art history, visual culture, art appreciation and historiography of art, that is, the study of the writing about art and its history. The course will seek to introduce students to historically relevant accounts of the philosophical, religious, poetic and technological contexts of art as well as to introduce new forms of historical thinking on the relevance of the recognition of social, political and economic, (race, class and gender) in the understanding of both the making of art and its audience. A grade of "C" or better is required.

DAH-201 ASIAN VISUAL CULTURE: AN INTRODUCTION

This course is an introduction to Asian visual culture through a series of case studies in visual narration in a wide variety of media and formats from India, Southeast Asia, China and Japan. At the same time, the course seeks to locate individual narratives in the larger narrative traditions and the socio-political contexts from which they emerge. The focal narratives range from painted and sculpted cycles in the architectural space of public monuments, to individual hand scrolls and manuscripts that have more limited and private audiences and viewing protocols. This course examines each work of art in its particular cultural contexts, including its patron, maker, and original consumers. Students study the use of visual narratives in the construction of ideals by emperors, religious devotees and scholars construct. In this light we will study visual narratives that have accompanying verbal texts as well as those that stand alone. A grade of "C" or better is required.

DAH-201 VISUAL NARRATION: AFRICA/AMERICA

This course is an introduction to the visual cultures of Africa and its Diasporas, through a series of case studies in visual narration in a wide variety of media and formats from Africa, the Caribbean, the US, Brazil, and indeed throughout the Black Atlantic. The case studies range from altar-making to filmmaking, and from sculpture to pageantries of carnival. The course seeks to locate these individual images-texts-objects in the larger narrative and performance traditions, as well as the socio-political and historical contexts, from which they emerge. But the course also asks where these forms are going, and how historical memory works now, always in motion. What, then, are the theoretical and practical implications for establishing origins, authenticity, and the future? A grade of "C" or better is required.

GENERAL STUDIES

BUSINESS CONCENTRATION

CCS has partnered with Walsh College to offer a set of four courses in business studies. This group of courses, referred to as a "concentration," is similar to a "minor" but requires fewer courses to complete. A Certificate of Completion is issued and "Business Concentration" will appear on the official transcript.

The four courses required to complete the Business Concentration include the currently required course, DAS 213 - Business Practices (15-week course), plus three courses designed by Walsh College specifically for CCS (11-week courses). Students may select the three CCS/Walsh courses as Liberal Arts electives or general electives, allowing completion of the major and Business Concentration within the 126-127 credit Bachelor of Fine Arts degree requirements. Students also have the option of enrolling in just one or two of the CCS/Walsh courses, but in doing so forego the Certificate of Completion and Business Concentration notation on their official transcript. Students who wish to drop a Business Concentration course must do so no later than the 9th week of classes. Please consult the Academic Calendar for actual drop dates. The following courses make up the Business Concentration:

DAS 213 BUSINESS PRACTICES

DAS 313 BRANDING AND IMAGE MANAGEMENT

DAS 314 MONEY MANAGEMENT FOR ARTISTS AND DESIGNERS

DAS 315 ADVANCED SKILLS FOR ARTIST & DESIGNERS

DAS-213 BUSINESS PRACTICES

This course prepares students to function as professional artists and/or designers. It provides an introduction to contemporary business theories, trend analysis, and branding techniques and practices. As well, students learn and use basic project management principles, project costing models, and the elements of business plan design.

DAS-313 BRANDING AND IMAGE MANAGEMENT

This course prepares students to connect their creative practice with prospective customers and clients through the study of contemporary marketing techniques. The course builds on knowledge gained in DAS-213 Business Practices to deepen student understanding of fundamental business concepts and methods. The primary concepts in the course include: 1) the development of a branded self to build a distinctive image and to establish the basis for the market value of creative work for use in an entrepreneurial or corporate environment and 2) an exploration of social media strategies to communicate that image and corresponding value proposition to potential customers. Understanding branding and image management is essential for professional artists and designers to effectively translate their talents into an economy where markets offer a wide variety of competing choices. Students in this course will complete a personal branding project and a marketing plan to incorporate into their overall business plan and career development strategy. This course is taught by Walsh College faculty. It is an 11 week hybrid course (in class and online) that may be used for Liberal Arts or General Elective credit

DEN-311 SHAKESPEARE

This upper-level course on Shakespeare and the Emergence of the Early Modern Self seeks to explore the ways in which the language of Shakespeare - in sonnet sequence, in comedy and tragedy - allows a site for the study of the struggles, conflicts and anxieties in the emergence of what may be called early modern subjection. Through close attention to the language and conventions of Elizabethan writing and staging, students are encouraged to formulate their own historical yet creative reading of self and subjectivity in Shakespeare's art and work. A special section on Shakespeare and Film is used to open discussion on the uses and re-interpretation of Shakespeare's works for modern and contemporary audiences (in terms of gender, race and class).

DEN-314 CREATIVE NON-FICTION WORKSHOP

Creative nonfiction is a type of writing that uses literary styles and techniques to construct narratives that have their foundation in fact. Examples include: memoir, travelogue, the personal essay, and cultural observation. As opposed to journalism and technical writing, which are also based in fact, creative nonfiction projects a dramatic, literary framework onto everyday existence, rendering it enlightening and potentially meaningful to the reader. We will study examples of creative nonfiction in order to determine some of the structures and methods of this relatively open genre, and in turn, apply them to students' own

work. As a workshop class, the primary focus is student writing of manuscripts to be critiqued and improved. The class requires students to share their writing, questions, and opinions. As an online workshop class, we will interact almost entirely through the medium of Blackboard, posting work and responses weekly or bi-weekly. On a deeper level, we will consider the sometimes slippery nature of truth as it applies to this writing form, looking for consensus on the boundaries we can push, vs. those we must maintain in order for this genre to preserve its claim to authority.

DEN-316 THE GRAPHIC NOVEL

At once literary and visual, graphic novels challenge the traditional boundaries of literature. In recent years, graphic novels have explored important social and political themes, retold ancient stories, and carved new territory in story-telling. This course will explore the graphic novel as a cultural artifact asking several key questions: What stories have been told in graphic novel format, and why those stories? What do graphic novels mean for our understanding of story-telling, particularly literature? How and why do the stories differ from traditional literature? What do graphic novels tell us about the moment in which they are produced? What is the relationship between text and image? Must they be of equal importance? How do they function differently from texts and images found in picture books and other text/image platforms? The answers inspired by these questions are put into practice with the completion of a small, original graphic novella of an original story.

DEN-317 SCI FI AND HORROR WRITING

Science Fiction and Horror may transport readers to a planet light years away or usher them through fiend filled graveyards and crypts. Whether extrapolating futuristic technology from contemporary science or conjuring novel survival strategies, these genres imagine what might have been or what might be, creating a platform for rich possibility. In this course, we will explore the nature of both genres by reading and discussing a diverse selection of works drawn from text, film, television, radio and comics before students generate writing of their own. Concepts will be reinforced through group workshop and discussion. In this multi-genre course, we will focus on those elements that make for vivid, effective, memorable writing in science fiction and horror: original detail, memorable image, inventive language and authentic setting. Both critical thinking and artistic sensibility will be emphasized.

DFS-101 INTRODUCTION TO INTERDISCIPLINARY STUDY

This required freshman course is the gateway to interdisciplinary study at CCS. It provides the entering college student with the necessary skills and methodologies to discover the pleasure, and challenge, of inquiry (asking compelling questions), research (investigating answers from many sources: academic, professional and personal), and inter-relationship (discovering all knowledge, all "ways of knowing" may be intricately connected in a balanced synthesis.) The ultimate goal is to become inspired, and, in turn, inspire others with thoughtful reading, writing, and presenting.

HISTORY

DHS-276 AMERICAN HISTORY TO 1865

This lecture-discussion course surveys U.S. political, social and economic history from the founding of indigenous cultures to the end of the Civil War. The course focuses on nation-building, examining the effects of economic growth, an increasingly diverse population, territorial expansion, political culture and sectional conflict on national development. Students examine whether by 1865 America constituted a nation or merely a collection of separate ethnic, religious enclaves coexisting in the same boundaries. Additionally, the course explores ideas about freedom, and how those ideas changed in the first three centuries of U.S. history and investigates debates about freedom and how the same word could convey very different meanings to different groups of people.

DHS-301 FROM THE PURITANS TO PUNK AND BEYOND

This course focuses on the interdisciplinary study of aspects of American culture through its music. We will explore the cultural interrelationship of the social, political, economic, historical and aesthetic influences that have formed the context and development of American music genres. Throughout we emphasize popular, innovative and sometimes experimental musical forms and their basis in individual communities. In that process we explore what seems to have made musical forms "speak" to our ancestors and to us. We also explore how the rise of mass-market music and the music industry has affected this history. Classes combine discussion of reading materials, discussion of films, presentations from guest musicians and music historians, and, above all, listening to music.

DHS-302 WAR TO END ALL WARS

This course will focus on the causes and aftermath of World War I. While the war itself was fought between 1914-1918, consideration of the causes and aftermath widens our exploration from 1848 (the "year of revolutions") to 1939 (the Spanish Civil War). Sometimes called "The War to End all Wars" or "The Great War", the catastrophic events of WWI changed the modern world. These causes and changes extend from the middle of the 19th to the middle of the 20th century, and into our own 21st century. This is why this war can be considered an endless war. World War I affected virtually every field discipline - from the arts and science, politics and ideology, geography and anthropology, finance and popular culture, and, the ways we consider the process of History itself.

DLE-400 WHAT MAKES MODERN ART MODERN

This seminar explores the following: (i) art becomes modern when art is rejected; (ii) there is no modern art without poetry, philosophy, ethics or the political; (iii) art becomes modern when the poet Charles Baudelaire realizes the city as an active subject in art; (iv) the city and anti-art produce an avant-garde which claims to refuse art. Broadly speaking, the course is not concerned with the claim of a particular movement or artist as the beginning of modern and/or avant-garde activity; instead the course is concerned with the practices, attitudes and values that make for distinctively modern conceptions of artistic activities, of which the following are emphasized: the city, poetry, spectacle and performance. There is a special section in the course devoted to the city and film. Students will be encouraged to devise creative responses in film, photography, digital media, drawing, painting, sculpture etc. to their environment.

DLE-401 ART & MADNESS IN MODERN CULTURE

Madness has been of interest to philosophers, psychologists, social scientists - as well as to artists. The history of art, culture and literature is filled with "mad or romantic geniuses." This course proposes a comparative examination of the transition of "marginalized" forms of representation from "insanity" into the field of aesthetic and cultural practice by a consideration of the art and drawing of the insane (from asylums), short story (Edgar Allen Poe), poetry (Sylvia Plath), painting (Van Gogh, Surrealism, de Kooning), and film (Ingmar Berman's "Through a Glass Darkly"). The course seeks a balance between critical theory (Plato, Romanticism, Avant-Garde, Feminism), close reading (engaging each person's affective response), and developments in the changing status of the scientific, social and intellectual situation of works. Course credit may be used as English or Philosophy.

Since classical antiquity in the Western tradition there has been a central dialogue between philosophy and poetry on the question of genre: What is philosophy? What is poetry? In what way might philosophy and poetry be related? Do philosophy and poetry point to different kinds of experience or different kinds of knowledge? Through a selection of texts from Plato and Aristotle to Heidegger, Derrida, Lacoue-Labarthe along with the poetry of Surrealism, Paul Celan, J.H. Prynne and Anne Carson, this course will look at the way in which the mutual interrogation of poetry and philosophy has been central to the thinking about modernity and the nature of experience as social or resistant to the claims of the social.

Some of the most powerful ideas about human destruction, violence, and waste are to be found in films - sci-fi films, experimental films, art films - as the early 21st century struggles to find new forms of art and thought to reflect upon the fragility of its world in radical transition. VISUAL CULTURE

DVC-200 CONCEPTS AND METHODS OF VISUAL CULTURE

This course examines the role of the visual in theory and practice. The approach taken is both structural and historical, presenting various critical frameworks and then using them to analyze specific examples of visual culture and their time periods. The course considers the visual through multiple dimensions--aesthetics, economics, politics, sociology, etc. It also reflects on the development of visual culture studies as an interdisciplinary field. A range of visual media --painting, photography, design, digital, etc.--

and their cultural environments are examined. Heavy emphasis is placed on the student's ability to absorb visual culture theory and apply it to written assignments and other research. This course may be used for Social Science credit.

DVC-302 DOC FILM: (RE)PRESENTING THE REAL

Beginning with the idea that "all representation is transformation," students in this course will examine the ways in which documentary films both (re)present the sociohistorical world--the "real"-- and shape our perceptions of that reality. Films drawn from a wide range of eras, cultures, and perspectives will provide the opportunity to explore concepts such as authenticity, identity, evidence, authority, and argument while course readings will analyze and critique documentary films from a variety of viewpoints including historical analysis, race and gender studies, and critical theory.

CREDITS: 3

PREREQUISITE(S): DVC 200 OR DVC 306

DVC-306 INTRODUCTION TO FILM

This course is designed to give students an introduction to film as an art worthy of critical attention. Students develop the ability to think, discuss and write about film in an academic context.

CREDITS: 3

PREREQUISITE(S): DEN 239

DVC-307 EXPERIMENTAL FILM

Film is an inherently exploratory medium. From the earliest "movies" of the 1890s to present-day digital technology, its evolution as an art form has paralleled developments in its means of production. However, outside the control of the major studios, an alternative cinema, called "avant-garde" or "experimental," has appropriated the most economical means to create a visionary, challenging, often disruptive body of work. And alternate systems of distribution have arisen to make possible its appreciation by small but devoted audiences. Our course will examine a phenomenon that the British Film Institute has called "almost indefinable. It is in a constant state of change and redefinition." Yet our task will be precisely to trace its history, give definition to its various facets, and engage with the concepts and issues they raise.

PREREQUISITE(S): DVC 200 OR DVC 306

DVC-401 FILM NOIR AND BEYOND

Film Noir, with roots in German Expressionism and American hard-boiled fiction, is an enduring cinematic phenomenon. Beginning in the 1940's, Hollywood-produced stories of ill-fated protagonists seduced by femmes fatales, dirty deals, and double-crossing partners, struck a nerve with American audiences (and soon after World War II with French critics who named and defined the "Noir" style). These dark tales reflected a 20th century malaise spawned by the Great Depression, WWII, and a contemporary shift in gender roles. Our course will examine the origins of Noir. This course may also be applied to an upper level English or Liberal Arts Elective.

CREDITS: 3

PREREQUISITE(S): DEN 239, DVC 200 OR DVC 306

DVC-402 FILM STUDIES: SCIENCE FICTION

In this course students will explore the ways in which science fiction films have represented contemporary culture trends such as fear of the other and cold-war paranoia in *Invasion of the Body Snatchers*, the terror of the body in *Aliens* and the transhumanism in *District 9*. Course readings will examine the development of the science fiction film as a distinct genre from a variety of viewpoints including historical analysis, race and gender studies, and critical theory. This course may apply as an upper level English and Liberal Arts elective.

PHOTOGRAPHY

DPH-111 PHOTOGRAPHIC PRACTICE:FROM HALIDE TO PIXEL

The course addresses the historical, cultural and artistic significance of photography as a medium. It also examines the many roles that photography plays in mass media, both in art and commerce. It introduces students to the technology of photography, from traditional to digital processes. Through lectures, demonstrations, field trips, shooting assignments and critiques, this course addresses both the complexity of, and opportunities in, the field of photography.

CREDITS: 3

DPH-151 BLACK AND WHITE PHOTOGRAPHY

This course emphasizes visual communication through creative black and white photography. Camera technique, composition and darkroom skills are addressed. Attention on the interrelationship of subject, technique and intent is stressed.

CREDITS: 3

PREREQUISITE(S): DPH 111

DPH-155 BASIC DIGITAL IMAGING FOR PHOTOGRAPHERS

Using the computer as a tool, students develop an understanding of digital photographic imaging capabilities and related outsourcing options.

CREDITS: 3

DPH-209 INTERMEDIATE PHOTOGRAPHIC DIGITAL METHODS

This course explores more advanced applications of Photoshop, as well as more creative options for output of digital images. The expressive possibilities of digital photo-manipulation are emphasized, and technical problem solving regarding scanning and output are addressed.

CREDITS: 3

PREREQUISITE(S): DPH 111, DPH 151, DPH 155

DPH-210 PHOTOGRAPHIC FINE ART CONCEPTS

Through assignments, readings, discussions and critiques, the student is encouraged to explore and experiment with image making strategies that derive from a personal perspective. Readings introduce the student to issues and ideas surrounding the practice and critical understanding of fine art photography.

CREDITS: 3

PREREQUISITE(S): DPH 111, DPH 151, DPH 155

DPH-211 STUDIO LIGHTING I

This course addresses the fundamentals of photography using controlled lighting both within a studio context and on location. Students are introduced to aesthetic, technical and creative problem solving strategies, within a controlled lighting context. This is accomplished through intensive hands-on experience, the history of applied and fine art photography, lectures, demonstrations, shooting assignments and critiques.

CREDITS: 3

PREREQUISITE(S): DPH 151, DPH 155

DPH-214 COLOR THEORY & PRACTICES I

This course introduces students to theories of color use and the practical applications as it is related to traditional and digital photography. Through oral and slide lectures, the history of color theory and color photography are addressed. Assignments are based on digital input, digital printing and traditional RA-4 printing, to illustrate the principles of color theory.

CREDITS: 3

PREREQUISITE(S): DPH 111, DPH 151, DPH 155

DPH-251 STUDIO LIGHTING II

This course is a continuation of Studio Lighting I, which utilizes controlled lighting both in the studio and

on location. Students perfect view-camera techniques and continue their exploration of controlled studio lighting techniques. Emphasis is on achieving a high level of technical, aesthetic and conceptual excellence. Note: Students are required to use a 4X5 camera for this course.

CREDITS: 3

PREREQUISITE(S): DPH 151, DPH 155, DPH 211

DPH-254 COLOR THEORY & PRACTICES II

This course, a continuation of DPH 214, focuses on color management and color output as related to the digital print. Assignments continue to deepen the students understanding of aesthetics as it applies to the color image. Additional assignments emphasize 4x5 transparency film and its role in commercial photography.

PREREQUISITE(S): DPH 251

DPH-307 SOCIAL DOCUMENTARY PHOTOGRAPHY

Social documentary is a long-standing tradition within the medium of photography, ranging from the first uses of the objective photograph as document to contemporary uses of the straight photograph. In this course fine black and white printing and exposure techniques are emphasized, as well as the archival printing process.

CREDITS: 3

PREREQUISITE(S): DPH 251

DPH-308 PLATINUM/PALLADIUM PRINTING

The image produced by this nonsilver technique has unparalleled beauty and offers infinite control over image characteristics. The course also covers the process of making enlarged negatives and the use of highlight/shadow masks for a wide range of contact printing processes.

CREDITS: 3

PREREQUISITE(S): DPH 251

DPH-311 ADVANCED STUDIO LIGHTING I

This course emphasizes the commercial and conceptual issues related to making images in a controlled lighting context. Advanced creative problem-solving strategies are introduced to foster consistency in terms of style, lighting, craft, camera, technique, etc. Lectures, studio and location demonstrations, shooting assignments and critiques are included.

CREDITS: 3

PREREQUISITE(S): DPH 251

DPH-313 ADVANCED PHOTOGRAPHIC FINE ART CONCEPTS

This course continues the student's concentrated study in personal fine art photography. A greater emphasis is placed on the development of a personal perspective and philosophy as it relates to the student's work. Through lectures, readings, discussions and field trips the student is encouraged to develop a greater understanding of the creative, conceptual and technical characteristics of their work, and to place that work within a contemporary context. The required readings focus on Post-Modernism and other contemporary movements in photography and art.

CREDITS: 3

PREREQUISITE(S): DPH 210

DPH-323 CONTEMPORARY COMMERCIAL PORTRAITURE

This course explores the creation of photographic portraits in a variety of environments using various imaging tools for use in commercial applications. The class will explore the techniques used that connect the photographer with subject to produce images that reveal the most about the subjects true character with identifiable emotional appeal to the viewer. The course is structured to emulate real world business expectations and practices of estimating, budgeting, deadline delivery and billing of photographic projects.

CREDITS: 3

DPH-351 ADVANCED STUDIO LIGHTING II

In this course, students are introduced to advanced applied photography problem-solving strategies to foster consistency in terms of style, lighting, craft camera technique, etc. Lectures, studio and location demonstrations, shooting assignments and critiques are utilized to foster the student's ability to assemble a professional applied photography portfolio.

CREDITS: 3

PREREQUISITE(S): DPH 311

DPH-353 ADVANCED PHOTOGRAPHIC FINE ART FORMS

This course continues the student's development in personal fine art photography through lectures, field trips and critiques. An emphasis is placed on the development of a personal artistic language through the introduction to photo sculpture, performance, installation, etc. Students are encouraged to explore nontraditional approaches to photography outside the two dimensional format.

CREDITS: 3

PREREQUISITE(S): DPH 210, DPH 251

DPH-358 ADVANCED DIGITAL PHOTO MEDIA

This course emphasizes creative image making using Photoshop, and other image-making software. Image output and an introduction to interactive environments including websites and CD-ROM are covered.

CREDITS: 3

PREREQUISITE(S): DPH 209

DPH-411 PHOTOGRAPHY THESIS PROJECT I

In this course, students must demonstrate proficiency in their specific area of photography by producing a cohesive portfolio. Each student works under the guidance of his or her chosen faculty mentor. A comprehensive description of the intended work schedule must be submitted by the student and approved by the mentor and the department chair. It is the student's responsibility to adhere to the agreed upon work schedule and meet with his/her mentor on a regular basis and to attend all group meetings and seminars.

CREDITS: 3

PREREQUISITE(S): DPH 313, DPH 351, DPH 353

DPH-451 PHOTOGRAPHY THESIS PROJECT II

This course is a continuation of DPH 411, Photography Thesis Project I. Students must demonstrate proficiency in a specific area of photography by producing a cohesive body of work. It is the student's responsibility to strictly adhere to the agreed upon work schedule and meet with his or her advisor on a regular basis and attend all group meetings and seminars which the advisor or department chair schedules.

CREDITS: 3

PREREQUISITE(S): DPH 411

DPH-475 PHOTOGRAPHY INTERNSHIP

Participation in an internship experience allows students to use classroom-learned skills in a related employment experience. Students must work a minimum of 135 hours over the course of the entire semester. To participate students must be of junior or senior status with completion of freshman and sophomore studios. Students must have a minimum cumulative GPA of 2.8. Seniors may not be eligible to participate in an internship during their final semester. Transfer students must have attended one semester at CCS in addition to meeting the other eligibility criteria.

PRODUCT DESIGN

DPR-113 VISUAL COMMUNICATION I

This course teaches students the principles of quick freehand design sketching, perspective, orthographic drawing and the basic principles of lighting and shading for manufactured products and artifacts.

CREDITS: 3

DPR-125 INTRODUCTION TO PRODUCT DESIGN

This course introduces students to the fundamentals of the design process. Students are exposed to social, economic and market needs, along with sustainable processes. Students should demonstrate a basic understanding of problem solving methodology and their application to user needs.

CREDITS: 3

DPR-126 PRODUCT DESIGN I

This course orients students to the fundamentals of the design process. Students develop projects focused on the product's aesthetic, function and branding.

CREDITS: 3

PREREQUISITE(S): DPR 125

DPR-213 VISUAL COMMUNICATION II

In this course, students learn to communicate their design work in a clear and effective manner. Advanced rendering techniques are explored with a focus on complex compositions, design elements, story-telling and presentation tools.

CREDITS: 3

PREREQUISITE(S): DPR 113

DPR-214 VISUAL COMMUNICATION III

This advanced visual communication course covers design visualization techniques. Emphasis is on developing the ability to efficiently communicate design ideas in a compelling way using various analog and digital methods.

CREDITS: 3

PREREQUISITE(S): DPR 113, DPR 213

DPR-220 DESIGN RESEARCH

This course develops student's understanding of the innovation process by highlighting the value of research/analysis and the importance of organizing and presenting information.

CREDITS: 3

PREREQUISITE(S): DPR 125

DPR-225 PRODUCT DESIGN II

This course covers the product development process based on exploring creative solutions to consumer and/or social needs. Students use the skills learned in supporting classes to convey design solutions in 2D sketches, 3D study models and finished models.

CREDITS: 3

PREREQUISITE(S): DPR 125, DPR 126

DPR-226 PRODUCT DESIGN III

This course covers the product development process applied to the common real-world problem of designing around simple package constraints. Students use the skills learned in supporting classes to convey design solutions in 2D sketches, 3D study models and finished models.

CREDITS: 3

PREREQUISITE(S): DPR 125, DPR 126, DPR 225

DPR-261 3D MODELING & RENDERING I

This course is an introduction to computer modeling. Students learn to translate their designs from a 2D form into a 3D digital environment.

DPR-262 3D MODELING & RENDERING II

This course teaches students the tools and processes involved in creating complex and visually compelling 3D digital models in the context of realizing product design solutions.

CREDITS: 3

PREREQUISITE(S): DPR 261

DPR-321 DESIGN SEMINAR

In this course, students develop a deep understanding of the design process through exposure to relevant case studies from different disciplines. Students learn from cultural and historical context and their influence on end products. Emphasis is placed on the generation of a personal statement on how they position themselves to be relevant to the design field.

CREDITS: 3

PREREQUISITE(S): DPR 214, DPR 262

DPR-325 ADVANCED PRODUCT DESIGN I

This course reinforces earlier teachings on the product development process and applies them to the major social and/or economic issues, which are heavily dependent upon research. Students use the skills learned in supporting classes to convey design solutions in 2D sketches, 3D study models and digital models and renderings. Many of these studio classes are sponsored by industry.

CREDITS: 3

PREREQUISITE(S): DPR 213, DPR 214, DPR 225, DPR 226

DPR-326 ADVANCED PRODUCT DESIGN II

This course reinforces earlier teachings on the product development process and applies the methodology to projects that emphasize the investigation of ergonomics and manufacturing methods. Students use the skills learned in supporting classes to convey design solutions in 2D sketches, 3D study models and digital models and renderings. Many of these studio classes are sponsored by the industry.

CREDITS: 3

PREREQUISITE(S): DPR 213, DPR 214, DPR 225, DPR 226

DPR-333 PRESENTATION TECHNIQUES

This course teaches students to build strategies for compelling presentation and self-branding. Students learn a variety of digital tools and utilize them to communicate their strengths and skills through powerful presentations and marketing collateral, which may include a resume, portfolio, website, blog, and videos.

CREDITS: 3

PREREQUISITE(S): DPR 213, DPR 214, DPR 225, DPR 226

DPR-334 DIGITAL TOOLS FOR PRODUCT DESIGN

This course teaches how to use digital tools to communicate design concepts and processes integrating a variety of software to produce compelling presentations.

CREDITS: 3

PREREQUISITE(S): DPR 213, DPR 214, DPR 225, DPR 226

DPR-335 EXPERIENCE DESIGN

Experience design combines elements of industrial design with environmental, experiential, brand identity, and interface design, to influence meaning and affect human behavior. Short-term projects could involve products, environments and events. Project considerations may include physical, cultural, psychological and informational design (along with a heavy dose of story-telling), and other elements that affect the overall quality of the user experience.

CREDITS: 3

PREREQUISITE(S): DPR 213, DPR 214, DPR 225, DPR 226

DPR-357 HUMAN FACTORS

This course covers research methods applied to human physical and behavioral characteristics with the objective of designing effective and safe products and environments.

CREDITS: 3

PREREQUISITE(S): DPR 225, DPR 226

DPR-361 3D MODELING & RENDERING II

This course teaches students the tools and processes involved in creating complex and visually compelling 3D digital models in the context of realizing product design solutions.

CREDITS: 3

PREREQUISITE(S): DPR 261

DPR-362 3D MODELING & RENDERING III

This course blends the previous digital modeling approaches taught in Modeling & Rendering with more advanced methodologies applied to parametric modeling tools. In addition, students learn how their digital models will be integrated into downstream processes such as engineering analysis, rapid prototyping and manufacturing.

CREDITS: 3

PREREQUISITE(S): DPR 262

DPR-371 SCIENCE & TECHNOLOGY

This course covers the fundamentals of materials and manufacturing processes relevant to mass production, with a specific focus on metals and plastics. Emphasis is placed on eco-design, and the adoption of sustainable materials and processes.

CREDITS: 3

PREREQUISITE(S): DPR 225, DPR 226

DPR-425 PROFESSIONAL DEVELOPMENT STUDIO I

This course is structured as an advanced concept studio. Students pursue a project in which they are required to explore ideas and produce advanced solutions and systems that push the boundaries of traditional product design.

CREDITS: 3

PREREQUISITE(S): DPR 325, DPR 326

DPR-426 PROFESSIONAL DEVELOPMENT STUDIO II

This course allows students to reinforce the product development process and apply it to projects and methodologies that support career opportunities. The work from the course becomes a capstone project in the student's portfolio.

CREDITS: 3

PREREQUISITE(S): DPR 325, DPR 326

DPR-475 PRODUCT DESIGN INTERNSHIP

Participation in an internship experience allows students to use classroom-learned skills in a related employment experience. Students must work a minimum of 135 hours over the course of the entire semester. To participate students must be of junior or senior status with completion of freshman and sophomore studios. Students must have a minimum cumulative GPA of 2.8. Seniors may not be eligible to participate in an internship during their final semester. Transfer students must have attended one semester at CCS in addition to meeting the other eligibility criteria.

CREDITS: 3

DPR-485 SPECIAL PROJECT 300/400

The Special Project class is offered on an occasional basis, with course content specific to the area being explored.

FALL 2016 SOLEOLOGY: FOOTWEAR DESIGN - In this course, students will develop a deep understanding of the footwear design process through multiple footwear projects. Students learn essential

footwear design skills, techniques and tech-packing final designs in preparation for sampling and manufacturing.

FROM CONCEPT DESIGNS TO CAPTIVATING PRODUCTS -This course teaches students the professional design and enhanced skills needed to fully develop, package and promote products for corporate clients.

CREDITS: 3

DPR-490 INDEPENDENT STUDY

Independent Study is available to students who are at Junior or Senior level standing with a cumulative grade point average of 3.00 or above. The student may receive approval to work in an area or on a project that is not otherwise offered or addressed in the regular curriculum. Students may receive credit toward graduation for no more than 6 credit hours. The student must submit to the chairperson of the department in which they wish to study, an Independent Study Proposal of 150 words (no less) of the student's plan for study and her/his reason for choosing to study independently. Once the department chairperson provides approval and the instructor for the Independent Study is determined, the faculty member must write an Independent Study Syllabus with educational goals, learning outcomes, meeting dates, course expectations, timelines and due dates.

CREDITS: 3

DPR-505 AICAD EXCHANGE

Through the College's affiliation with the Association of Independent Colleges of Art and Design, junior or first-semester senior students in good academic standing have the opportunity to spend a semester (fall or winter) or full year studying at another member institution in the United States or abroad. Application information is available in the Academic Advising and Registration Office.

CREDITS: 12 - 18

DPR-515 STUDY ABROAD

Junior or first-semester senior students in good academic standing have the opportunity to spend a semester (fall or winter) or a full year of study at an accredited institution abroad. Information is available from International Student Services.

TRANSPORTATION DESIGN

AUTOMOTIVE

DAU-307 AUTOMOTIVE DESIGN STUDIES

This course focuses on the design of a vehicle's interior and exterior and looks in-depth at the many complex elements that are inherent in these products; project theme will vary by semester. The deliverables for this studio will consist of a product plan, sketches and high quality renderings. The students select their own vehicles to design.

CREDITS: 3

DAU-320 JUNIOR AUTOMOTIVE DESIGN STUDIO

This course covers design principles, drawing, rendering techniques and clay modeling for students concentrating on pursuing a career in automotive design or the design of automotive industry related products. Projects sponsored by automotive industry companies are a regular part of this course. Projects cover both the exterior and interior designs of vehicles.

CREDITS: 3

PREREQUISITE(S): DTR 202, DTR 221, DTR 231, DTR 233, DTR 257

DAU-321 JUNIOR AUTOMOTIVE DESIGN STUDIO

This course covers design principles, drawing, rendering techniques and clay modeling for students concentrating on pursuing a career in automotive design or the design of automotive industry related products. Projects sponsored by automotive industry companies are a regular part of this class. Projects cover both the exterior and interior designs of vehicles.

CREDITS: 3

PREREQUISITE(S): DAU 320

DAU-357 HUMAN FACTORS

This course covers methods of researching and applying information about human physical and behavioral characteristics in order to design safer and more effective products and environments.

CREDITS: 3

PREREQUISITE(S): DTR 232, DTR 233

DAU-420 SENIOR AUTOMOTIVE DESIGN STUDIO

This course undertakes major projects lasting one semester each. The design development process involves a product plan, technical specification, sketches and a finished model. Sponsored projects by automotive companies and automotive component suppliers are a regular part of this class.

CREDITS: 3

PREREQUISITE(S): DAU 321

DAU-421 SENIOR AUTOMOTIVE DESIGN STUDIO

TRANSPORTATION**DTR-113 VISUAL COMMUNICATION I**

In this course, students are instructed how to express their design ideas in a concise, compelling and efficient way. Emphasis is on dry media such as pen, markers and colored pencils. The importance of accurate perspective and clear rendering of form is stressed.

CREDITS: 3

PREREQUISITE(S): DTR 125

DTR-125 FRESHMAN TRANSPORTATION DESIGN STUDIO I

This course orients students to the fundamental design process used by transportation designers. Problem identification, concept development, ideation sketching, form development, orthographic projection and mock-up building are introduced. Students will develop and practice a basic understanding of the methodology used in transportation design.

CREDITS: 3

DTR-126 FRESHMAN TRANSPORTATION DESIGN STUDIO II

The course focuses the process on more specific design problems. Transportation studio emphasizes the importance of understanding proportion and the aesthetics of innovation form; special emphasis is also placed on the ability to efficiently communicate ideas in 2D sketches. This course emphasizes the importance of creativity, idea generation and visual communication.

CREDITS: 3

PREREQUISITE(S): DTR 125

DTR-201 VISUAL COMMUNICATION II

This course covers advanced industrial design 2D visualization techniques for sophomore-level transportation design students.

CREDITS: 3

PREREQUISITE(S): DTR 113

DTR-202 VISUAL COMMUNICATION III

This advanced visual communication course covers many traditional and digital design visualization techniques. Emphasis is on developing the ability to efficiently communicate design ideas in a convincing manner using perspective, color, value and lighting to define form.

CREDITS: 3

PREREQUISITE(S): DTR 201

DTR-221 DESIGN THEORY I

This course helps students understand the complexity of the design process with exploration and ideation methodologies. Written, verbal and graphic presentation techniques are used to develop design concepts. Emphasis is placed on the generation of ideas and concepts. Students then focus on a design problem or opportunity and communicate a solution.

CREDITS: 3

PREREQUISITE(S): DTR 113, DTR 125, DTR 126

DTR-222 DESIGN THEORY II: MOBILITY

Building on concepts introduced in Design Theory I, students will begin to understand transportation design solutions in the broader context of the public sphere. Emphasis is placed on the research and understanding of complex systems of various mobility scenarios including and in addition to the automobile. Written, verbal and graphic presentation techniques are used to develop design concepts. Students then focus on a design problem or opportunity and communicate a solution.

CREDITS: 3

PREREQUISITE(S): DTR 221

DTR-231 3D MODELING & RENDERING I

This course introduces orthographic drawing on the computer leading to basic 3-D computer modeling and rendering. It is extremely important that Transportation Design students comprehend the principles of orthographic projection.

CREDITS: 3

PREREQUISITE(S): DTR 126

DTR-232 SOPHOMORE TRANSPORTATION DESIGN STUDIO

This course covers design principles, drawing, rendering techniques and clay modeling for students concentrating on pursuing a career in transportation design or the design of transportation industry related products. Projects sponsored by transportation industry companies are a regular part of this course. There are projects covering both the exterior and interior designs of vehicles.

CREDITS: 3

PREREQUISITE(S): DTR 126

DTR-233 SOPHOMORE TRANSPORTATION DESIGN STUDIO

This course covers design principles, drawing, rendering techniques and clay modeling for students concentrating on pursuing a career in transportation design or the design of transportation industry

related products. Projects sponsored by transportation industry companies are a regular part of this course. There are projects covering both the exterior and interior designs of vehicles.

CREDITS: 3

PREREQUISITE(S): DTR-126

DTR-257 HUMAN FACTORS

This course explores the areas of human factors/ergonomics as it applies to industrial design. Students are shown the importance of user centered design as a basis for successful design solutions. Areas covered include research and proper utilization of human dimensional data, cognitive functions, environmental considerations, and the human machine interface.

CREDITS: 3

PREREQUISITE(S): DTR 221

DTR-285 SPECIAL PROJECT

The Special Project class is offered on an occasional basis, with course content specific to the area being explored.

CREDITS: 3

DTR-302 VISUAL COMMUNICATION IV

The class will begin with an introduction to the basic tools of a specific digital visualization program including supporting hardware such as digital drawing tablets. A series of initial assignments will focus on forms using lighting, reflections and color to define the forms with digital tools. The second series of assignments will involve rendering increasingly more complex forms. The final half of the semester will be spent completing renderings to support the student's studio class.

CREDITS: 1.5

PREREQUISITE(S): DTR 202, DTR 221, DTR 231, DTR 233, DTR 257

DTR-303 VISUAL COMMUNICATION V

This is an intermediate level digital visual communication class with an emphasis on developing an efficient technique for creating concise visualization of your design proposals using digital tools. Rendering form, lighting, reflections and color using the digital pen on LCD monitor tablets and conventional digital drawing tablets will be covered. Beginning assignments will explore the options available in these tools. The course will also cover the 2D sketching program imbedded in math modeling software. The final half of the semester will be spent completing renderings to support the student's Studio class.

CREDITS: 1.5

PREREQUISITE(S): DTR 302

DTR-304 PORTFOLIO DEVELOPMENT

This course develops a student's ability to package their collective body of work into a family of marketing tools representing their abilities as a designer. The course focuses on the review, analysis, preparation and/or improvement of the student's portfolio. Based on faculty assessment and personal goals, students will develop mechanisms to pursue employment in the professional market. These would include resume, websites, print, communications, and other appropriate personal marketing material.

CREDITS: 1.5

PREREQUISITE(S): DTR 202, DTR 221, DTR 231, DTR 233, DTR 257

DTR-305 VEHICLE SYSTEMS AND PACKAGING

This course introduces students to the application of Vehicle Packaging and Systems Design as an important element of modern vehicle design work. Topics covered include applied vehicle packaging, occupant packaging, safety and electrical systems, powertrain, chassis, as well as the engineering sciences of aerodynamics and manufacturing/assembly.

CREDITS: 1.5

PREREQUISITE(S): DTR 126

DTR-307 AUTOMOTIVE DESIGN STUDIES

This course focuses on the design of a vehicle's interior and exterior and looks in-depth at the many complex elements that are inherent in these products; project theme will vary by semester. The deliverables for this studio will consist of a product plan, sketches and high quality renderings. The students select their own vehicles to design.

CREDITS: 3

DTR-320 JUNIOR VEHICLE DESIGN STUDIO

This course covers design principles, drawing, rendering techniques and model construction for students concentrating on pursuing a career in transportation design or the design of transportation industry related products. Projects sponsored by transportation industry companies are a regular part of this class. There are projects covering both the exterior and interior designs of vehicles.

CREDITS: 3

PREREQUISITE(S): DTR 202, DTR 231, DTR 257, DTR 233

DTR-321 JUNIOR VEHICLE DESIGN STUDIO

This course covers design principles, drawing, rendering techniques and model construction for students concentrating on pursuing a career in transportation design or the design of automotive industry related products. Projects sponsored by transportation industry companies are a regular part of this class. There are projects covering both the exterior and interior designs of vehicles.

CREDITS: 3

PREREQUISITE(S): DTR 320

DTR-361 3D MODELING & RENDERING II

In this course, students learn to utilize a 3-D software package. Students create basic objects, display and render models, export and import models and modify objects.

CREDITS: 3

PREREQUISITE(S): DTR 202, DTR 221, DTR 231, DTR 233, DTR 257

DTR-362 3D MODELING & RENDERING III

This course introduces students to advanced 3D modeling and rendering techniques using ALIAS software on the Silicon Graphics platform. The class expands the student's knowledge of nurb tools, extrusions, patches, skinning and surface treatments. Models are rendered using full-color palettes, multi-source lighting and texture mapping. Basic animation is covered to prepare the student for advanced skills.

CREDITS: 3

PREREQUISITE(S): DTR 361

DTR-366 CLAY MODELING I

In this course, students learn the foundation skills, techniques and related tools to effectively make a clay model through the model making process. Orthographic drawings and templates are also utilized.

Students are expected to complete a sketch interpretation project where they will build a 3D clay model from a 2D sketch.

CREDITS: 3

DTR-367 CLAY MODELING II

Using techniques already learned in Clay Modeling I, with additional training in methods and techniques, students will create a 1/3 scale automobile. They will work from images/diagrams and will be required to create their own orthographic drawings and templates. Students are expected to work through the designer directive process and learn to effectively make changes to their model.

CREDITS: 3

DTR-371 SCIENCE & TECHNOLOGY

This course covers the fundamentals of materials and manufacturing processes. Mass production methods in metal and plastic are the focus, including the fabrication of individual parts and the assembly of completed products. Students are taught a basic understanding of the limitations and possibilities of

modern manufacturing methods.

STUDENT AFFAIRS PROGRAMS

SLP 007 CCS FIRST YEAR EXPERIENCE

This course is designed to help acclimate new students to campus culture, academic expectations and life as a college student. The course strives to equip new students with the skills needed to be successful students and artists/designers while providing the support needed to meet the challenges set before them by CCS. Students are expected to participate in class, set goals for their semester, experience campus and city life. Topics for this course will include career exploration, transitioning into college life, technology on campus, and presentation skills. The course will also strive to assess student strengths and weaknesses relative to college success and to act as a support system.
